Dear comrades,

We need to place on record the ANC's deep appreciation for the complete solidarity you have shown in smoothening the way towards the opening of our Office.

We are referring to the provision of office space and facilities while our office was being prepared for occupation. This assistance was invaluable.

We also thank you for the gift of 500 FIM presented on the day of our official opening as well as your presence at the reception which contributed to the fine success of this event.

We look forward to our continued fraternal co-operation and understanding in the pursuit of our common goals of freedom and social justice.

Our warmest greetings to all members of SDNL.

AMANLA !!
