DATUM

Dear Ms Carolus

Thank-you for accepting our invitation to visit Groote Schuur Hospital and to discuss the proposed Academic Health Complex formation and related Issues. Red Cross Memorial Hospital will be the other major tertiary hospital within the complex and for that reason should be included in the visit.

We would like to suggest the following programme, within the limited time available, but any further requests or suggestions would be most welcome.

Date : 4 May 1993

Time : 10:30

Venue: Meet at Reception area, Main Entrance

New Main Building

Groote Schuur Hospital

10:30 : Welcoming address by Professor G. Everingham (Chairman of the Academic Health Complex Board) and Dr J. Kane-Berman (Chief Medical Superintendent) :

Organisational and functional Perspectives.

11:15 : Tour of selected hospital departments.

e.g. Outpatients

Orthopaedics/General Surgery

Renal Transplant Unit

Other units on request.

12:30 : Address by Dr J. Kane-Berman and Professor G. Everingham :

1) Financial Aspects

2) Proposed Legislation

 . "mg. . . . _ ,5... _.....__m.-

-2.

Question and Answer Session.

Light Lunch.

Informal Discussion.

14:00 : Depart for tour of Red Cross Memorial Hospital.

We hope that this will be the first of an ongoing series of meetings and consultations, and

the beginning of a closer working relationship between the A.N.C. and health care providers at all levels at Groote Schuur and Red Cross Hospitals.

We suggest that time during a second meeting should be devoted to discussion with representatives of Unions and Personnel Associations. This will allow the A.N.C. delegation time to consider the Academic Health Complex Proposals. Furthermore, at least 2 of the Unions active at Groote Schuur are currently involved in restructuring, and

discussions would probably be more productive once this is completed.

Parking will be provided for your delegation in the forecourt of the Old Main Building, outside the main entrance to the hospital. To facilitate this, as well as catering, it would be

helpful if you could let us know approximately how many representatives we should expect.

We look forward to a mutually informative meeting.

Yours sincerely

W/WMM

Dear Tim

DOCUMENT ON LABORATORY SERVICES

I enclose a copy of the promised document. The original has gone to John Kalk. It clearly
is only the start of the process and as indicated I am very willing to get more involved,
so

I shall wait to hear from you or John.

Kind regards

Yours sincerely

PRO SOR J VAN DEN ENDE
