From the above inventory of the attendance of the committee members, the chairman noted that the Adult Education Committee members do not attend the meetings regularly. This impedes the programme and activities of Adult Education. Because:-

. 1)The heart of our organisation its driving force is the committee which does its thinking and planning and directs its activities.

2)In order to ensure that the adult community of the A.N.C. advance educationally, it was recommended that the adult education committee should be representative of all sections of our community in Mazimbu. So as to make decisions i.e. to take those steps that are needed for a number of people to unify their thinking so that we make this year of United Action? And we speak as one.

The meeting opened at 7.25 p.m.
