Request

I request the DMD to allow Andrew Joseph Mohamed to work in the Eli Weinburg photolaboratry
He had worked there before in the period of 1981 - 1982 and proved a competent photo-
grapher.

I have spoken to him and he is interested in working in our department, I feel that he
would be of graet asset to our lab.

In the Year of Advance to People's Power !

Yours sincerely,

Nigel Dennis.
