INSTRUCTIONS

On admission each pupil must be allocated an admission number. Admission numbers must follow consecutively. Every time a pupil is re-admitted, he must be given a new admission number. This new number must be entered in red next to or above the pupil's previous admission number and his previous admission number must also be entered in red in the space next to or above the new number for cross-reference. In the alphabetical index the pupil's new admission number must be entered in red in the space of his/her previous admission number.

The register must be completed in every detail.

Every pupil's name must appear in the alphabetical index.

The full admission number must be entered at the top of each page and, thereafter, at every complete 10. In other cases only the unit figure should be recorded.

Dates must be written as follows: 1982/03/14.

For the name of the pupil's parent, only the initials of the first name(s) must be entered except where the surname differs from that of the pupil when the surname also must be entered.

In the column 'Class or Standard to which admitted' insert an Sp if the pupil is admitted to a Special class.

A pupil's progress through the school must be indicated as follows:

- (i) Class i to Std IX
 - (a) A pass (including promotion to Lower Grade):
by entering the year only;
 - (b) A failure: by entering an X, and the year, in RED;
 - (c) Transfer to a Special class by inserting Sp and the year.
 - (ii) Standard X
- By inserting
- (a) S, for a pass in the Senior Certificate;
 - (b) SM, for a pass in the Senior Certificate with Matriculation Exemption.

It is the personal responsibility of the Principal to ensure that the Admission Register is kept up to date.

VOORSKRIFTE

By toelating moet 'n toelatingsnommer aan elke leerling toegeken word. Toelatingsnommers moet opeenvolgend wees. Elke keer as 'n leerling hertoegelaat word, moet 'n nuwe toelatingsnommer aan hom toegeken word. Hierdie nuwe nommer moet met rooi langs of bokant die leerlinge se vorige toelatingsnommer aangebring word en sy vorige toelatingsnommer moet ook met rooi in die ruimte langs of bokant die nuwe nommer aangebring word ten einde kruisverwysing te vergemaklik. In

die alfabetiese lys moet die leerling se nuwe toelatingsnommer met rooi aangebring word in die ruimte waar sy/haar vorige toelatingsnommer verskyn.

Die register moet in al sy besonderhede voltooi word.

Elke leerling se naam moet op die alfabetiese lys verskyn.

Die volledige toelatingsnommer moet bo-aan elke bladsy geskryf word en daarna by elke voltooië 10-tal. In ander gevalle moet slegs die eenheidsyfer geskryf word.

Die datums moet soos volg geskryf word: 1982/03/14.

Betreffende die naam van die leerling se ouer, moet slegs die voorletters van die voornaam (name) ingeskryf word, behalwe waar die van anders is as dié van die leerling. In so 'n geval moet die van ook ingeskryf word.

In die kolom "Klas of Standaard waarin toegelaat" moet "Sp" ingeskryf word indien die leerling tot "Spesiale klas" toegelaat word.

Dit is die leerling se vordering deur die skool soos volg aan:

- (i) Klas i tot St. IX
 - (a) Slaag (bevordering tot die Laer Graad ingesluit): deur slegs die jaar in te skryf;
 - (b) Druip: deur "X", en die jaar met ROOI in te skryf;
 - (c) Oorgeplaas na "Spesiale klas" deur "Sp" en die jaar in te vul.
- (ii) Standaard X
 - Met "X"
 - (a) S, indien in die Senior Sertifikaat geslaag;
 - (b) SM, indien in die Senior Sertifikaat met Matrikulasievrystelling geslaag.

Dit is die persoonlike verantwoordelikheid van die Skoolhoof om toe te sien dat die Toelatingsregister getrou bygehou word.
