The Officer Commanding

HARARE

Dear Comrade

SECHABA PATIENCE KHACHA

The above-named has expressed a desire to join the African National Congress (ANC). He has earlier been a member of the Black Consciousness Movement of Azania (BCMA) and has been based in Harare. This information is on the basis of an interview he has given to the structures of the ANC's President's Office in Harare.

It seems that the BCMA authorities are making it difficult for Sechaba Khacha to exercise the right to choose which organisation he wants to belong to. I bring this to your notice in case the situation takes a turn for the worse. Otherwise the undersigned has no objection to Sechaba joining the ANC.

Yours comradely

MAX MLONYENI
CHIEF REPRESENTATIVE
