Dar-es-Salaam
Republic of Tanzania

Dear Brothers,

Further to my report of August 19th, I wish to correct some erroneous impression I might have given you when dealing with the World Campaign exhibition. The idea for such an exhibition was in fact formulated in this office and the World Campaign for the Release of South African Political Prisoners was duly informed. Proceeds from this exhibition will not necessarily be given to the Defence and Aid Fund but that a committee controlling this exhibition will decide as to how much will be donated to Defence and Aid and what proportion of the proceeds should be used in connection with our campaign abroad.

Yours fraternally,

AMANDLA

Maindy
