Not so long ago, Voreter's National Party celebrated 25

years of unbroken rule over our country and its black millions.

To them, these celebrations

provided occasion for a triumphant  
reaffirmation of the indestructability of white

domination}

'Equally, those celebrations

provided occasion

for us to

take eteck of our positione, to look to the

and to

rededicate ourselves to the task of destroying the regime of
