Dear Mariata,

Education Policy Unit Document.

The A N C Educational research Bureau at Headquarters in Lusaka sent me photocopies of the "Education Policy unit" of the University of Wits.

The instruction was that I pass a copy onto SOMAFCO staff and another copy onto SOMAFCO students. I thought it best to discharge this duty by passing on the two copies for SOMAFCO to the SOMAFCO Library. I thought both the teachers and students at SOMAFCO could then have good access to the document as the sender's intention must probably have been. *Two Copies attached*

Thank you.
