Dear Comrade John,

We acknowledge with thanks receipt of your letter dated 12/12/83, together with copies of letters addressed to Comrades Mkgothi, Tony, Seedat, Antonio Mongalo and the Solidarity Committee of GDR, and wish to advise that all requisitions from your end should be done in an organised manner.

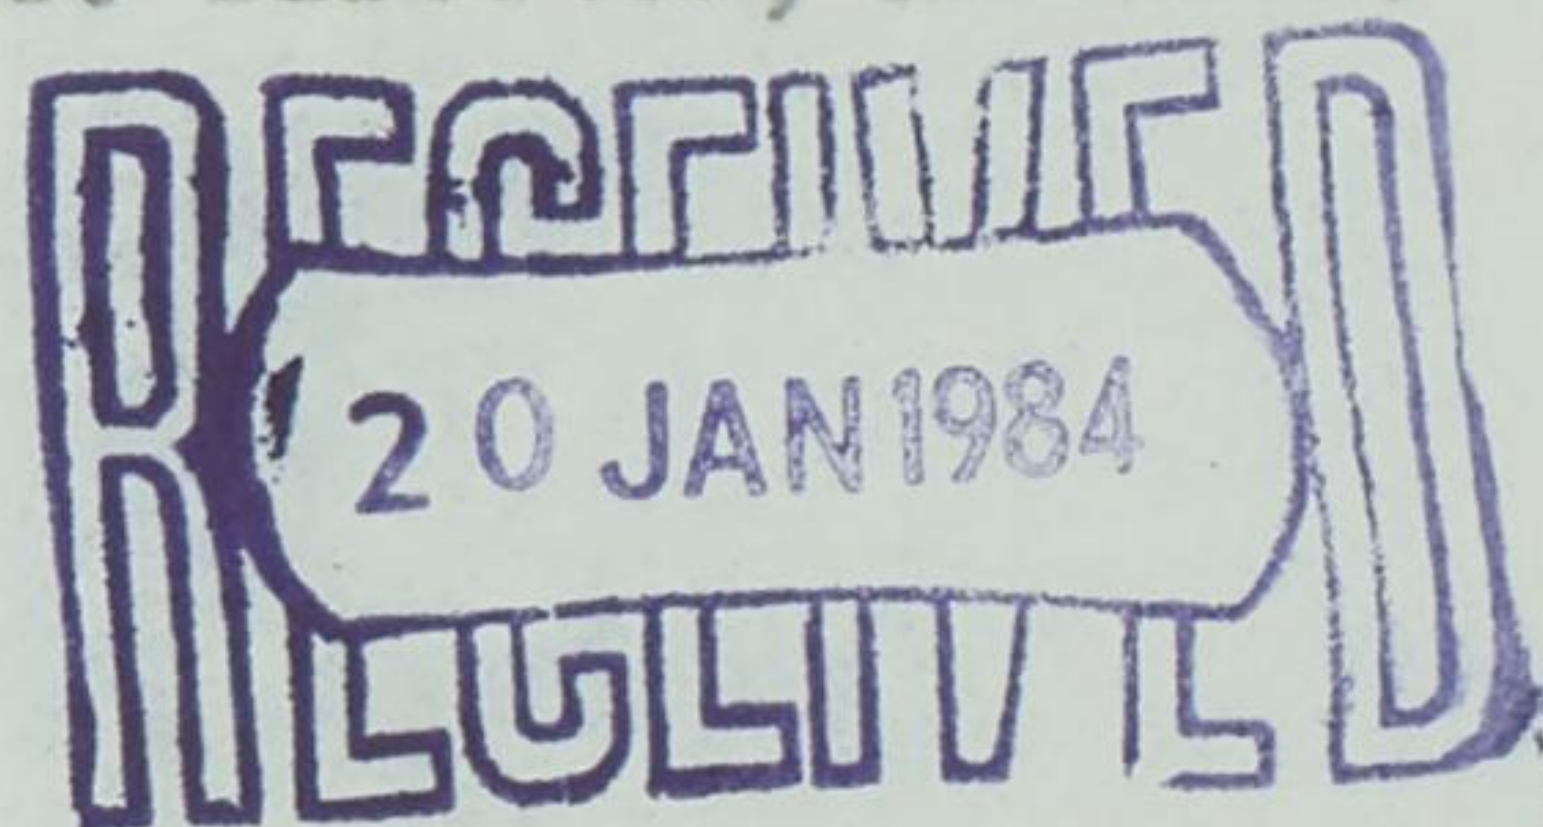

Please note that all project proposals you might have in mind, should be channelled through Headquarters, projects department, who will in turn prepare a project write up for presentation to the respective Donors. Direct communication on such matters with Donors or our Chief Representatives is definately not in line with our policy.
