YOUTH CENTRE

MEMO

Re.Cde. Thutso (Nursery)

The administration here approached the Housing Department in connection with the above comrade. Comrade Thuso has been deployed in the Nursery sometime in April. Comrade Enos and the Housing Officer tried to bring to the attention of this comrade and the head of department that accommodation for this comrade is presently not available.

Now the Youth Centre administration has again approached the Housing Officer to request that this comrade be found alternative accommodation. It was agreed in the Housing Committee meeting that the number of beds in the youth centre will be reduced and no comrades will be put there anymore.
