Dear friends, 1988,11,29

Thank you very much for your message congratulating our Plenary Meeting on the occasion of 35th anniversary of the foundation of FUDANREN.

Your message was introduced to the participants of the Meeting, and your thoughtfulness and good wishes are very much appreciated.

At the Meeting we had very much fruitful discussion on our tasks taking for the coming two years. First of all we have to strengthen our struggle against the consumption tax which Japanese Government is aiming to introduce. 65 percent of the people are against the consumption tax and only 16 percent approve it.

We have to expand and raise our voices to demand to elucidate the suspicion on the Minister of Finance and the Parliament members including the Socialist Party of Japan, Komei Party and the Democratic Socialist Party. Our important task is widely mobilize the women on the Japan-US Military Alliance which has affected the life and living of Japanese people.

We, Japanese women will continue our solidarity campaign to the women and children suffering under repression, hunger, and also to the women who are fighting against Apartheid and US imperialism for justice and democracy.

We will work more powerfully to collect the signatures on Appeal from Hiroshima and Nagasaki from all over the world. We sincerely ask you to help us in cooperation with the campaign which has been decided at the 9th Congress of the HIUF.

Dear friends,

We highly value the fine relationships we maintain with you and we believe that our common struggle for the nuclear-free world will afford us more opportunities to work closely with you.

With our sincere thanks for many courtesies.

Hoping your work and struggle success,

yours sincerely,
