Dear Comrade Doodles,

( re: FUEL-COLLECTION (FIRE WOOD) BY SCHOOL

7

May I draw your attention to Comrade Rica's letter of May 5rd whereby the school is asked to organise gathering of wood to offset the charcoal expenses.

For the past 3 weeks the school has been waiting for one of the big truck: to collect the boys on Sunday mornings. Could you, therefore, arrange that the truck is sent up this Sunday at 08.30 hours.

Amandla!
