Re.: PHOTO LAB cum TRAINING (Dakawa-Mazimbu)

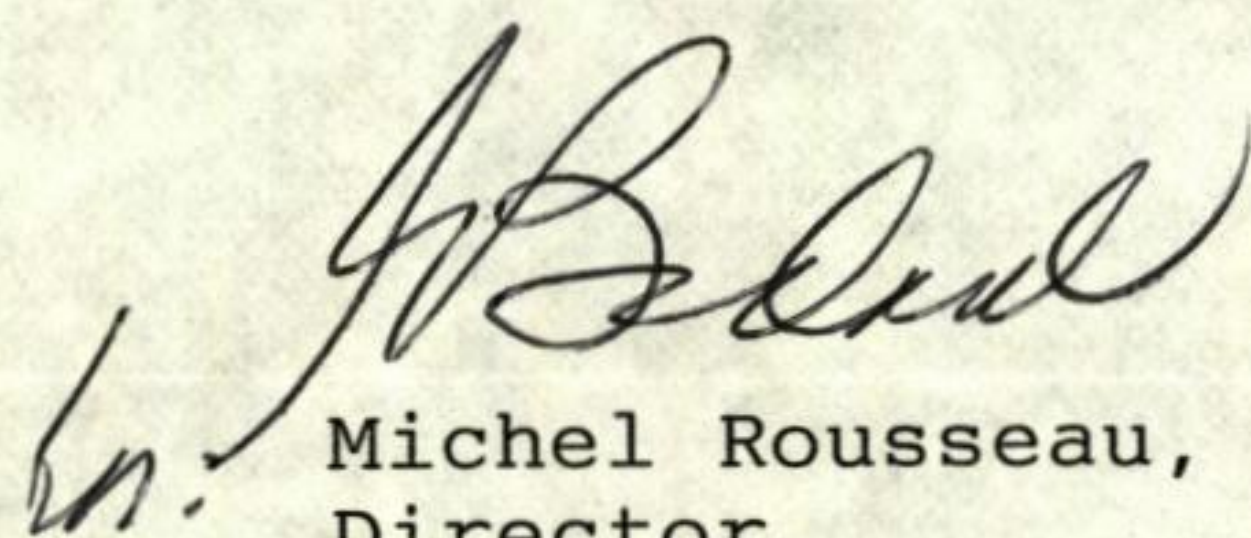

Dear Mr. Saloojee,

We discussed this project at our September meeting and felt that we did not have the information that would permit us to contribute funding.

It is understood that you are seeking a permanent funded who would then be able to meet your needs.

We wish you well in your work and express our solidarity with the struggle of the South African people for liberation.

Sincerely,

Michel Rousseau,
Director,
Projects Department.

Claire Arsenault,
