Unge Pionerer is a socialist children organization. We are a member organization of the World Federation of Democratic Youth through CIMEA, the children organization of WFDY. As we know the children organization of ANC Walter Sisulu is a member organization of CIMEA as well, and this is why we apply to you. The subject of our activity this spring is the fight against the racism in our country. To conclude this activity we would like to draw the attention to the racism in international perspective, and finish with practical aid.

We have decided that the main subject in our summer camp will be the problems of the children in South Africa. This camp will be open for pioneers from 7-11 years. We would like to prepare for the camp with a pioneer meeting sunday 21. of may between 15 and 17 o'clock in Sagene Samfunnshus. During this meeting we will show slides from South Africa and read from a book recommended of "Fellesrådet for det sørlige Afrika".

It would be a pleasure for us if you could pay a visit to this meeting, and inform the pioneers about the situation of the children in South Africa.

If you want further information about our organization and this particular meeting you can apply to Eigil Norli phone nr 308355 between 8-15.30 o'clock. If we are getting a positive answer to this application, we would like to have a personal contact before the meeting. We hope to have an answer within the end of april.
