I sincerely wish to apologise for all inconveniences caused by the delay in replying to you. Rest assured of our fullest cooperation at all times.

I wish also to avail myself of this opportunity to extend to you and your colleagues, the militant greetings of my organisation. Your commendable efforts to intensify the further isolation of Apartheid in all apartheid events, will no doubt bring us even more closer to the hour of our liberation and the attainment of a non-racial state in South Africa.

Sincerely yours,

Raymond Nkomo.

Dear Sir,

I wish to acknowladge receipt of bath yaur letters, and express my heartfelt regret in that yaur letters could .not receive our President's immediate attention as he is still out of the country. However, be assured that they will be forwarded to him as soon as he arrives.

We are very pleased to inform you that your request for the assistance to be given to the South African student from Durban, Miss P. Govender, is taken care of by our Youth and Student Secretariat. Also, find enclosed herein a list of the latest detainees and photostat copies of newspaper cuttings on information on the current nationwide campaign to release Nelson Mandela and other political prisoners.

I only regret that up to this day we still could not find you geographic maps of South Africa written in African languages, even though efforts have been made to secure same for you.
