Dear Comrades,

I have received a letter from Ann Nicholson in which she explains the extremely valuable work which is being done there by the FSAC Box 7689, Station A. Edmonton. Alberta. In her letter she makes the pretty strong suggestion that when arrangements are being made for our delegation to tour Canada, that this organisation should be approached in order to make the arrangements there. I have looked at their minutes and judging by the work they are doing it would appear that they are pretty active and have tremendous potential, perhaps you will be good enough to go into this question and see what you can do about it.

With best wishes,

Yours sincerely,

Reg September

*P.S. I've just received letter directly from F.S.A.C.
Offering full co-operation.*
