ILLITERACY PROJECT About 50 women per 3 month

(1) Preparing women who missed a chance at receiving basic education for a new South Africa.

(2) To reduce the level of ignorancy, consquent of Apartheid rule, racism and discremination, among millions of our women.

Motivation:

(1) To educate women so that they can be in a position to run projects.

(2) Preparing women for better communication for the market and outside world.

(3) To prepare women so that they can play leading and proper role in education and upbringing of children, building our country and serving the society.

(4) Preparing women for a smooth running of the projects and proper book keeping, management and accounting.

(5) To create opportunity for women to enter debate, discussions and help to shape the future of our country towards a non-racial, democratic and peaceful society.

Estimation:

Hiring a Hall: R500x12:R 6,000 per anum.

SOWETO DAYCARE PROJECT: Babies, Kindergarden & Pre-schools
Purpose: (1) Building a new S.A.

Motivation:

- (1) State run pre-school are too expensive most parents though working can not afford the high fees.
- (2) Unemployed mothers find it difficult to seek employment because no one to take care of children.
- (3) Children are left with grannies or alone. They end up roading the streets.
- (4) They are exposed to accidents motor vehicle, malnutriation for nobody to give them food during the day, exposed to diseases because gabbage at their reach and broken sewerage pipes.
- (5) At an early age will be taught an African cultural education; universal education.

ORGANIZATION RUNNING PROJECT: Federation of Transvaal Women

Funding: Buy a plot for the following

Estimation: 1) Construction of creche and pre-school

- 2) Sewing project can be operated
- 3) Green vegetable gardens
- 4) Educational material: For 800 children
- 5) Food : "
- 6) Furniture ' "
- 7) Salary : For 10 teachers
- 8) Transport 1 For children

Attn: Hr. Kazuo Nukazawa

Managing Director

Japan Federation of Economic Organization

Tokyo, Japan

Federation of Transvaal Women (FEDTRAN) Project 1989

1. Illiteracy Project for 200 women participants

2. Sewing Projects (20-40) women

3. DAY-CARE (Babies, Kinder-garden & Pre-school); (10 centers in Soweto only, others in Eldorado Park, Tafel Kop, Riverlea and Pretoria)

Total number of children in Soweto Center: 800

These are just initial projects the needs and wants are innumerable.

Indeed millions across the country need such humanitarian assistance

especially mothers, babies and children who have absolutely no such

facilities. If enough resources and finance are available, FEDTRAN and its

sister organizations throughout South Africa will extend its experience,

assistance, guidance and services to our needy communities.

We further edge Keidanren to prevail on their affiliate/member

directors/President of companies to advice their subsidiaries/branches/partners/

buyers etc. in South Africa like Toyota, Mazda, Honda, Mitsubishi and Nissan to

donate transport to FEDTRAN above projects; to ask Sony, Fuji film etc. to

help provide teaching aids to our centeres and thus unable us to prepare our

people for the future and expand our services country wide.
We have hands, energy, we are prepared but have no means we need
Keidanren assistance.
Further communications can be send to the above address.

Dear Mr. Y. Kotake,

Thanks once more for your assistance and preparation for the meeting at the Japanese Foreign Ministry, Second Africa Division on Monday 15 August, 1989. We found the meeting informative, fruitful, educative and have sensed that your government is becoming seriously committed to help the black majority in our country.

As promised after our discussions, please find enclosed three separate Project Hemorandum that our organization, Federation of Transvaal Women (an affiliate of UDF) are engaged in and for which we request your modest financial contribution.

Our correspondences and further discussions can be directed to the above address.

Accept my highest esteem and consideration.
