Dear Mr Sisulu

CAPE TOWN 2004 OLYMPIC BID CONVOCATION AND COMMISSIONS

Cape Town's bid to host the summer Olympic Games in the year 2004 is well advanced as a result of a major effort over the past six months in preparing the plans for sports facilities and infrastructure enhancements, and translating them into realistic budget figures. A comprehensive programme for the television and broadcast requirements is in hand. Task teams are working on the wide range of elements which hope to be covered comprehensively for inclusion in the Candidature File (commonly known as the "Bid Book"), which will represent South Africa's formal offer to host the Games and which has to be filed, with those of Cape Town's competitors, by August 14, 1996 at the offices of the IOC in Lausanne.

The full list of bidding cities for 2004 is Cape Town, Puerto Rico, Rio de Janeiro, Buenos Aires, Seville, Lille, St Petersburg, Stockholm, Rome, Athens and Istanbul.

The Bid is working closely with departments of the South African Government and the three tiers of government in the Western Cape to compile, match and agree the components of the Bid Book that relate to each of them. This process will continue through April and into May.

The Board of the Bid is now anxious to get in place the Convocation of the Bid which has been provided for in its Articles of Association and the three commissions to be created by the Convocation - Environment, Finance and Reconstruction and Development (RDP).

The function of the Convocation is to emphasise the national and Pan-African nature of our bid. It would inform important stakeholder representatives of the progress on the Bid, provide such representatives with an opportunity to discuss any concerns and to consolidate the support of Convocation members for the Bid.
