12 December 1983.

Dear Mr. Ouattara,

Subject: Mid-Term Evaluation Report and Tripartite Review Meetings.

During our discussion (Ganda/Bagunywa/Msimang) on 25 Nov. 1983, in your Office, regarding the Tripartite Review Meetings to be held in respect of NLM projects for 1984/86, we were given to understand that it was your intention to circulate copies of the 1983 Mid-Term Evaluation Report to all parties concerned in the near future. It was confirmed that the final version of the report had been released by UNDP headquarters and received by your office.

In this connection, we agreed that the proposed Tripartite Review Meetings should take place after the National Liberation Movements Representatives have read the report. This would give them an opportunity to submit their requests for assistance for the next phase of the budgeting sub-cycle 1984/86 in the light of the Mission's recommendations.

As a consequence, may I please urge you to make the report available to all parties concerned and to fix a date for the Tripartite Review Meeting in consultation with other parties sometime in January 1984. Personally, I would prefer the second half of January for the exercise, if it does not greatly inconvenience others.

Yours sincerely,

Arthur Bagunywa
