Dear Mr. Saloojee:

I'm writing to confirm the sense of our conversation a couple of weeks ago in Vancouver, and to invite you to address our conference on Friday morning, July 20, 1983. We're pleased to include you as a keynote speaker and to offer \$100.00 as an honorarium. The general ANC perspective and policy on current South African condition, as we discussed, would be a good general theme, giving you broad discretion and us some valuable information. I think we also agreed that if there were any problems about your appearance, you would arrange for another ANC representative to come to Bellingham. A note from you accepting these arrangements would be appreciated.

I've enclosed a registration form that gives a sense of the conference program and its purpose. Please keep in touch as necessary; my office phone is (206) 676-3032, my home phone is (206) 733-0086 if you need to call. We'll be talking with the Vancouver people as we go along, and any less urgent information you want to pass to them would in time get to us.

One more point. You mentioned ANC posters. Could they be sent, with billing, for display at the Conference? I'd appreciate word on this and delivery as soon as possible, as we arrange the gallery space.

Thanks again for your participation. We look forward to seeing you in Bellingham.

Sincerely,

A handwritten signature in cursive script that reads "Milton Krieger".
