## **DISTINGUISHED TEACHERS' AWARD OF THE UNIVERSITY OF KWAZULU-NATAL**

### **Ms Kerry Frizelle**

Ms Kerry Frizelle is being recognised for the Distinguished Teachers' Award of the University of KwaZulu-Natal, in part for her outstanding delivery of a service learning module on HIV/AIDS in the School of Psychology. Her teaching portfolio showed a deeply reflective approach in a very sensitive area with an exemplary approach to integrating HIV and issues of sexuality. In particular the creativity and caring with which the teaching and learning were handled was impressive. The distinguishing feature commended by the award panel was the way in which she straddled community engagement and teaching through this module on HIV/AIDS, which had been gradually built up over time. Gaining very positive student evaluations and securing funding for the module

through external evaluation of the module demonstrates its success and makes Ms Frizelle's remarkable efforts worthy of recognition by the university.

In addition to excellent module delivery, Ms Frizelle has supervised honours students and most importantly, published with them, a significant accomplishment for an academic at a lecturer level at UKZN.

**HONORARY GRADUAND  
OF THE UNIVERSITY OF KWAZULU-NATAL**

Doctor of Literature (*honoris causa*)

**Reverend Jesse Louis Jackson Sr.**

Over the past 40 years the Reverend Jesse Louis Jackson, Sr. has played a pivotal role in virtually every movement for empowerment, peace, civil rights, gender equality, and economic and social justice.

Reverend Jackson began his activism as a student in 1960 seeking to desegregate the local public library in Greenville. He has founded various organisations to promote social justice and economic empowerment for the disadvantaged, and continues to be a leading advocate for a variety of public policy issues. He has a strong commitment to youth and has been a consistent and vigorous supporter of the labour movement.

Reverend Jackson's two presidential campaigns broke new ground in U.S. politics and inspired millions to join the political process. His 1984 campaign registered over one million new voters and helped the Democratic Party regain control of the Senate. His 1988 campaign registered over two million new voters and helped boost hundreds of state and local elected officials into office.

Reverend Jackson played a prominent role in the international anti-apartheid struggle. During his presidential campaigns he demanded a new foreign policy towards South Africa and called for sanctions.

A hallmark of Reverend Jackson's work has been his commitment to youth. He has visited thousands of high schools, colleges, universities and correctional facilities encouraging excellence, inspiring hope and challenging young people to study diligently and stay drug-free. He has focused on building strong ties between institutions of higher learning.

A renowned orator and activist, Reverend Jackson has received numerous honours for his work in human and civil rights and for nonviolent social change.

The University of KwaZulu-Natal honours Reverend Jackson with the award of Doctor of Literature *honoris causa* for distinguished achievements in the advancement of social justice.

# The Graduation Ceremony

The graduation ceremony has a long history and is steeped in tradition. It dates back to the establishment of the first universities in Europe in the 12<sup>th</sup> century.

## The Chancellor

“Chancellor” is an office that goes back to Roman times: the original chancellor or *cancellarius* (as the office was known), regulated access to the Roman Tribune. In medieval times, the office became associated with the heads of writing departments of the early kings. Because so few people were literate, a chancellor was necessarily learned. This is why the heads and spokespersons of the early universities were also accorded this title. More recently the office has become largely symbolic and the executive head of a university is its Vice-Chancellor. One of the Chancellor’s primary roles is to confer degrees at the graduation ceremonies.

Dr Zwelini Mkhize is the second Chancellor of the University of KwaZulu-Natal. His predecessor is Dr Frene Ginwala (2005-2009).

## The Mace

The University of KwaZulu-Natal Mace was designed and executed by local sculptor Mr Zamokakhwe Gumede and is carved from an indigenous wood, Drakensberg bottlebrush (*umBande*), gathered from the artist’s home near Bergville.

The head of the Mace is made up of three opened book-like forms, suggestive of scholarship but also of the massive landscape forms of our province, onto each of which is placed a ruler, a pen and a pencil. These refer respectively to the scientific and computational, the text-based and the creative sides to the University’s work. Below this are an encircling set of heads, representing the diverse University community. The whole is surmounted by an alighting secretary bird (*iNtunguno*), an elegant and active bird found throughout the province and equally at home on land or in the air. At the foot of the Mace is a hoof-like shape, giving a sense of contact with the soil of Africa.

The carrying of the mace in procession symbolizes the University’s status as a degree awarding institution.

## Academic Dress

The wearing of gowns by judges, ministers, teachers and scholars is an ancient and significant custom. By wearing a gown when receiving their degrees and diplomas, the graduating student participates in this long tradition and joins hands with students past and present.

The hood conveys the most amount of information with the addition of braid or coloured linings differentiating the different qualifications. The colour of the band or hood lining represents the Faculty, each of which has its own colour.

## Convocation

After being capped by the Chancellor, each graduate moves across the stage and hands the hood to the Robing officer who represents the Convocation of the University. The Robing officer places the hood upon the graduate’s shoulders and, in so doing, symbolizes acceptance into the Convocation of the University of KwaZulu-Natal, the statutory body which links graduates of the University and through which graduates have the opportunity to play a continuing role in the affairs of the University.

## The University Logo

The University Logo is a powerful visual symbol through which the University projects an image of excellence. In addition, it emphasises the University's standing and integrity within the province of KwaZulu-Natal and within the academic and business communities, at home and abroad and provides an identity around which internal stakeholders – staff and students – unite.

The African shield symbolises the protection of our most valuable assets, namely, education, culture and, by extension, African Scholarship. The globe with multi-coloured rays epitomises a rising sun, a new beginning and acts as a symbol of enlightenment.

Further, the globe represents the University as a global player, producing world-class graduates, while the multi-coloured rays embody diversity – race, culture, language – as well as social values. The book/wave/wings, which underscore the visual, represent the foundation of knowledge, the spirit of the eastern seaboard, and soaring to new heights.

The circular format of the Centenary Logo suggests unity and simulates a globe, representing UKZN as a world class university. The entire structure mirrors a coat of arms. Coats of arms are used to identify a community/family. The University is a community and 'family' within itself.

The University logo represents a University that is rooted in and responsive to Africa's unique qualities, challenges, diversities and strengths, while, at the same time, nurturing and protecting African Scholarship.

## Celebrating 100 years of Academic Excellence

The University of KwaZulu-Natal (UKZN) will be celebrating 2010 as the centenary of academic excellence in the province of KwaZulu-Natal.

This marks the rich tapestry of varied history from the University College, Bechet College, Salisbury Island-University College, Medical School, Edgewood College, Pietermaritzburg, Howard College and later the University of Durban-Westville.

In January 1910, the Natal University College in Pietermaritzburg was established with 57 students – 49 men and 8 women operating from Maritzburg College.

Eight professors formed the staff of the College in 1910: Professors of Classics; Chemistry and Physics; Botany and Geology; English and Philosophy; Pure and Applied Mathematics; Zoology; Modern Languages and History; and Law. Undergraduates in 1910 paid R3.00 per month for tuition.

UKZN celebrates 100 years of consolidation of academia – we are celebrating a history of mergers, consolidations, reconfiguration and the present that we now enjoy – a university that stands out as one of South Africa's prominent universities and is one of three African universities ranked amongst the top 500 universities in the world.
