RE: INSTITUTE FOR AFRICAN ALTERNATIVES

We have received a message copy of which is enclosed. The Director of the Institute for African Alternatives (IFAA) based in Johannesburg has asked our Government to sponsor their name for an international award.

We know very little about this Institute---in fact, nothing.

Before our Head of State can respond to their request, we would be grateful for your advice on the matter.

The office of our President would appreciate an urgent reply as you can see from the letter.

You 3 sincerely,

JLL
