Dear Comrade Walter,

The DIP would like to second Comrade Kumi Naidoo, presently head of Sached's outreach programme, to work with us from now until the elections. Comrade Kumi has agreed.

However, we need a letter requesting such secondment or release, explaining the importance of us strengthening our capacity and effectiveness, and that we would greatly appreciate their releasing Kumi Naidoo as soon as possible.

Can you do a letter to Sached, making such a request? They want a formal request and we feel it would be more effective coming from you.

Please do not hesitate to contact me if you have any queries.

Amandla!

Marcus
