Dear Sister Bernard

I today (2/12/1992) received minutes of a meeting between  
yourself and HEKS. The minutes unfortunately do not reflect the  
date on which the meeting occurred but in Lesley's letter of  
24/11/1992 reference is made to meetings held on 5/11/1992 and  
13/11/1992. I must stress my concern as Secretary to the Board  
that more than two weeks later I had still not received these  
minutes and had to call for them personally irrespective of  
whether they had been finalised.

I am further concerned about a large number of issues appearing  
in the minutes not only in HEKS's comments but in the fact that  
some were on the Agenda at all.  
confirm these minutes. If so I must request that an urgent  
meeting of the Board be convened to discuss certain particularly  
disturbing matters.
