CIRCULAR TO ALL DIP UNITS

Dear Comrades,

1. Please be informed that comrade Reuben Xaba (Don Ngubeni) is being appointed Director of our Radio Freedom stations with effect from January 1st 1983.
2. His tasks shall be to head and co-ordinate all questions related to Radio Freedom within and outside the Department of Information and Publicity. Henceforth therefore, all communications connected with our radios task should be forwarded directly to him.
3. Although he will now and again be having on - the - spot missions in various Radio Freedom stations, he is based at HQ and by virtue of his very important and immense task, a member of our HQ Committee.
4. We urge you to render him all necessary assistance, advice and co-operation in order to ease the execution of his tasks.
5. Comrades, the role of the DIP, all its staff and units (which urgently need matching re-organisation) stand exactly in the centre of the 1983 challenge and test of our National Liberation Movement. We dare not fail the people! Year 1983 therefore promises each and everyone of us in DIP nothing less and nothing else but more intensive, ceaseless and sleepless toil as our tasks begin now to begin others - drawing water and watering the dust of the hard vast soil to the great heights ahead. We have no choice but to win in this bitter and just struggle, for a just peace and prosperity for all our people.

Forward to a People's Government, and in our life - time!

Amandla ngawethu! Maatla Ke a rona!

Sizakele Sigxashe

D.L.P. Secretary.

29th December, 1982.
