Dear Cde Ma Shope,

RE: WOMENS CONSULTATIVE MEETING ON RESEARCH PRIORITIES

We have had initial consultations and briefings with you on the above mentioned subject.

It would appear the briefing during the Harare International Conference overlooked one very important component of the project proposal on Women that was submitted to the Ministry of Foreign Affairs in Sweden. Unfortunately this is an oversight, which however, we think can still be rectified to the benefit of the project as a whole and to the subject on Women in particular.

The last paragraph of the project proposal which we in turn submitted to you reads thus:

"NO. 3 RESEARCH PLANNING

There is need to plan research projects in this area more thoroughly. For this purpose a workshop should be convened late this year/early next year. Request for funds for the workshop will be submitted later"

In order, therefore, to resolve this question we propose the following:-

1. Please submit the names of all those who will definitely participate in this planned consultative meeting. This will enable us to formulate a project document for the release of the necessary funds. This is rather urgent.
2. The same participants, we suggest should also have an in-house seminar in preparation for the consultative meeting. If is agreeable to you, we would suggest that those participants who are in Lusaka should attend this seminar perhaps on October 31, 1987 at a venue to be arranged. Basically this should be a brainstorming meeting including an in-depth briefing on PASA itself. We think this arrangement will be useful for the consultative meeting.

An agenda for the seminar will be drawn and circulated to participants.

We await your response soonest.

Amandla,

BARNEY MACKAY *B. Mackay*
CONVENER, INTERIM COMMITTEE, PASA.
