Brest, le20 Th February 1980

Dear comrades ans friends,

The 15 th national congress of the Breton Democratic Union (UDR) will take place at SAINT-NAZAIRE on Saturday 5 th, Sunday 6 th and monday, april 1980.

This congress is of great importance to us seeing that at the height of the crisis of capitalism the left in France is divided and in no position to offer any prospect of démocratic change in the French state.

For this reason our pasty's responsibility towards the Breton workers has become crucial at a time when unemployment, emigration and the economic disintegration of Brittany have reached a scale unprecedented during the colonisation of our country.

As in past years, we believe that this type of event provides a valuable apportunity for the parties ans organisations present or represented to express the solidarity which links all peoples involved in the struggle against impérialism throughout the world.

And so we invite you in a spirit of fraternity to send to our congress a delegation of one or more observers who will then have the possibility by mears of a message, to inform the delegates present at the congress of the aims of your particular struggle.

You will fond enclosed an answering letter and we would be very greatful if you would fill it in and return it to us as soon as possible so that we car let you have details of certain practical arrangements such as timetabling transport and accommodation.

Dear Comrade Nzo,

This is to request that Tessa and Beverley Marcus be granted permission to travel to London from the end of July until mid-October 1980 to further their research for doctorate studies and film scripts respectively. Unfortunately lack of material here means that we must take full advantage of the facilities available in London where one of the largest collections of material on SA exist.

Hoping that this letter finds you well,

Yours in the struggle,

Tessa.
