The following are still waiting for responses to their scholarship placement: Tanda, Wandile, Mandla, Stephen. Presently they are deployed to other sectors. If their applications have not been successful, I appeal through you that they be found alternative accommodation. They can not be in the dormitories for long.

Ephraim Ramodika (TNT): He is now deployed to the ANC/Holland hospital. Can arrangements be made that he goes to the Youth Centre.

I need not explain the views of Comrade Henry on maintaining SOMAFCO as an educational institution.
