Dear Sir & Madam

Re; 68 025 03 223080

I refer to the above agreement and the call by our local
representative regarding an arrears situation of Â£240.28.

I note on file that you had unhappy problems within your
family and as such note that you intend paying an item
during November and December and in January you would be
bringing your account back in line.

I would point out that the missing payments are as follows;

the October rental of Â£120.14 and the December rental of
Â£120.14 both due on the 3rd of the month. I note that you
have made a payment during November and look forward to
a similar payment of Â£120.14 being made during December,
when the January 3rd rental is due I should be pleased
if you would forward this direct to Manchester advising
me of your intention regarding the further payments and
obviously any problems before the account is brought back
in line.

Yours faithfully

J Hardcastle
