Cde N Ngakane
Marondera District
Zimbabwe

Cde NomaThuli,

The education department has asked me to forward the following information to you concerning our little soul who has been granted scholarship.

1. She can proceed for ther studies at any time.
2. She will spend one year in SOMAFCO.
3. Cde Pila Pola has a suggestion that you ask for permission from the Head Quartess to visit SOMAFCO.
4. The other little souls are welcomed too in SOMAFCO.

In addition I have received a circular to the effect that all South Africans students wanting to do their Secondary Education are welcome in SOMAFCO.

QUOTET

The NEC, reviewing the progress of the SOMAFCO building Project, and the progress that has been made in other aspects towards firmly establishing SOMAFCO, DECIDED that the time has come that all children attending school at Secondary Level, studying outside South Africa should be enroled at SOMAFCO.

Accordingly, the Department of Education of the African National Congress requests that all parent s and individuals affected contact the Secretary for Education in Lusaka so as to ensure the smooth implementation of NEC's directive.

Keep well, Keep strong.

Your brother and comrade

J. D. Kuzwayo
Chief Representative
