No. 2 OCTOBER, 1954 WoL, ILA

CAPT. C. O. RICH, M.C., B.A.

Cecil Oliver Rich, known affectionately to all present and past Kingswoodians as 'Cappy', was born on December 15th, 1891, at Sandhurst (Berks.) and was educated from 1903-09 at King Alfred's School, Wantage, and then proceeded to Wantage Hall, University of Reading, to gain a B.A. degree in 1912 and Honours in History the following year. He then returned to teach at his old school for two terms so that counting war service he may be said to have completed his 41st year as a teacher on retirement in December, 1954.

Here at Kingswood, where he was appointed to the Staff in January, 1921, by Mr. E. G. Gane on the recommendation of Mr. Bisseker, Headmaster of the Leys School, Cambridge, he taught English, Latin, French, Geography and Mathematics, besides History, all up to Matriculation standard—a unique achievement here and one that can have been equalled by few men elsewhere.

Possessed of an almost encyclopaedic general knowledge and a quiet yet compelling personality he was an inspired and inspiring educationalist and of him it may in very truth be written not with regard to buildings and school amenities but the thousands of young lives he has broadened and enriched: 'Si monumenta vis, circumspice!'

Kingswood and Kingswoodians owe a great deal more than we can possibly tell here to this great little man, scarred as he was physically by the marks of many dates with death, yet so unscathed mentally and spiritually.

His record as a soldier has seldom been mentioned, yet it is well worthy of record here where we strive after a composite picture. At the outbreak of war in 1914 he joined the 1st Artist Rifles. In France in 1915 he was posted to the 1st Wiltshire Regt. as 2nd Lieut., later becoming Platoon Commander. As Sniping and Recce Officer he served on the Arras, Ypres and Somme fronts and was awarded the M.C. Seconded to the 1st Battalion, Heavy Branch Machine Gun Corps—which was the original Tank Battalion—he served on Telegraph Hill (Arras), at Messines, 3rd Battle of Ypres, Passchendaele and won a bar to his M.C. at Cambrai. Wounded in November, 1917 he was returned to England, afterwards to serve in Ireland from 1918 to October, 1920, when he was demobilised as nearly 80% disabled.

We have related how he came to Kingswood and what and how he

taught but that is not nearly all. He re-organised and partly at his own expense re-equipped the Cadets and the Band and as C.O. for many years

maintained the Corps at a high level of smartness and efficiency. He revived and for years organised Athletics often, at first, providing most of the cups and prizes himself. The Debating Society came to life again under his guidance and he arranged the first Inter-School debates. He compiled the first register of O.K.'s, a task that took much time and research.

In 1930 he was appointed Vice-Principal by Mr. H. T. Crouch and as Acting-Headmaster in 1938, during that most critical period in the College's history, it was his prestige and re-assurance to parents and Old Boys that stabilised the position. Then after 10 more years of whole-hearted service as housemaster and pedagogue he was appointed Headmaster and under him the College took a tremendous stride forward. The total roll passed the 400 mark and the last remnants of a capital debt that for long had crippled progress and stunted policy were expunged and Kingswood was free to consolidate her position and realise further the dreams of her founders.

Not only had a large measure of prosperity come under his wise direction but he bequeathed, too, a broader outlook, a deeper awareness of what was real and worthwhile in others and achieved, if not always better examination results then certainly a higher standard of all-round scholarship.

No man in the history of Kingswood has commanded more affection than he. Other prominent figures have inspired more awe, more respect and even more admiration but none has come closer to the hearts of the boys, old and young. His innate modesty and ignoring of self, his wide tolerance, his faith in the fundamental goodness of human nature, his quiet courage in adversity, and his unswerving loyalty personified all that was best in Kingswood's traditions. The love with which he is regarded has sprung from an instinctive recognition of the great qualities in Cappy the man—a very parfit, gentil knight.

#### EDITORIAL

We print below the following Leader from the Rand Daily Mail of 27th August, 1954.

REE ee PRIN AE aS CLOOIES

Captain Rich, the retiring headmaster of Kingswood College, Grahamstown, made a valuable point when he spoke at a farewell dinner at the weekend. He said that the private schools of South Africa were inculcating in their pupils a healthy South Africanism and that they were making a large contribution to the educational life of the country.

This is, of course, perfectly true, but it is too often ignored or even actively opposed in some quarters.

The private schools of South Africa have made in the past and are making now a great contribution to the life of the country. They make this contribution both culturally and financially. With their tendency to introduce staff from overseas although the flow has been greatly

reduced in recent yearsâ\200\224they keep a spring of up-to-date thought flowing through their classrooms. The young schoolmaster from Oxford or Cambridge may not know anything about South Africa but he is likely to learn quickly and in doing so he will bring a lot of Europe here. And that is both a grave and happy responsibility. The more of European civilisation that can be imported into this country by young and enthusiastic teachers, the better. We need those refreshing draughts of clear air from overseas to enable White civilisation to retain its vitality.

Financially, of course, the contribution of the private schools to our educational structure is enormous. What happens in fact is that the parent who sends his children to a private school is subsidising the State to the extent of the fees that he pays. If the private schools were closed down to-morrow, not only could the Department of Education in any Province not cope with the crisis that would ensue, but the taxpayer would have to take on a much greater burden. The tenuous subsidy which is now extended to these schools by the Government would not come within reach of making up the gap.

The South African â\200\234private schoolâ\200\235 used to be called a â\200\234public schoolâ\200\235 in imitation of the extraordinary nomenclature adopted in Britain, by which private schools are called â\200\234publicâ\200\235. Here in South Africa all that jargon is meaningless. In South Africa the private school, supported by trust funds or by fees paid by the parents, is as much a part of the South African scene as Table Mountain or the Kruger Park. Boys or girls who come from our â\200\234privateâ\200\235 schools are as good South Africans as ever came from a Government school.

August 2ndâ\200\224â\200\234Rand Daily Mailâ\200\235.

#### HEADMASTER SAYS PRIVATE SCHOOLS ARE SOUTH AFRICAN

The private schools in South Africa were no longer based on the English model, but had changed to an essentially South African pattern, with South African ideas and ideals, Captain C. O. Rich, the retiring headmaster of Kingswood College, Grahamstown, said at a farewell dinner given to him during the week-end by the Johannesburg branch of the Kingswood Old Boysâ\200\231 Association.

Private schools were growing ever more popular, he said, chiefly because they moved with the times, they brought in new ideas, developed a fine spirit, and were inculcating in their students a healthy South Africanism.

They were not bound by provincial regulations, and their large contribution to the educational life of the country had fully justified their existence.

Captain Rich, who served in the Tank Corps during World War I, came to Kingswood College as a master in 1920, and has been headmaster for the last five years. He will retire at the end of this year, and will be succeeded by Mr. Jack Slater, a former Springbok Rugby three-quarter.

Mr. L. P. Kent presided at the dinner, and Mr. F. G. Hill proposed the toast to Captain Rich.

Mr. Hill, who came to Kingswood as a schoolboy in the year that Captain Rich arrived as a master, said that in terms of schoolboy hero-worship, a Tank Corps officer in 1920, held the status enjoyed by a Jet pilot in 1954.

Among the Old Boys present was Mr. Walter Mears, headmaster of St. Stithian's College, Johannesburg, and Colonel G. A. Morris, who was a schoolboy at Kingswood in 1894.

#### SCHOOL NOTES

School re-opened for the Winter Term on May 11th and the boys returned for the football season eager for the games and pleased to see the fields in tip-top condition. Messrs. G. J. Salvesen and Ken Douglas started first-division practices on the very first day of term. Early matches were arranged and victories registered against Rhodes Under 19 and Union High School, Graaff Reinet. Prospects of a very successful season were, however, dashed by a succession of injuries which affected nearly every member of the 1st XV. Although subsequent victories were recorded against Dale College, St. Andrew's, Bloemfontein, and King Edward's, Johannesburg, all the other school matches were lost.

ee \* \* \*

The Junior teams steadily improved during the season, and prospects for future seasons seem brighter.

At the South African Junior Athletic Championships held at Kimberley in April, N. F. van Schalkwyk won the National Junior Putting the Shot, and Errol Whitehead ran very well for the Eastern Province Relay Team, which came second.

ok ok o ok K

Charles F. V. de Haes won the Singles Tennis Championship in the Grahamstown Schools Competition.

Several of our boxers took part in a Tournament organised by the Rotary Club at the City Hall on June 26th. They found Jimmy Elliot's boxing pupils from Port Elizabeth very tough opponents. Congratulations to Jimmy Elliot on his recovery from the serious eye injury.

Big fields of entries and good running marked the annual Cross-Country races held in July. In the senior event no fewer than six runners were under standard time, and two, R. J. Davis and B. R. Armstrong, beat the existing record. Not to be out-done, R. E. Newton and A. J. Marriott beat the Junior record a few days later.

We congratulate Mr. and Mrs. John Clarkson on the birth of a son, Mr. and Mrs. Dowthwaite a son, Mr. and Mrs. Anton Murray a daughter, Mr. and Mrs. W. Bennett Brown a son, all of whom were born between

April and July. There are now over thirty children belonging to members of the teaching staff.

We wish to thank the spectators of our home first team matches for generously contributing to the collections. As a result the following funds have benefited:â\200\224

To which the Kingswood boys added .... 6 7 Â©

The Rondebosch Boysâ\200\231 High School touring team paid us their usual visit from Friday, June 18th, till Monday, 21st, under the leadership of Evan Martin and Mr. Baartmann. We all enjoyed their visit and their style of Rugby. They are to be congratulated on beating Grey, Port Elizabeth, St. Andrewâ\200\231s, Grahamstown, and ourselves, a threefold

. feat which no other touring side has hitherto achieved.

The Memorial Hall Bioscope has again been very popular, and the sound has improved. Mr. Dowthwaite is to be thanked for selecting and presenting the following films:â\200\224â\200\230â\200\234Top of the Formâ\200\235, â\200\234The Valley of Eaglesâ\200\235, â\200\234Morning Departureâ\200\235, â\200\234On Moonlight Bayâ\200\235, and â\200\234The Final Testâ\200\235, besides a number of religious films.

The boys have also been privileged to see two excellent plays, â\200\234The Cuckoo in the Nestâ\200\235, produced by Mr. W. Bennett Brown and the Grahamstown Dramatic Society, and â\200\234The White Sheep of the the Familyâ\200\235 produced by Mr. Gascoigne-Smith and St. Andrewâ\200\231s College Dramatic Society.

Professor E. S. Twyman of Rhodes University gave a most interesting illustrated lecture to the senior boys on â\200\234Food and the Soilâ\200\235, Members of our growing agricultural science class found much to stimulate their minds.

The Epworth Society, under the Rev. Howard Kirkby, has again been very active in arranging weekly talks and other cultural features on Wednesday evenings. Some members attended the S.A. Studentsâ\200\231 Christian Association meetings in May, and took an active part in the Youth Service held on June 6th with our Brass Band, according to custom, playing the hymns.

ne

Members of the Epworth Society arranged a school concert, which was presented in Memorial Hall on Saturday, July 31st. L. O. Berrington

and D. J. Galloway perhaps had most to do with the preparations and arrangement, and the performance was a great success.

The Delville Wood Church Parade was arranged for Sunday, July 18th when the various Cadet Detachments assembled in Church Square in bitterly cold weather. The detachments marched past the official mayoral party after the service, and our Cadets attended a service in Commemoration Church, conducted by the Rev. C. W. Moore. The Headmaster read the Roll of Honour of the 1914-18 War. A marble memorial tablet recording the names of O.K.s killed in the 1939-1945 war is now being constructed, and will be unveiled at Reunion, Easter IODS5,

We regret to announce the death of Mr. Reginald Phillpotts, who was a master at Kingswood for several years during the Second World War. Mr. Phillpotts was badly wounded in the First World War, while serving with the Gloucestershire Regiment in France. After leaving Kingswood he taught at St. Aidan's College until he was crippled by chronic ill-health. Members of the Staff, Old Kingswoodians and present boys attended the funeral at Christ Church on Wednesday, July 21st.

The Senior Cadets this year attended a military camp at the Grahamstown Depot from Monday, August 2nd, till Tuesday, the 10th. For the last few days they were joined by a detachment from St. Andrew's College, and both Corps were inspected by the District Commanding Officer, Col. Cilliers, on Monday afternoon, the 9th. All agree that the week's training was arduous, enjoyable and successful.

In spite of a very severe winter this year, cases of sickness have been comparatively few, being outnumbered by football injuries. We are sorry to say that Sister Perriot, who has been in charge of the Sanatorium since 1948 is leaving in August. All will miss her devoted and conscientious services.

#### INTERMEDIATE HOUSE

This term we said farewell to Hutcheson and Paver, who moved on to Wood House, and welcomed Dewberry from the Prep.

Our small but growing library has been in great demand, and we hope to add another dozen or so volumes to it next term. Salway and Marshall are to be complimented on the efficient way in which they have organised the withdrawal and return of books.

This term the whole House has been able to eat and to do a Prep. together, which has tended to make us more of a unit than we were during the first term.

A. G. Smith, H. G. B. Wood and Behrmann have done a good job in the fields of administration and discipline.

WOOD HOUSE JOTTINGS

A quiet term... an agreeably uneventful term . . . an exceptionally cold term. Half-term day came and went without incident or excitement. Because of the cold and uncertain weather, no lorry trip was arranged, and most of the House repaired to the cinema in the afternoon.

\* \* 1 ok \*

Two of the busiest members of the House were Val Cawood and Keevy minor, both of whom spent weeks building a canoe each. Their labours were rewarded when they were able to exhibit the completed canoes at the Hobbies Exhibitionâ\200\224and very neat and professional the craft looked too.

Brian Pewsey, our Prefect-in-Chief, has played regularly for the Ist XV since the injury of J. Woodward, and has shown promise and dash. George Chowles is still out of active participation in athletic pastimes.

\* \* \* \* \*

Nick Goosen, â\200\234Sergeantâ\200\235 to Kingswoodians past and present, has taken over the barbering. Although he is not as professional as the late Mr. Barry Holland, he is doing very well. The ping-pong table is in use, and is proving very popular and a great success.

ok ok 1 cd ok

When the J.C.s and Matrics left for Cadet Camp on August 2nd, the Fourths from School House and Jagger came to Wood House, leaving School and Jagger empty. It was quite like old times to see Borrás, Scott Robinson and Partridge and Herby Jackson about the place. With no Prefects available, Ronnie Wicks was made monitor-in-chief, and each dormitory chose its own leaders. The system was a success, and the week passed pleasantly without incident.

\* \* \* \* \*

Sister Perriot leaves at the end of the term. We shall miss her, and we wish her every happiness in her new environment.

#### JAGGER HOUSE NOTES

We have to report another happy term under the able leadership of A. Tiltman, Head Prefect, and I. McPhee, B. Purdon, R. Webber and R. Dunstan, House Prefects. There have been very few cases of illness due to natural agencies but more than our fair share of injuries due to rugby.

The following monitors have carried out various duties in the House: J. Cook, C. Hutton, C. Haselau, A. Bradbury, N. Kelly, B. Davey, D. Galloway, N. Millard, A. Badenhorst, E. Whitehead, J. Woodward and R. Rowe. Their efficient co-operation has been a major factor in keeping the House vigorous and happy.

Halfway through the term we congratulated Mr. T. C. Hartzenberg on his engagement to Miss Whitfield of East London. Whilst wishing him all the luck we are very sorry that his short stay of five terms in Jagger is coming to an end. And so a grateful House sees a popular and conscientious Assistant Housemaster pass to the ranks of the non-resident married masters; without being misunderstood, we feel this is an awful waste of a good man.

The painters, under Mr. Joe Reece's able and colourful direction, are giving the outside of the House a new look. All comments by O.K.s should be direct to Mr. Reece.

#### DRAMATIC SOCIETY NOTES

It was our intention to present three one-act plays in the City Hall in July. A bare three weeks before dress rehearsal, however, Mr. Bennett Brown went down with a flu and could not carry on with his rehearsals. With great reluctance, therefore, we cancelled the City Hall performance, and the other two plays were presented in our Junior Hall on the last Saturday of the term, to an audience of boys up to and including the fourth forms.

We are grateful to Mr. Dowthwaite and his young assistants (chief of whom was Arthur Wellington) for setting the curtains and directing the lighting.

THE HAUNTED BARN by J. B. Reynolds.  
Presented by Carol Tarr.

Anthony Barnes, as Jim Hathersett, fell ill a few days before the play and Peter Kipps, the prompter, had to step into his part. He did very well, too, with only two days of rehearsals.

This play was set in an old barn situated on the coast of England. The time, during the war, late at night. The play was performed in a subdued but ghostly, greenish light.

THE MOVING FINGER by Percival Wilde.  
Presented by R. Q. Tarr.

In this play, too, a change of cast had to be made. Tony Smith, the Captain, and Norman Cox, one of the Soldiers, had to go to Cadet Camp, and their places were taken by Scott Robinson and David Hobbs.

The play is set in the mythical country of Talaveria, the time, the present. With no history to tie us down, we were able to make the costumes colourful without fear of being incorrect. Glyndwr Phillips prompted for both plays and Michael Cobden was in charge of background music.

#### ANGLING NOTES

The weather has not given many opportunities for angling. The bass-fishing, never good during the winter, has been exceptionally poor, and this term even the ever-present and usually voracious small ones have been absent.

Anglers from the rocks along the coast have been pulling out mussel-crackers and black steenbras (witbek or poenskop) but no expeditions were possible for us this term. Some members of staff braved the weather with indifferent luck, and the only cheerful reports have come from Mr. Denis Butler on furlough, who, at Knysna, had fun and games with the leervis and elf.

Carp fishing in the Fish River has been possible on occasions, the best being a full-roed hen carp of 33lb. caught by Penelope Tarr. When a snap half-holiday was given on the last day of exams., Mr. Tarr took five boys down to Hunt's Drift for a few hours' angling. Brian Davey and Anthony Karis accounted for a 1#lb. carp each, but Scott Robinson, Bradbury and John Woodward could not manage more than a couple of half-pounders.

The warmer weather next term should bring more opportunities. The bass-fishing season will be closed until mid-December, but carp fishing and: with luck coastal fishing should be possible.

#### CADET NOTES

The Camp from 2nd to 10th August, at the military training depot for the Senior Cadets, was a great success.

The Detachment went into Camp 170 strong, divided in three infantry platoons, one signals platoon and a band.

Each infantry platoon received instruction in Map Reading, Field-craft, Concealment and Camouflage. In addition they took part in a live round shoot with various infantry weapons and inspected four different types of armoured fighting vehicles.

The signallers were fortunate in being able to see a number of different types of Walkie-Talkie wireless sets. They also learned with astonishing rapidity, to send and receive morse. In future this section will be expanded into a full platoon with its own Cadet-Officer. Every encouragement will be given to first year cadets to learn the morse code and qualify for admission to this select platoon.

The Band, of course, had one long musical festival. There seem to be few tunes they cannot learn to play well enough to fool any layman in two or three hours.

On the last Sunday we had a Unit Church Parade at 0930 hours. In the afternoon we welcomed in 180 Cadets from St. Andrew's College and some of our Cadets joined in their Anglican service that evening at 1900 hours.

On Monday Col. Celliers, O.B.E. came up from Port Elizabeth and inspected both units on a combined parade. This was an excellent innovation. We should like to make it an annual fixture if the problem of a combined rehearsal can be overcome.

The food in Camp was the best we have ever had. Can there be a greater tribute to the success of the Camo?

Inter-Platoon competitions were played in hockey and soccer. The Cadets played the Camp Staff at soccer and lost.

The following were the Officers and N.C.O.s in Camv:â\200\224  
O.C. Detachment and Administration: Commandant C. B. Dacam, E.D.

The following is an extract from â\200\234Grocottâ\200\231s Daily Mailâ\200\235.  
CO-FOUNDER OF MUSIC CLUB OFF TO CANADA

Grahamstown Musical and Dramatic circles will be sorry to learn that Mr. W. Bennett Brown of Kingswood College is to leave Grahams-town and South Africa to take up an appointment in Canada.

Mr. Brown, during his six-and-a-half years in the City, has been organist and Choir Master at the Commemoration Church and Music Master at Kingswood College; in 1949, together with Mrs. Rivett-Carnac, he founded the Grahamstown Music Club, serving that organisation in the capacity of Secretary for three years.

Many of us will recall with much pleasure the performances which Mr. Brown has put before us in the City: â\200\234Princess Ida,â\200\235 â\200\234The Mikado,â\200\235  
â\200\234Rookery Nookâ\200\235 and recently â\200\234A Cuckoo in the Nestâ\200\235 to mention some of them.

We'll remember, too, how we looked forward to hearing the Kingswood Brass Band which he trained. It isnâ\200\231t generally known that Mr.

Brown, having been presented with the instruments, had to sit down for two months and learn the technique of them, how to write and arrange for themâ\200\224no mean accomplishment for one who knew nothing at that time about the brass band, apart from the technique of the French Horn, which he learnt as a student.

In his musical qualifications, Mr. Brown has three unique distinctions. So far as Grocottâ\200\231s Daily Mail is aware he is the only musician in the Union to hold the diploma in Musical Education of the Royal School of Music taken at the Royal Scottish Academy of Music. This diploma, which is awarded after three or four yearsâ\200\231 professional training, plus a further year at a teachersâ\200\231 training college, qualifies the holder to teach the art of music in all its branches up to training college standard, in contradistinction to these diplomas awarded by the Royal Schools of Music in separate subjects such as piano, organ, solo-singing, etc., and which officially permit the holder to teach these specialised subjects only.

Mr. Brown is a Fellow of the old â\200\234Tonic Sol-fa College of Musicâ\200\235 in London, this being one of the traditional colleges of music in Great Britain, and one which altered the entire methods of teaching music to class singing, sight reading (vocal) and aural culture. When Mr. Brown was elected as â\200\234Fellowâ\200\235 after examination he was for a time the youngest t  
â\200\234Fellowâ\200\235 of the college in Britain.

At the end of his student years, Mr. Brown was awarded one of the Andrew Carnegie Scholarships (Great Britain) in choral and orchestral conducting, but unfortunately after a few months study in this specialised branch of music, he was claimed by the British Army and served therein for five and a half years, coming to South Africa a year after his demobilisation.

#### RUGBY 1954

This really has been a phenomenal season from a number of points of view. We started off in great form, winning the first three matches in the face of what must be considered strong opposition. The team settled down well and was showing signs of being not only a good combination but also capable of playing good, open Rugby with a touch of unorthodoxy. Following on this start to the season, the 1st team was suddenly struck by a series of injuriesâ\200\224by the end of the season the 1st team alone had suffered sixteen injuries. Normally a team is prepared to take three or four a season, so Kingswood must be regarded as being extremely unfortunate in this respect. The result was that the composition varied from match to match thereby preventing the side from achieving that combination which is so vital to any rugby XV. In spite of this most unfortunate series of injuries the team, under the very able leadership of Tom Puffett and A. G. Smith, at all times made it their aim to play open and attractive Rugby in the truest and best traditions of the game. There were many really good games, and in view of the fact that next years XV

will largely be drawn from this year's team, I think we can look forward to a good season in 1955.

All too often is the measure of a team's success gauged from a list of results by the indiscriminating follower or spectator of the game without taking into account the enjoyment of the players themselves. I think I can in all sincerity say the 1st and 2nd teams have enjoyed their Rugby, and Kingswood has every reason to be more than proud of the sportsmanship of the teams both in victory and defeat. To learn one's lessons under these conditions is beneficial to both the individuals and the School.

Our thanks are due to many people who by their interest in the school have come forward so willingly to help with transport, to help entertain and accommodate touring teams that have been our guests. In this connection I would particularly like to thank Mr. and Mrs. Horace Connock, Mr. and Mrs. Louw, Mr. and Mrs. D. Border, Mr. and Mrs. Des White, Mr. and Mrs. Iverach as well as Mr. and Mrs. D. Adams. Our thanks also go to Mrs. Adams for the trouble she took to organise and train a First Aid Squad to be in attendance during matches this was unfortunately proved to be all too necessary.

To Miss Anderson, our Dining Hall Matron, we extend a warm appreciation and a hearty vote of thanks for all she has done to provide for our guest and touring teams. Four touring teams have come to Grahamstown this season to play Rugby and their entertainment to meals and teas has been her responsibility. To the Headmaster, Captain C. O. Rich, the Rugby teams would like to extend warm appreciation for all he has done in the cause of Kingswood Rugby during his many years here, and we wish him all happiness in the retirement he so richly deserves.

The coaches of other Divisions have not had an easy task this year, but the keenness and enthusiasm they have displayed during the season deserves special comment.

Tom Puffett (Captain), A. G. Smith (Vice-Captain) and Dave Cox have as the Rugby committee done a very good and worthwhile job, and I know this year's experience will have done them much good for the years that lie ahead.

Finally my unreserved thanks go to Mr. Ken Douglas. As coach of the forwards he has done a magnificent job. His enthusiasm and knowledge of this department of the game have been an inspiration to all and of inestimable value to the school. Many Kingswoodians, past and present, will remember and recall with great glee his explosive encouragement of, 'Foot, foot ... . foot, foot!'

Taken all round, results included, 1954 has been a good and rich season and it is with eager enthusiasm and confidence that we look forward to future seasons.

An account of Inter-Schools 1st XV matches follows, which are for the most part reports as they appeared in the local newspaper.

Gas.

#### Kingswood vs. Union High School

On what was perhaps a perfect day for rugby, Kingswood last Thursday beat the touring Union High School XV 10â\200\2240. So much for those whose chief satisfaction in rugby is to know the score.

Union High most certainly enhanced their reputation for playing good constructive rugby, and the fairest overall comment would perhaps be to say that the match was hard, fast and clean throughout with both schools opening up on every occasion. There was a refreshing minimum of touch kicking by either team which is indicative of the spirit in which the game was played.

The first half proved to be a battle by both teams to establish an early ascendancy and on several occasions both came close to scoring. Smit of Union impressed very much with his thrust at centre and it is a credit to A. G. Smith, of Kingswood, that this speedy runner was not able to break through more often than he did. Union High won the majority of the set and loose scrums in this half, but the home team pack, well led by Puffett, was equal to every occasion. The teams changed over with the score at 0â\200\2240.

The second half saw Kingswood stage some good movements by both three-quarters and forwards and from a forward meleÃ©, D. Cox scored for Smith to convert, giving Kingswood a lead of five points.

Union High staged several fine movements, all of which tended to keep excitement at a high pitch. From a loose scrum Kingswood heeled for the whole line, supported by fullback Van Schalkwyk to handle with Webber going over in the corner. Smith converted with a magnificent kick to make the score 10â\200\2240 in favour of Kingswood. At no stage did Union let up, and it was a joy to see so fine a spirit working in what is obviously a good team.

Union High were unfortunate in this match losing a player in the first half. Brian Grogan, their flyhalf, had played really well and it was a great disappointment to spectators and players alike that he could take no further part in this match as a result of his leg injury.

To single out individuals for special praise from either side would perhaps not be in keeping with the spirit in which the game was played. Suffice it to say that every player gave of his best in what was an enjoyable game well handled by the referee, Mr. P. Harvey.

#### Kingswood vs. St. Andrewâ\200\231s

The match between St. Andrewâ\200\231s and Kingswood was a very good game of rugby. Both sides were imbued with the spirit of attack. The result was a most interesting and enjoyable game to player and spectator alike.

Kingswood were the first to attack. The Kingswood forwards won the ball from scrum and lineout almost monotonously for the first quarter of an hour and St. Andrewâ\200\231s were called upon to defend desperately. Even when St. Andrewâ\200\231s won the ball, the Kingswood tackling was very sound. Then gradually the St. Andrewâ\200\231s forwards settled down and gave their backs a chance. From a line-out, the backs handled well to the

right wing, Hervey, who beat his man and after a good run he passed outside to Beamish (centre) who drew a man and passed inside to Searle (flyhalf) who in turn passed to Hervey, who dived over for a very fine try (3-0). Shortly afterwards Parker put over a penalty for St. Andrew's (6-0). This was the half-time score, which might have been quite different had Kingswood's place-kicker been in his normal form.

The second half followed much the same pattern. Kingswood started off in great style but, although hard pressed, St. Andrew's held them out and again took up the attack. First Beamish broke well and fed Hervey, who put in a good run before being tackled. The St. Andrew's forwards heeled well and Searle (flyhalf) had the pace to run right up to the full-back and send his captain, Stafford over for a nice try (9-0). Kingswood retaliated soon after this when Smith was successful with a penalty (9-3). Then came the best try of the game. Near their own 25, St. Andrew's heeled the ball and centre Beamish broke beautifully and ran 30 yards before passing inside to Hervey, who had positioned himself well. He made ground before passing inside to Stafford, who was almost clear but, as he was tackled, he flung the ball inside to Cole (lock) who did well to be there and romped over behind the posts for a magnificent team try. Parker converted and the final whistle went (14-3). Van Skalkwyk (full-back) and Badenhorst (No. 8) did very well for Kingswood.

#### Kingswood vs. Grey High School

The match between Kingswood and Grey High School played at Port Elizabeth, resulted in a really fine win for Grey by 25 points to 9. I can only say in all sincerity that the spectators were treated to as fine a schools match as can ever be expected and Grey deserve full credit for a very meritorious victory. Play was throughout the match incredibly fast and open by both sides, and if ever a lesson of winning loose scrums was needed, this match proved just how vital a loose scrum is. Grey's strength lay in this department their forwards were always there ready to take the ball on or immediately heel it, thus giving their very fast three-quarters great scope.

The first half ended with Grey in the lead (9-14). They had scored two tries and had put over a free kick. The Kingswood score came from a magnificent penalty by A. G. Smith, a kick from very nearly the corner of halfway and touch-line. Kingswood forwards appeared to be slightly on top in the tight scrums, but were certainly way behind on the loose scrums.

In spite of the score, no one who saw the match would say that the second half was anything but Rugby at its best with both sides pressing in turn. Each team came close to scoring on occasions, but it was Grey's ability to finish off their movements which gave them their scores. On Saturday's play they were a perfectly balanced team. Grey scored four tries in this half, and Kingswood one, from right winger R. Webber.

This was a thoroughly enjoyable game on which we would like to congratulate Grey not only on their victory but also on the type of rugby

they played. GAs:

## Kingswood vs. Dale College

Kingswood were at home to Dale College last Saturday for the annual rugby match between these two schools. The result was an 8â\200\224S win for Kingswood in what was a very hard and fast game, which, although it rarely rose to great heights had many tense and exciting movements.

The game started off at a cracking pace and soon A. G. Smith, the Kingswood centre, had a magnificent run from an inside pass to completely spredeagle the defence. He was unfortunately judged to have stepped on the touchline before cutting in toward the posts. The forwards were very evenly matched in all departments of the game, which is a credit to the play of the Kingswood pack as Dale are said to be very strong in this department.

The first score came from an excellent forty yard run by the right wing, J. Woodward, who crashed through the defence to score under the posts. Smith converted to give Kingswood a 5â\200\22400 lead. Dale began now to exert pressure in the forwards and after a magnificent quick heel, their outside centre scored from an overlav on the blind side. Erasmus converted with the half-time score at Sâ\200\224S.

Soon after the interval Smith put over a good kick to put Kingswood into the lead (8â\200\2245). From that point on, each side attacked in turn with no further score being registered. Several times Kingswood looked like breaking through, but the very good Dale defence held.

An enjoyable game, well controlled by referee Mr. D. Searle.

## Kingswood vs. St. Andrewâ\200\231s Bloemfontein.

The St. Andrewâ\200\231s (Bloemfontein) touring team played their first match against Kingswood. The result of this match was a 9â\200\2243 win for Kingswood.

From the kick-off it became obvious that St. Andrewâ\200\231s were all out to establish an early supremacy. They failed in this because of their inability to gain control of the ball in the set and loose scrums. In fact, Kingswood superiority in the tight and loose scrums was a big feature of the match and definitely laid the foundation for their win. The visitorsâ\200\231 three-quarters though starved of the ball, were very solid on defence and they had an excellent covering defence from the forwards which gave considerable depth to this defence. A. G. Smith opened the score for Kingswood with a grand 45-yard penalty. St. Andrewâ\200\231s equalised shortly afterwards with a penalty, also a good kick.

Further infringement gave Smith another opportunity to goal a 30-yard kick to put Kingswood ahead 6â\200\2243.

In the second half St. Andrewâ\200\231s pressed on occasion, but could not score. They were unable to get the ball from these vital scrums. Though Kingswood attacked on every occassion they were unable to break through to score. Several promising movements were checked at the last moment. N. Duncan, the Kingswood centre was unfortunately injured early in the first half and had to play the rest of the game at full back. The only try of the match was a good oneâ\200\224a cross kick from righ-wing Woodward was gathered by Van Wyk, four people handled

and Hitchens scored under the posts. The kick failed and Kingswood led 9â\200\2243.

The match was well controlled by referee Dr. L. Fernley.

\_ Kingswood vs. Rondebosch Boysâ\200\231 High

Rondebosch Boysâ\200\231s High arrived in Grahamstown with something of a reputationâ\200\224they had not yet lost a rugby match this season. They have so far still preserved that record, and I think all who saw the match will agree that Rondebosch are an extremely good team and fully deserved their 17â\200\2245S victory over the home team.

The game started off at a cracking pace which was fully maintained throughout the whole match. An early scrum infringement gave Rondebosch a chance to open the score. The fullback, Durr, kicked a good penalty from an oblique angle to give them a 3â\200\2240 lead. A few minutes later the Kingswood centre, A. G. Smith, thrilled the crowd when he collected a short kick ahead from his brother and ran very strongly to all but score. He was stopped only a few feet from the line. Rondebosch flyhalf, Denn, intercepted a pass on the Kingswood twenty-five to score in the corner, thus making the score 6â\200\22400. The only other score in the first half was also registered by Rondebosch when right-wing Lombard gathered a neat kick ahead to race over in the corner making it 9â\200\2240.

Almost immediately after half-time Rondebosch went ahead still further. Van Schalkwyk fumbled a kick ahead on the Kingswood line. He thought he had dotted the ball only to have a Rondebosch forward, Smuts, race up and score next to the posts. Durr converted to put Rondebosch in the lead 14â\200\2240. With 25 minutes to go the Kingswood fullback, Van Schalkwyk had to be taken off the field when he was badly concussed in a tackle. Badenhorst was moved into the line, but the remaining seven forwards played magnificently to hold the powerful Rondebosch pack. From a try by Lombard Rondebosch went still further ahead, 17â\200\2240. Then came what was perhaps the best try of the day. Keast, the Kingswood centre, broke from the Kingswood twenty-five and passed to winger, Woodward. Running very hard and intelligently near the touch line he was able to slink past the fullback, and ouâ\200\231â\200\230striv the defence to score under posts. Smith converted to make the score 17â\200\224S. This proved to be the final score.

It was an excellent game with many bright moments. Rondebosch were well and truly held in the forward game but certainly had the edge in three-quarter play and combination. Their threes are fast and handle beautifully. Kingswood also played very well and only bad luck prevented them scoring further points on a number of occasions.

Our congratulations to Rondebosch and we wish them every good fortune for the rest of the season.

The game was very well handled by the referee Mr. Cunningham.

(GRIES:

Kingswood vs. St. Andrewâ\200\231s

St. Andrewâ\200\231s beat Kingswood most convincingly by 37 points to nil.

We know that St. Andrewâ\200\231s have had two magnificent years of rugby, but

rarely can their team have played better. Without resorting to meaningless superlatives, one can only say that the brilliance of each member of the team led to a magnificent combination at all timesâ\200\224hence the score.

Without holding it up as an excuse, it is only fair to point out that Kingswood were singularly unfortunate in being without the services of four first team three-quarters and a forward. The reshuffled line could not stop the speedy thrustful St. Andrews backs. Without wishing to single out individuals for special praise, I must say that rarely, if ever, can a schools team have had backs of the calibre of McIntosh, Simons, Searle, Stafffford and Parker. It was certainly worth seeing a line like this in action. Valentine, at fullback, has improved tremendously and Williams also played well. They were well served by their forwards who gave them a fair share of the ball and were, as always, outstanding in the loose scrums. Left wing Parker had a brilliant day being personally responsible for 22 points (2 tries, 2 penalties and 5 conversions), an outstanding achievement.

Kingswood, though outplayed on the dayâ\200\224particularly at three-quarterâ\200\224did at no stage give up. â\200\230The result, in spite of the wide margin, was a thoroughly enjoyable match played in the very best of spirit. The forwards did well, but apart from the two regular three-quarters, Hitchens (scrum-half) and A. G. Smith (fly-half), nobody else could match the St. Andrewâ\200\231s lineâ\200\224and who can blame them?

By half-time the score was 11â\200\2240. It was an interesting half with both teams pressing. Superior finish brought St. Andrewâ\200\231s two tries (Williams and Searle), a penalty and 2 conversions (Parker).

Finally, I would like to say that the manner in which St. Andrewâ\200\231s took their victory and Kingswood their defeat could be something of an object lesson to spectators of all age groups. Our personal and hearty congratulations to St. Andrews on this victory.

The game was very well handled by referee Mr. D. Searle. We are lucky to have referees in this town of his ability.

Kingswood ys. St. Aidanâ\200\231s

In a match ably controlled by Mr. Cunningham, St. Aidanâ\200\231s, playing at home, defeated Kingswood College by 16 points to ten.

The game was fast and exciting throughout, both sides playing attractive and open rugby, moving the ball along the line at every opportunity.

St. Aidanâ\200\231s owed their victory to the excellent work of their forwards who, packing low and tight, held and at times pushed the well-trained Kingswood pack. They were ably supported by their three-quarters, who used their speed to great advantage and whose handling of the ball was just that little surer than their opponents.

Kingswood opened the scoring in the first five minutes when their centres broke and scored comfortably near the posts to make the conversion comparatively easy. St. Aidanâ\200\231s counter-attacked immediately and were rewarded when a centre broke through in midfield and out-pacing the fullback scored between the posts and converted his own try. Shortly afterwards the St. Aidanâ\200\231s scrumhalf dived over from a scrum on

the Kingswood goal-line, but the kick at goal was disallowed. St. Aidan's went further ahead when a centre, following up a kick ahead, gathered at full speed and drawing the fullback allowed the left wing to score well out. The try was converted.

In the second half Kingswood opened the scoring when their fullback turned defence into attack. Gathering the ball from a kick ahead in his own half he neatly avoided a tackle and set his line in motion. After some neat inter-passing among the backs Kingswood scored near the posts and made no mistake with the conversion. St. Aidan's continued to press and gaining possession from a scrum near the Kingswood half sent the ball along the line and the right wing scored well out but failed with the kick at goal. Kingswood now made every effort and their backs always looked dangerous but the St. Aidan's vastly improved defence held out.

#### Kingswood vs. Muir

Kingswood travelled to Uitenhage to fulfill this annual fixture. In spite of heavy overnight rain the surface was firm and dry with a moderate breeze blowing at an oblique angle to the playing field. The match proved to be an exciting one ending in a 9-0 victory for Muir.

The game started at a cracking pace which was, incidentally, maintained throughout the match. Kingswood won the majority of scrums in the first half, thus giving the three-quarters ample scope for movement. The line moved and were only kept from scoring on a number of occasions by a particularly fierce covering defence. Muir also moved well; left-wing H. Botha being particularly fast and thrustful. A. G. Smith kicked a neat penalty to put Kingswood ahead (3-0). Shortly afterwards the same player took a very good scissors pass from fly-half R. Keast to crash over and score in a good position. He converted to give Kingswood an 8-0 lead at half-time.

Such is rugby, that although Kingswood did most of the pressing in the second half, it was Muir who scored. The Muir forwards had taken a fresh grip on themselves with the result that Muir saw more of the ball. Liddel kicked a penalty to reduce Kingswood's lead to 8-0. Almost immediately afterwards Botha was able to evade two tackles and score in the corner to further reduce Kingswood's lead to 8-0. The next quarter of an hour saw Kingswood all but score on several occasions; only to be pushed back by free-kicks resulting from over-eagerness to score. The last ten minutes saw Kingswood consistently in the Muir half, but with only a few minutes left, play swung briefly back to the 25. Kingswood were unfortunately penalised and Liddel made no mistake with an easy kick.

A most pleasant and exciting game was thus won by Muir (9-0).

#### Kingswood vs. King Edwards School (Johannesburg)

Fortunately the wind had somewhat abated in strength by the time the Kingswood versus King Edward's School match started. Enjoyable though the game was, and there were some really good movements, I

could not help but feel that we were watching two rather tired teams play. Both sides had several matches the previous week with the result that a little of the snap and precision was missing in several movements.

For the greater part of the first half K.E.S. kept Kingswood in their own territory, but were unable to get control of the ball from the scrums. A. G. Smith opened the score for Kingswood with a good 45-yard penalty into the wind for the home team to lead 3-0. Shortly afterwards K.E.S. staged a very fine forward rush for Johnstone to score in the corner, making the score 3-7. Kingswood heeled quickly from a loose scrum for A. G. Smith to cut in and threw out a long pass to right-wing Woodward. This match was the first Woodward had played for several weeks. He made no mistake and ran well to score; 6-7 in favour of Kingswood was thus the half-time score.

Kingswood really began to press hard in the second half with the forwards consistently gaining possession of the ball. Puffett, the Kingswood captain, scored from a push over try to put Kingswood ahead (9-7). Shortly afterwards Badings was inside left-wing G. B. Smith for an inside pass which he gathered well to score (12-7). K.E.S. now returned to the attack. From a good rush Hall picked up the rolling ball and scored a fine try (12-14).

The final score came when R. Keast worked the blind side to send G. B. Smith over in the corner. His brother, A. G. Smith converted with a magnificent kick to put Kingswood ahead (17-14). This proved to be the final score.

K.E.S. are a team who certainly have taught us a lesson in dribbling and hand to hand rushes. It is a pity that their forwards were unable to get control of the ball more, but this they will doubtless remedy in the near future.

The match was a pleasant one, enjoyed by all who saw it, and well controlled by referee Jimmy Green.

#### Kingswood vs. Gill College

This proved to be what was perhaps one of the most spectacular games of rugby this season. Play swung from attack to defence and then back to attack again with amazing and at times bewildering rapidity. So keen and exciting was the game that right up to the last seven minutes it was still literally anybody's game. The final score was 17-14 in favour of Gill, victory going to them eventually because of a marked superiority of speed in the line. Both teams handled the ball well and threw it about with almost reckless abandon.

J. Woodward and R. Stern scored tries for Kingswood, and Gill scored 3 tries, converted one, and goaling a penalty.

A thoroughly enjoyable game, and all credit to Gill for their win and the manner in which they achieved this.

#### Kingswood vs. Greame College

In a hard, fast game on the Graeme field, Graeme defeated Kingswood by 19 points to 9 after leading 5-3 at half-time. The main features of the game was the excellent performance of the Graeme backs and the

superiority of the Kingswood forwards in the lineouts. The scrums were shared equally.

Kingswood kicked off into the sun and for the first few minutes play was rather ragged. After five minutes play Kingswood were awarded a penalty about 35 yards out but A. G. Smith's attempt at goal did not go anywhere near the posts. Kingswood opened the score in the twelfth minute when Woodward, the Kingswood wing, touched down just ahead of Shaw, following up a kick ahead by Keast, the Kingswood fly-half, Phillipson failed with the convert (3-0).

Graeme then went into the attack and scored when the ball was smartly heeled from a loose scrum and was passed down the Graeme line to Amm who touched down near the posts; Dare made no mistake with the conversion (5-3). The Graeme backs continued with the some good movements but half-time came with the score still at 5-0.

After the resumption of the second half Graeme immediately went on to the attack and in the sixth minute Borman put over a drop for Graeme from about 25 yards out after Badings had failed to find touch (8-0). Shortly afterwards Cox, the Kingswood front ranker, went over from a loose melee. Phillipson again missed the conversion (8-0). Three minutes later Graeme were awarded a penalty on the Kingswood 25 and Dare made no mistake with the kick (11-0). Graeme continued to do all the attacking with Kingswood defending desperately on a few occasions. Then Martinus Meyer scored in the 22nd minute after a very good interchanging movement which ended in Meyer diving over in the corner. Dare failed with the conversion (14-6).

From the drop out Kingswood went on to the attack and four minutes later the Kingswood forwards went over in a bunch from a loose melee near the Graeme line. Phillipson again failed with the convert (14-0). A little later Graeme scored a brilliant try from a movement starting in the Graeme half. Borman came into the line to give the overlap and Amm went romping over in the corner. Billson added extra points with a fine kick. Shortly afterwards the final whistle went with Graeme the victors by 19 points to 9.

#### AWARDS

Colours: T. Puffett, A. G. Smith, D. Cox, A. Badenhorst, R. Keast, M. Veale, R. Stern.

Team Blazers: F. van Schalkwyk, J. Woodward, G. B. Smith, L. Badings, R. Hitchens, C. Hutton, F. van Wyk, W. P. Kruger, A. Mentjies.

The following have all played at least two matches for the Ist XV this year:

F. van Schalkwyk, J. Woodward, G. B. Smith, B. Pewsey, P. Barrett, L. Badings, N. Duncan, A. G. Smith, E. Whitehead, R. Keast, R. Hitchens, T. Kneen (three-quarters) R. Stern, H. Veale, K. Beaton, D. Cox, J. Cook, T. Puffett, C. Hutton, F. van Wyk, W. P. Kruger, A. Badenhorst (forwards).

## 2ND XV.

After a somewhat indifferent start to the season when they were beaten 30â\200\22400 by St. Andrewâ\200\231s, the 2nd XV began to show remarkable improvement. In spite of losing many of their best players to the 1st team, they began to play really good rugby with many of their matches being a joy to watch.

In K. Beaton and A. Behrmann the team has as good leadership as it is possible to have. They responded magnificently and in the final match against a full St. Andrewâ\200\231s 2nd XV were only beaten 11â\200\2246.

They had good victories against Gill, St. Andrewâ\200\231s 3rd XV, and others and came very close to beating Grey and Muir. Matches against Graeme and St. Aidanâ\200\231s equivalent teams could unfortunately not be arranged.

There are many players in the 2nd team that came close to selection for the 1st team this year, but they will certainly have their chances next year.

Regular players in the second team, other than those mentioned already in the 1st team were:â\200\224

C. Jones-Phillipson, J. van Niekerk, D. du Plessis, D. Raphael, P. du Plessis, T. Kneen, A. Behrman, K. Beaton, I. Eltringham, G. Louw, L. Wicks, M. Hochschild, H. Wood, W. Haselau, N. Fivaz.

## (Gales 4TH DIVISION

Although the number of matches played was not excessive, it would still be true to say that all enjoyed their rugby this season. The number of people who passed through the Division was considerable but still things were kept running smoothly.

Practices were held regularly and these appeared to be enjoyed by everyone. The spirit that existed in the Division was admirable and everyone is to be congratulated on the enthusiasm displayed.

It would be unfair to pick out certain players for special mention as everyone tried hard to do their best. However, I think that we should say a special â\200\234thank youâ\200\235 to G. Filmer, who captained the Division most efficiently and who displayed enthusiasm and keenness throughout the season.

Special mention should be made of the weak tackling that existed in the Division. This, however, appears to be a weakness in several of the Divisions and we tried in a small way to overcome this difficulty. The tackling of several boys improved considerably, so it canâ\200\231t be said that the time spent on this was wasted.

My thanks to everyone in the Division for their assistance and for displaying a fine sportsmanlike spirit which was the basis for a most enjoyable season.

#### 5TH DIVISION

A keen spirit prevailed amongst the Division throughout the term and the matches played against other Divisions and Schools proved very enjoyable and in some cases very hard fought.

In the â\200\234Aâ\200\235 team I would like to congratulate the captain, C. Breen, and vice-captain Blaine for the way they held the team together. Mackay played vigorously and made some good breaks through the forwards. D. Hutton was hooking well towards the end of the season and J. Fold, who was promoted to a higher Division for his play as fullback, helped us out admirably on more than one occasion. Clarke has a nice turn of speed and should make a good wing, Darroll, Hartley, Wicks and Brook all did well in the forwards.

In the â\200\234Bâ\200\235 team, R. C. Reed, as captain, and Westaway leading the pack were towers of strength. Davey and Daly (centres) showed excellent spirit, Laurie (scrum-half) and Ackerman (our roving eighth man) never gave up trying. Newcomers to rugby such as Massell and Curran picked up the game very well both these boys making tries during the course of the season. We sustained one serious injury, Beaumont who had been playing well as fly-half broke a bone in his shoulder joint requiring a very delicate operation to mend it.

One big criticism of the division as a whole was its inability to tackle low, this will I hope be rectified in 1955 when I wish the Division another enjoyable rugby term.

#### UNDER FIFTEEN

Although the 2002/2003 team lost one game of the seven played, they had what may be considered a most successful season. They threw the ball about, and at times their backing up compared favourably with that of senior teams. Although the 2002/2003 team never quite reached again the heights attained in their first game against St. Andrews, when the ball was passed twelve times without a check of any sort to result in a try beneath the posts, they nevertheless played sound, constructive football. A weakness at half was temporarily solved by changing Gordon Hayward from wing to scrum-half. Shortly afterwards he left for a holiday overseas, and his deftness was evident by his absence, when the ball reached the three-quarters sluggishly once more.

Perhaps outstanding in this team was Borrás, who ran hard for the corner and possessed a fine change of pace. On the left wing he scored in six of the seven matches. Wandoros and Harris made a very good pair at centre until the latter was hurt halfway through the season and did not play again. Van Schalkwyk was a tower of strength at fullback. His absence also proved this point, for when he played centre against St. Andrew's 2003's kicks ahead on to the fullback resulted in scores and in the 2002/2003's only defeat this term.

Meyer, P. did well at flyhalf, taking a great deal of punishment but always doing his best to feed his strong three-quarters. His try against St. Andrew's 2003's was brilliant, resulting from his dummying his way through the whole of the opposing side from a line-out.

The forwards were big and strong but were inclined to play too loose. Masterson, who was a very able captain, Moffett, Badenhorst, van Breda and Swan were outstanding, while Karis gave us a fair share of the bail.

WWOA DA WW Ww

Points were scored by the following: 2004

Borrás 2004's 7 tries; Masterson 2004's 1 try, 8 converts; Vandoros 2004's 2 tries; van Schalkwyk 2004's 2 tries; Meyer, P. Swan, van Breda 2004's 1 try each.

Thanks go to Masterson and Vandoros for their great help in administration.

The 2003/2004 side, as is usual, suffered greatly from having to supply reinforcements to the 2002/2003 team, so that they did not turn out the same XV twice.

Brotherton proved himself an inspiring leader and helped greatly with the administrative side of the game. Owing mainly to much unavoidable chopping and changing, the 'B' line seldom looked dangerous, but was adequate in defence. The forwards always held their own with opposing packs and did a good job of work. As with the 'A' pack, their tendency was to play too loose, often allowing opposing forwards to break through on to their halves.

Results: 'A' (Played 7, Lost 7).

#### SENIOR TENNIS

1st and 2nd Terms, 1954.

The interest and keenness in tennis has continued to develop this year. Our only regret is that the limited staff available for coaching cannot possibly cope with all the requirements of the many enthusiastic young players. It has been very pleasing to note, however, that many of the boys are helping themselves by turning out to watch other boys being coached when they themselves are unable to get personal attention. It is to be hoped that others will also follow the example set by some of the better players who turn out whenever possible to practise with or without organised help.

The enthusiasm of the boys has already brought very pleasing results in the case of the 1st team boys, and the younger ones are showing great improvement. Boys in the first division deserve a real pat on the back for the way they have stuck at their job of practising and for turning in better and better results as time goes by.

During the first term we started by getting a good hiding from a very good Grey High School side who came up from Port Elizabeth. Later on we went down to East London to play Selborne College and again came off second best, but the boys showed a fair improvement in spite of unusually windy conditions.

This term, however, hard practise has been rewarded by a fine victory over Graeme College 'A' the first for many years. A further success came when C. de Haes comfortably won the Under 18 Singles Championship for Grahamstown and District Schools. Pleasant friendly games have also been had against Rhodes University Junior teams, and the boys have enjoyed afternoons playing at Training College and the Victoria Girls' High School.

C. de Haes has been our best player this year and has turned in some good matches. It is possible that he may get a place in the Junior E.P. team to participate in the Junior National Championships at the end of

the year. Barry Purdon, Cecil Jones-Philipson and John Harris have played very well at times and A. Meintjies, R. Davis and R. Dunstan have all played for the first team.

M. Huddy and H. B. Harris are the two best juniors, and have also both played for the first team. Among other promising young ones coming up are W. Veale, M. Cobden, L. Wicks.

Kingswood is definitely moving forward in tennis and thanks are due to all the players not only for playing hard but also for helping with the administration. Here the Tennis Committee comprised of C. de Haes (Captain), C. Jones-Philipson (Secretary), A. Meintjies and B.

Purdon need a special word of thanks.  
iColal,

#### ATHLETICS

1st and 2nd Terms, 1954.

From some aspects these two terms have seen the best performances on the track and in the field for some time. The first term saw two Eastern Province records set up at the E.P. Inter-Schools in the Shot, two of our team selected to represent E.P. at the Junior South African Championships, and one South African Junior title (U.17) chalked up to the credit of Kingswood Athletics.

In respect of record breaking the second term Cross-Countries have proved no less spectacular as both in the Senior and the Junior the records were substantially beaten. This story is told elsewhere so more anon. The details of the Athletic events which are recorded in this issue of the magazine include:

The E.P. Inter-Schools Championship.

The Inter-Provincial Triangular Competition (held for 2nd year).  
The Informal Sports.

The 1954 Cross-Country: Senior, Junior and Under 14.

The first outing that the Athlete had was on the Oval when three teams completed in the U.15, U.17 and U.19 E.P. Inter-Schools in Port Elizabeth on Saturday, March 20th. The following boys took part:

#### UNDER 15 TEAM

100 yards: F. van Breda, unplaced in final.

220 yards: F. van Breda, unplaced in final.

880 yards: C. Vandoros, 3rd.

High Jump: C. Vandoros, 2nd.

Long Jump: T. Masterson, unplaced in final.

Shot Put: T. Masterson, 1st (broke existing record by 6ft. 103ins. to throw 48ft. 3 ins.)

Pole Vault: C. Vandoros, 2nd.

90 yards Hurdles: W. Babb, unplaced in finals.

Athletics Dil,

Relay:â\200\224F. van Breda, R. Barnes, D. Borrás, G. Hayward, unplaced in finals.

The Team scored 12 points and were Runners-up in this Competition.

#### UNDER 17 TEAM

100 yards:â\200\224J. Woodward, unplaced in the final.

220 yards:â\200\224J. Woodward, unplaced in the final.

440 yards:â\200\224E. Whitehead, 1st (Time: 53.7 secs. Standard).

880 yards:â\200\224E. Whitehead, 2nd (Time: 2 mins. 3.6 secs, Standard).

High Jump:â\200\224D. Raphael, 1st (Height: 5ft. 54 ins., Standard).

Long Jump:â\200\224G. B. Smith, unplaced.

Pole Vault:â\200\224A. Meintjies, 4th.

Shot Put:â\200\224 N. F. van Schalkwyk, 1st. (broke existing record by 2 ft. # ins. to throw 44 ft. 53 ins.)

110 yards Hurdles: N. F. van Schalkwyk, unplaced in finals.

The Team scored 17 points and finished third in this Competition.

Errol Whitehead and Faure van. Schalkwyk were selected to represent E.P. in the Under 17 Section of the S.A. Junior Championships. Whitehead to run the 440 yards and the 440 in the Medley Relay and Van Schalkwyk to Put the Shot. Whitehead very nearly managed to pull the relay out of the fire running into second place in the fourth and final leg, and Faure van Schalkwyk annexed the U.17 S.A. Shot Put title with a magnificent throw of 44 ft. 6% ins.

#### UNDER 19 TEAM

100 yards:â\200\224R. Webber, unplaced in the final.

220 yards:â\200\224R. Webber, 4th.

440 yards:â\200\224B. Pewsey, 4th.

880 yards:â\200\224T. Puffett, 2nd (Time: 2 mins. 5.1 secs, Standard).

One Mile:â\200\224F. van Wyk, 3rd (Time: 4 mins. 46.8 secs, Standard).

Two Miles:â\200\224F. van Wyk, 4th.

High Jump:â\200\224A. Stirk, 3rd (Cleared 5ft. 4ins., Standard).

Long Jump:â\200\224R. Webber, unplaced.

Shot Put:â\200\224A. G. Smith, 2nd (37ft. 23ins., Standard).

Pole Vault:â\200\224A. G. Smith, 3rd (9ft. 6ins., Standard).

110 yards Hurdles:â\200\224A. G. Smith, 3rd (14.9 secs., Standard).

The Team were Runners-up in this Competition scoring 19 pts.

#### THE INTER-PROVINCIAL TRIANGULAR COMPETITION

This is the second year that we have managed to run this competition which is aimed at increasing the opportunity for the athlete of average

ability to make his contribution by representing his Province in a relay competition that embraces all the races run at the normal Triangular between Grey, St. Andrew's and Kingswood. The programme is the same and all the events take place on the same afternoon except the Pole Vault which is held previously. The results were matched against last years performances and so the standards and records begin to take shape. For interest purposes we are publishing a full programme that gives all the details of the competition and the names of the competitors.

#### INTER-PROVINCIAL RELAYS

Gane Field, Kingswood College, Wednesday, 31st March, 1954, 2.30 p.m.

The competition was run according to the Oxford and Cambridge relay system and incorporated a panel of eleven events one of which had already been decided. The point scoring is 3 for First, 2 for Second and 1 for Third.

Competing Provinces are:

Rhodesia and The Rest Team Captain: F. van Wyk  
Eastern Province & Border Team Captain: A. Meinties  
Transvaal & Western Province Team Captain: A. Smith

#### Last Year's Results

1. Eastern Province & Border 28% points
2. Rhodesia & The Rest 20 points
3. Transvaal & Western Province 18% points

(Last year's times etc., are given in brackets. Teams are named in the order in which they were placed in last year's contest)

Event already decided:

KINGSWOOD COLLEGE INFORMAL SPORTS, 1954.

On Saturday, April 10th, the Informal Sports were

held on Gane

Field. Despite the unideal conditions presented by a blustering wind  
that impeded both track and field athletes and a heavy fall of rain the  
night before there were a number of fine performances and a total of  
nineteen standards attained reflected a credit to the keen enthusiasm of all

competitors. The only record that was broken was in the total number of entries received. There were in all just over twelve hundred, which is the highest number ever recorded at Kingswood. The best performances of the day were in the 880 yards, the Mile, and the Shot Put Open. Considering the circumstances the time of 2 mins 8.8 secs was excellent and the fact that out of the six up at the finish four managed to get past the post in under 2 mins. 10 secs. (Standard for this event), showed the keenness of the competition.

In the Mile F. van Wyk ran a well judged race to beat R. Davis in the sound time of 4 mins. 52.6 secs. In the Open Shot Put A. G. Smith set a high standard by throwing the 14lb Shot 40 ft. 7 ins.

At the end of the afternoon the sectional winners received the usual reward for their hard labour when Mrs. D. A. D. Adams presented the Prizes.

The detailed results are as follows:

#### OPEN CHAMPIONSHIP

100 yards: 1. R. Webber (T), 2. J. Woodward (R), 3. B. Pewsey (R).  
Time: 10.6 secs. (First two did Standard).

220 yards. 1. A. G. Smith (Ml), 2. J. Woodward (R), 3. G. B. Smith (T).  
Time: 24.6 secs.

440 yards: 1. B. Pewsey (T), 2. D. Cook (E), 3. D. du Plessis (R).  
Time: 55 secs. (Standard).

880 yards: 1. T. Puffett (R), 2. B. Pewsey (R), 3. F. van Wyk (R) 5  
4. D. Cook (E). Time: 2 mins. 8.8 secs. (All in under Standard).

Mile: 1. F. van Wyk (R), 2. R. Davis (T), 3. T. Puffett (R). Time:  
-4mins. 52 .6 secs. (First two under Standard).

Two Miles: 1. R. Davis (T), 2. F. van Wyk (R), 3. K. Beaton (T). 4.  
B. Armstrong (E). Time: 10 mins. 30.6 secs.. (All in under Std.).

## SENIOR CROSS-COUNTRY

The weather, which had frowned upon the original date chosen for the Annual Cross-Country, smiled upon us the following day, and permitted 78 competitors to take the field for the Senior event.

The race this year produced unprecedented thrills, and it is certainly the most successful in recent years. It may well be the most successful ever staged. The first two runners home broke the record set up by Derek Meyer in 1952 of 20 minutes 45 secs. It was thought that Meyer's record would stand for many years as in the setting up of it he clipped 33 secs. off the previous time of Clive Turner that had stood since 1947. R. Davis and B. Armstrong ran exceptionally strongly to head a field that challenged them all the way. So far as records of past races show there have never been more than three who have achieved Standard time in one race, even when records have been set up. So this year's race saw history made when no less than eight boys, Beaton (3rd), Cook, D. (4th), van Wyk (5th), Newton (6th), Puffett (7th) and Hewson, J. (8th), came home in under Standard time. R. Davis ran brilliantly to head the field setting up a new record of 20 mins 40.3 secs. B. Armstrong must also be congratulated in a fine run that kept the pace keen and the issue in doubt right up until the home stretch on Gane Field. He was home in 20 mins. 43 secs. It was a great race and those who achieved the honours together with those who by their own fitness and challenge made the general standard so high, are to be heartily congratulated. Their reward is to have run in such a race.

The detailed results are as follows:

R. Davis (T) 20 mins. 40.3 secs. (Record).

B. Armstrong (E) 20 mins. 43 secs (2 secs better than old record).

K. Beaton (T) 21 mins. 11 secs. (Standard).

D. Cook 21 mins. 16 secs. (Standard).

F. van Wyk 21 mins. 19 secs (Standard).

R. Newton 21 mins 56secs. (Standard).

T. Puffett 22 mins. 7 secs. (Standard).

J. Hewson 22 mins. 15.2 secs (Standard).

9. A. Stirk, 10. M. Meyer, 11. B. POWAY, 12. AG Merion, 13. A. Sonnenfeld, 14. D. McDonald, 15. T. Kneen, 16. H. Veale, 17. N. Wicks, 18. A. du Plessis, 19. C. Haselau, 20. G. Malkin, 21. M. Hochschild, 22. D. Abrahams, 23. P. Morrison, 24. B. Purdon, 25. D. Allinson, 26. W. Kruger, 27. R. Evans, 28. I. McPhee, 29. V. Robins, 30. F. Stephens, 31. J. van Niekerk, 32. R. Stern, 33. J. Truscott, 34. R. Rowe, 35. R. Weinand, 36. T. Toogood, 37. C. Engelbrecht, 38. D. Hall, 39. C. Jones-Phillipson and A. Meintjies, 40. B. Woodward and P. Barrett, 41. W. Morgan, 42. G. Louw H. Gush and N. Millard, 43. A. G. Smith, R. Keast and N. van Schalkwyk, 44. P. Goldman and J. Harris, 45. B. Davey, 46. M. Breen, 47. T. van Rensburg, 48. J. Cook and C. Hutton, 49. H. Bennett, 50. J. Dunlop, 51. K. Bockel and A. Holmes, 52. N. Kelly, 53.

#### JUNIOR CROSS-COUNTRY

It is not very often that in the recording of the Annual Cross-Country Races we are able to claim two records, and on behalf of all the athletes I want to offer our hearty congratulations to Newton and Marriott for a brilliant showing in this race. Both of them broke the existing record, Newton by 15.9 secs and Marriott by 4.5 secs. Malaher's time of 20 mins. 40 secs put him just 3.5 secs outside the record and so he must also be applauded on a very plucky run. There can seldom have been a more keenly contested race. As this is a Junior Event the result is most encouraging, particularly when we remember that nearly all the competitors have at least another year of Athletics before them before they leave, and most of them two. It was a good field and an excellent run. Congratulations to all who took part and it is good to see that every one finished the course. It shows the right spirit.

The detailed results are as follows:

1. R. Newton 20 mins. 20.6 secs. (Record).
2. A. Marriott 20 mins. 32 secs (4.5 secs better than the old Record).
2. T. Malaher 20 mins. 40 secs.

4. D. Brown, 5. D. Keevy, 6. P. du Plessis; 7. J. Vandoros, 8. FE) vani Breda, 9. B. O'Donovan, 10. K. Bertschinger, 11. D. Raphael and N. Fivaz, 13. G. Filmer, 14. M. Moffett, 15. T. Brickhill and R. Larkin. 17. IP, Miaxyer 18, 1D), lavas, 19. IR, Bosoriln, 20. Uo Rew 2il, J, Loos, 22. J. Fold, 23. R. Swan, 24. B. Watson, 25. G. Salmon, 26. L. Badings, 27. R. Darroll, 28. P. Mackay, 90. D. Hutton, 91. K. Payne, 92. K. Davey, 93. J. Hayward, 94. T. Hughes, 95. G. Rutter, 96. G. Prentice, 97. A. Bradbury, 98. A. Pretorius.

UNDER 14 CROSS-COUNTRY

The Under 14 Cross-Country was run off on August 2nd in fine mild weather. There was a record field and as was to be expected after two fine senior races this race produced many thrills. The issue was not clinched until the final straight, when Babb, handicapped by a misunderstanding earlier in the race, put in a great finish to beat Handley who for an Under 12 shows exceptional promise. Weir finished strongly to gain third place in the style that suggests that we have not seen either the last or the best of him yet. This year's event produced a time that was only 5.7 secs outside the existing record set up last year by C. Vandoros. From the look of things the record is by no means safe and it should be strongly challenged when the competitors take the field next year. There were some 180 odd runners and all acquitted themselves in a manner that shows there is still the same spirit among the Junior ranks.

The detailed results are as follows:

- 1: W. Babb 4.2 mins 4.2 secs.
2. D. Handley 4.2 mins 10 secs
3. R. Weir 4.2 mins. 16.5 secs.

4. E. van Eck, 5. J. Stephenson, 6. J. Dacam, 7. N. Whitehead, 8. O. Anderson, 9. H. Tucker. 10. A. Oxenham, 11. Alec Wellington, 12. B. Searle-Tripp, 13. P. Watson, 14. P. Benson, 15. D. Fold, 16. J. Henderson, 17. W. van Niekerk, 18. J. Bannister, 19. R. Halligey, 20. P. Hewson, 21. J. Ansley, 22. R. Warner, 23. H. Smith, 24. H. Veale, 25. M. Huddy, 26. Connan, 27. A. Wienand, 28. Job, 29. AWARDSâ\200\224SECOND TERM 1954.

Colours:â\200\224

R. J. Davies (For setting up a new record for the Senior Cross-Country of 20 mins. 20.6 secs).

B. Armstrong (For beating the old record in the Senior Cross Country).

K. Beaton (Mile, E.P. Inter-Schools All-comers, Two Miles, Informal Sports, Senior Cross Country 1954).

TREKS

Team Blazers:â\200\224

D. Cook (Re-awardâ\200\224now has two standards, 880 yards Informal Sports and Senior Cross-Country).

F. van Wyk (Re-award).

R. Newton (Senior Cross-Country, 21 mins 56 secs).

T. Puffett (Re-award).

J. Hewson (22 mins. 15.2 secs, Senior Cross-Country).

Track Suits:â\200\224

A. Marriot (For a meritorious performance in Junior Cross-Country).

## JACQUES HOUSE AND PREPARATORY SCHOOL NOTES

Owing to the late publication of this issue of the magazine, it will be possible to cover the whole period May-December in these notes.  
\* \* \* \*

When we re-assembled on May 11th it was found that quite a number were absent having very convenientlyâ\200\224from our point of viewâ\200\224developed chicken-pox during the vacation. Thanks to the health certificates and alert parental co-operation we remained clear, which helped our rugby teams to make as unimpeded a start as several rainy spells would allow.

\* x Xe \*

In spite of heavy rain, the now almost completed national road to East London enabled several car loads of choristers, thanks to helpful friends, to get across to participate in the Eisteddfod and to be placed first in their section.

\* \* \* \*

The Juniors as much as anyone will miss the enthusiastic instruction of Mr. W. Bennett Brown, who has accepted a new appointment in Perth, Canada. He has done much to stimulate a real interest in singing and we shall have to avail ourselves of all the help on offer to keep this alive until another full-time Director of Music is available.  
x \* %\*%

Early films that were enjoyed were: â\200\234A Million Pound Noteâ\200\235, â\200\234The Valley of the Eaglesâ\200\235 and an Educational â\200\234The Cold North.â\200\235  
\* \* x \*

\*

We noticed that several O.K.â\200\231s were distinguishing themselves on the rugby field. Lombard, vice-captaining â\200\230Witsâ\200\231, showed excellent form in P.E. and Roebert was picked at lock for Border vs. E.P. Ken Watson and Colin Kroon played very well for E.P.

Half-term was spent picnicking hereabouts but we were not responsible for a bushfire that started at the back of the Botanical Gardens. In the last term we spent the usual enjoyable day at Port Alfred.

General Health had caused no anxiety whatsoever until Grieve fell over something to break an arm and Kipps and du Plessis damaged fingers. Denis Webb, however, gave us the first scare when he developed a queer throat and all who had not been immunised for diphtheria had to have their injections. ,

ae \* ES

We were glad to welcome as our guests at various times Mr. Amos du Plooy, teacher and renowned front-ranker and genial captain of E. Province; Mrs. Mildred Wood and Mrs. Amy Goss both Old Boys dating from W.H.S. days; the Chief Magistrate, Mr. C. E. Cuff, and Mrs. Cuff just before their promotion to East London; also the Assistant Magistrate, Mr. C. Henning and his wife; Mr. Houba, the well-known Western Province tennis coach and Charles Elliott (P.E.), Mike Wilson (Nairobi) and Arthur Edmunds (P.E.) all O.K.s

\* \* \* x

We were happy to have some 40 boys from the High School at Alexandria to lunch with us and to meet their Principal, Mr. Jooste, and several of the Staff.

Mid-year Exams commenced on July 5th. The only pleasant thing about them was the Monday holiday that followed, enabling us to see Gipsy Colt. The more senior members enjoyed The Tale of Two Cities

\* \* \* \*

Though not hockey fans we could appreciate the fine combination of the English Hockey team in their game against Albany who put up a good fight. The rugby match, Midlands vs. Combined P.E. Clubs, produced ee rugby polly at Oe

The Middle and ro School eocire two short mee on the first Saturday in August The Moving Finger .... and The Haunted Barn.

\* % \* \*

The Under 14 teams and the Under 13A bussed to Alexandria and were hospitably entertained by the school and parents. The games were most enjoyable and exciting on a field possessing some rather unusual characteristics.

\* \* \*% x

The Junior Cross Country attracted 189 runners out of a possible 220 odd thought to be a record turn-out.

Our Prefects T. Puffett, D. du Plessis, K. Beaton and W. Kruger who had been rendering yeoman service as usual, had to leave for Cadet Camp early in August. It was most gratifying to note how well the House managed under their own monitor control.

\* \* \* \*

We had to say Goodbye to Sister T. L. Perriot who was retiring after many years of devoted service at the Sanatorium. Most of us at one time or another had experienced her kind and capable ministrations

and wished her many restful years most sincerely.

Sister M. A. Lamont, late of London Hospital, will take charge at the Sanatorium and we bid her a warm welcome and trust that after the settling down period she will be very HAPPY here.

Our thanks to Mrs. Elston for taking charge of Art classes during Mrs. D. Butler's absence, and to Mrs. G. Bartlett and Mrs. U. Border for holding the Junior Mise en scene at a time a stress.

David Jones- Phillipson won first prize in the Albany Junior Fishing Competition and was presented with a fine fibre rod. He landed an aggregate of 384 lbs. over the period, mostly at Great Fish River Mouth. His biggest fish was a 29 lb. one

Gordon and Ian need and Roy J Hart have had trips to Europe. Lucky blighters quite apart from the work they missed !

Some more Examination humour has come our way. A Rhodesian using the Afrikaans word 'waai' in a sentence gave: 'Waai is jy laat?'

We were amused to know, too, that the Gordian Knot was a new boy at K.C. Prep. who had a good character and won the Jack Ellis Cup which Gordon Knott actually did! Also that John Dunlop was the man who brought ELT into the wees

We were grateful to Mr. i A: Beddy, father of Tom, for two fine blesbok which added a tasty variety to the Jacques menu. ok 3 38 oe

Junior Boxers were heartily congratulated on winning their match against St. Aidan's Juniors by 4-3. It is quite a number of years since we have been able to hold the Paddies and Mr. Watson and his team were deservedly pleased.

We were glad to see Dick Best back in charge of the visiting Kearsney Cricket side and at other times Melville Skinner, Alf Rider and Brian Rooke.

Mr. D. Hooper, B.A., joined the staff at the start of last term and was hard at work teaching Latin and General and coaching Cricket. We hope life here at the moment is to be enjoyed

A mystery ailment laid some two dozen fellows very low just at a time when accommodation at the San. was at a premium and kept staff and matrons busy working overtime for four or five days.

Lance Salway won the Jagger Scholarship against strong outside competition.

The highest House roll for the year was 117, a record, and surely a masterpiece of packing !

Mr. Slater's appointment to the Headmastership meant the termination of his long housemastership at the Prep. He was appointed to take charge of the juniors in January 1928 by Mr. H. T. Crouch. There were 14 boarders when he and Mrs. Slater took over in what is now Jagger House. They moved down to Jacques (Old Wesleyan High School Main Boarding House) with 44 in 1935 and have mothered and fathered many families since then. At the end-of-year feast they were presented with a handsome stand lamp and bowl and many good wishes. Mr. Slater said he and Mrs. Slater would be very sad to leave the Prep. where they had known great happiness but were glad to know that they would be handing the foundation work on to Mr. and Mrs. R. Q. Tarr, whose record bore ample testimony not only to their interest in the school but to their ability to cope more than adequately with all the demands their new post would make upon them.

ES o \*

Class positions at the end of the year were as follows:

Std. 1b: D. Jones-Phillipson, 2. C. Silcock, 3. A. Wicks.  
Std) 1la: D. Jones-Phillipson, 2. A. de Villiers, 3: D. Cooper:  
Std. 2: B. Wilmot, 2. R. Williams, 3. D. McKillen.  
Std. 3: T. Beddy, 2. C. de Wet, 3. C. Hayward.  
Std. 4: A. Poole, 2. I. Mason, 3. J. Kneen.  
Form Ifa: D. Dunstan, 2. A. S. Barnes, 3. D. Sager.  
Form Iib: R. Blair, 2. R. Shiels, 3. P. Hewson.  
Form IJla: R. K. Warner, 2. A. C. Moore, 3. J. Dickinson.  
Form IIIb: 1. P. F. Haddon, 2. D. A. Booth, 3. R. G. Knott.  
Form IIc: J. R. Bannister and L. E. Salway, 3. D. R. Silcock.

#### JUNIOR RUGBY

##### UNDER 14

M. Huddy (full back), T. Benson and N. Whitehead (wings), C. Krog and R. Warner (centres), D. Hiscock (capt.) and E. van Eck (halves), P. Kritzinger, R. Cohen, D. Solomon (front rank), A. Wienand and D. van Rensburg (locks), J. Bannister and A. Green (flanks), A. Oxenham (vice-capt.) No. 8.

There was no unbeaten record as far as these happy warriors were concerned but they played some very good games and shone most frequently on the attack. The forwards were sound in the tight scrums and improved a lot in the loose though two bad weaknesses still remain: (1) trying to do more than the position warrants instead of passing in time, and (2) untidy and too often overhand passing. There was promise of plenty of dash though a greater degree of individual fitness will be necessary to keep up and to be in position at the right time for the vital transfer. The backs had good pace and were penetrative and would have scored many more tries if they could have linked up quickly again

for the second wave of attack. Their tackling was fairly sound from the side but was not determined and resolute enough to check and tumble strong running opponents. Kicking too needed lots of practice for length and accuracy. Huddy has fine hands and feet and also E. van Eck. R. Warner played few games owing to a troublesome knee and Veale, who showed very fine promise, was out for the whole season.

#### UNDER 14

J. Orsmond; W. Babb, S. Kruger, R. Hepker, H. J. Smith, W. Veale, R. Woodward; R. Briscoe, D. Evans, B. Bles; R. Droomer and Arthur Wellington, J. Dacam, P. Haddon and G. Hewson played several matches.

A well balanced side lacking some of the speed and experience of the side. Several players, however, will find their way into the top flight as they pay attention to the basic skills of the game, i.e. catching and kicking securely; giving and taking passes; bringing your man down, etc.

The results of the matches were as follows:

#### Under 14

vs. Graeme U.14 Je bi eae ... won 15

#### UNDER 14

Of 7 games played the team won 3, lost 3 and drew 1, but lost no Inter-School games.

Haddon scored 18 points by accurate place-kicking, while Searle, Tripp, Stephenson (2), McCarter, Keevy, Priest, Filmer and Watson all scored tries.

Filmer led the team well, but the handling of the three-quarters was not all that it might have been, while it was noticeable that the forwards were not always quick enough to get into the loose scrums. Apart from this the team did as well as could be expected and never gave up trying.

The results of the matches were as follows:

Under 14

vs. Kingswood U.13    lost 11

WINDERS eA

This season has not been a particularly good season as far as results are concerned, for out of twelve matches played the Under 13 lost six, drew two and only won four. It is worthy of note, however, that they scored 92 points as against 81. Another noteworthy achievement was the fact that, although going down to Graeme 15 in the beginning of the season, they so improved their standard of play that they beat this same team at the end of the season by 30.

The team, as the season developed, began to weld themselves into quite a formidable combination, and should they keep it up, will eventually become a very difficult side to beat. At this juncture I would like to offer a word of advice—tackle hard and low and watch those passes. The team was at all times ably led by Henderson, who in turn was well supported by Dyer. The forwards are still inclined to play too loose and also are inclined to be slow on occasions in getting into the loose scrums, but nevertheless, Dunstan, Wienand, Knott, Walton and Booth did their fair share of the work as the “donkeys” of the side and should develop into very good tight forwards. Henderson, Connan, Bertschinger and Stewart played well during the season and are fast becoming very efficient loose-forwards. In the back division, I would like to congratulate Tucker, Jordan and Weir, on some very creditable performances, especially as they arrived at Kingswood this year with the idea that they were forwards. They are fast developing into good “threes”. Landsey and Ansley are also shaping very well as wing three-quarters, while Anderson, Dugmore and Dyer have given excellent service in the half positions. With more concentration on their passes from the base of the scrum, Dugmore and Anderson will become sound scrum-halves. Dyer, the flyhalf and vice-captain, had some excellent games.

Results:

Against St. Andrew's Prep (Kingswood mentioned second):  
16, 3, 9, 35; 12, 14.

Against Graeme: 15, 3.

Against St. Aidan: 12, 3.

Against Alexandria 4th team: 14, 3.

#### UNDER S Be

Played eight games of which they won two, drew two and lost four. They scored 55 points as against 65. Harris the captain of the side was the most successful player, while Barrett on the wing, although a forceful runner, spoiled his game by an inability to take his pass. He has it in him to become a good player, if he will concentrate more on his handling.

Dickinson, Oberholzer, and Holzer also gave good service to the team.

In the forwards there was a wealth of material, with players such as Hopwood, the Vice-Captain, Dewberry, Bosman, Jenkins and Diskin well to the fore.

#### Results:â\200\224

Against St. Andrewâ\200\231s Prep. (K.C. mentioned 2nd): 12â\200\2240, 3â\200\2243, 3â\200\22417; 9â\200\2240; 10â\200\2243; 12â\200\22411.

Against St. Aidanâ\200\231s: 8â\200\22413, 8â\200\2248.

#### UNDER 12 RUGBY

The Under 12 Division holds an unbeaten record this season. They played 8 matches, won 6 and drew 2. Their success was primarily due to a much heavier pack of forwards than most of their opponents. Forwards that were particularly outstanding were G. Handley, R. Milroy, A. Bouwer and N. Whitehead who worked hard in the tight and were very difficult to stop when they broke.

The weakness of the team was the absence of a reliable flyhalf, with the result that the very fast centres, P. Hewson and D. Handley and the wings, C. Letcher and J. McIntosh, did not receive the ball as cleanly as they should have done.

Several players like R. Strudwick, A. Peterkin and J. Halligey improved as the season progressed and played for the team towards the end.

To those who turned out regularly to practices, but did not get a chance to play in any matches, I would like to say a big â\200\234Thank youâ\200\235. Your help and keenness made the success of the team possible.

Finally, R. Pittaway deserves a special mention for his excellent and strictly impartial touch judging.

#### UNDER ELEVEN DIVISION

The â\200\234Aâ\200\235 Team played five matches against St. Andrewâ\200\231s Prep. and two against Graeme. The results of these matches were as follows:â\200\224

vs. St. Andrew's Prep. Under 11  
1st match: Drawn 3-3 (A try by J. Thompson).  
2nd match: Drawn 3-3 (a try by M. van Schalkwyk).  
3rd match: Lost 0-0.  
4th match: Won 6-0 (tries by N. Turner and D. Newcombe).  
5th match: Lost 0-0.

vs. Graeme Under 11

1st match: Won 6-0 (two tries by M. van Schalkwyk).

2nd match: Won 13-0 (tries by K. Creighton, D. Newcombe, M.

van Schalkwyk. Van Schalkwyk converted two tries).

The B Team played three matches against St. Andrews Prep. The first two were lost 0-0, and 3-3 (a try by C. Barnes) and the third was drawn 3-3 (a try by C. Barnes).

The A Team comprised the following regular players: B. du Toit, A. Duncan, W. Meinesz, P. Whytock, V. C. Hayward, G. Thompson (capt.), T. Ansley, C. Krog, D. Newcombe, N. Turner (vice-capt.), M. van Schalkwyk, I. Mason, M. van Rensburg, G. Long, M. Stegmann. Others who played one or more matches in the A side: B. Bartlett, K. Creighton, G. Law, C. Barnes, A. Robey.

Those who show promise in the B team are B. Macfarlane at full-back, D. Jones Phillipson in the three-quarter line, G. Williams on the wing, O. Kellner as a forward, and D. Blair.

The term ended up with matches between A, B, and C teams captained by N. Turner, W. Meinesz and V. C. Hayward respectively. In these teams the bigger boys were left out and the Gillieminkies were given a chance. Each team won one game and lost one, so points for and against had to be taken into account, and as a result of this the B team duly received the cake.

#### JUNIOR TENNIS

It has been most encouraging to see the number of beginners who have developed since the start of the new term; D. Booth and G. Knott being the most promising.

The Under 13 A's: Harris, L.; Dyer, J.; Tucker, H.; Dunstan, B.; Canepa, J.; Anderson, A. W.; Smale, B.; Weir, R. played the St. Andrew's Under 13 A's on our courts. The teams were very evenly matched. However, St. Andrew's finally won by 2 games.

B. Smale; R. Weir; R. Holzer; P. Connan; W. Walton; J. Ansley; D. Booth and B. Andrews played an Under 13 team at D.S.G. This practice match showed up many of the weaknesses and we now look forward to the return matches.

There have been a number of entries for the Under 14 Single Championships, the finals of which will be played off next term.

Those players who have been unlucky not to play in any of the teams and who are improving steadily are: N. Dugmore; B. Stewart; Alec Wellington; A. Bouwer; S. Kruger; G. Morgan.

Last but not least we were all very pleased to see Mr. Houba who once again gave us valuable demonstrations on how to play tennis the correct way. eS

O.K. NOTES

REUNION

APRIL 8th â\200\224 11th.

PROVISIONAL PROGRAMME

The following programme is put forward for your consideration and criticism. If you have suggestions to offer, please send them to me

before March.

REO MWARIRE

Friday, 8th April.

7.30 am. Early Service at Commemoration Church.  
IBIREAIIASE 5 oo 0 0 0 [ein hae eee Supper  
8.30 p.m. Annual General Meeting.

Saturday, 9th April.

Cricket, Tennis, Golf, in the morning.  
12.30 p.m. Unveiling of portrait of Capt. C. O. Rich. ,  
1.00 p.m. Official Luncheon.  
2.00 p.m. Photograph.  
2.30 p.m. Continuation of matches.  
8.15 p.m. Dance in the City Hall.

Sunday, 10th April.

11.00 am. Service in Commemoration Church, followed by  
unveiling of Memorial Tablet, World War I.

PLEASE NOTE

1. Accommodation:

(a) There is room enough at the School, but there will not be food enough if you do not let us know you are coming.

(b) Do not expect us to make last minute hotel bookings for you.

Already the hotels are almost full for that week-end.

2. The Dance.

(a) Partners can be provided for you if you let me know in advance. I cannot handle last-minute requests for lulus.

(b) State your age and your height when â\200\234bookingâ\200\235 a partner.

(c) Dress is not formal: lounge suits may be worn.

(d) Dinner parties will have to be arranged privately.

PORTRAIT OF CAPT. C. O. RICH

A minimum of £210 (the artistâ\200\231s fee) was required for this portrait. This minimum has been passed, and the fund has been closed.

The originators of this scheme were the members of the Adelaide Branch (Bedford, Adelaide, Fort Beaufort, Cradock) and to them must go the credit of contributing a very large share of the sum collected.

To-morrowâ\200\231s thought: Of the five heads of this Schoolâ\200\224Dr. Chubb, E. G. Gane, H. T. Crouch, R. I. Redfern, C. O. Richâ\200\224we have portraits of two. What about the others?

#### BIRTHS

To Mr. and Mrs. Ken Watson, a daughter, at Grahamstown, on 14th May, 1954.  
To Mr. and Mrs. Roy Poulton, of Blyvooruitsig, a daughter, on 16th May, 1954.  
To Mr. and Mrs. Leonard Midgley, at Nigel, a daughter, on 25th May, 1954,  
To Mr. and Mrs. Harry Moss, of Grahamstown, a son, on 29th May, 1954.  
To Mr. and Mrs. Anton Murray, of Kingswood Staff, a daughter, on 3rd June, 1954.  
To Mr. and Mrs. Bill Bennett Brown, of Kingswood Staff, a son, on 27th July, 1954.  
To Mr. and Mrs. Cecil du Plessis, of Committees, a daughter, on 17th July, 1954.

To Mr. and Mrs. Raymond Stephenson, of Highlands, Grahamstown, a daughter, on 12th August, 1954.

#### ENGAGEMENTS

Neil Wallace Moss, of Grahamstown, to Miss Sally Selwyn-Browne, of Grahamstown, in July, 1954.

Desmond Gardner, of Alexandria, to Miss Sheila Bands, of Hamburg, in July, 1954.

Tommy van Vuuren, recently of Grahamstown, to Miss Marjorie Willers, of Douglas, in June, 1954.

Errol Bruton, of Sandflats and Port Elizabeth, to Miss Betty Kent of Port Elizabeth, formerly of Derby, England, in August, 1954.

Leslie Innes Stegmann Tucker to Miss Pat Oertel, in May, 1954.

#### MARRIAGES

John Curnick to Miss Marie Strauss, in St. Saviour's Church, Port Elizabeth, on 29th August, 1953.

Eddie Conradie, of Oudtshoorn, to Miss Marge Schickerling, of Bloemfontein, in the Dutch Reformed Church, Bloemfontein, on 3rd October, 1953.

Rudy Regenass, formerly of Durban, to Miss Aletta Jordaan, of Durban, on 10th July, 1954.

Thomas Hartzenberg (K.C. Staff,) to Miss Kathleen Mary Whitfield, of East London, in Commemoration Church, on 21st August, 1954.

Robert William Stern, of Muizenberg, to Miss Naomi Edelstein, of

Johannesburg, in London, on 16th September, 1954.

#### DEATHS

Samuel Rowland Hill (1916-1919), an attorney of Kroonstad, died suddenly at his home on 8th May, 1954, aged 54.

#### OBITUARY

DR. FRANK G. C. TOOKE  
1910 - 1954

It is with the deepest regret that we have to record the death in Pretoria, on August 30th, 1953, of Dr. Frank Tooke, who died as the result of an attack of coronary thrombosis while playing tennis.

Frank Tooke entered the preparatory department at an early age and left Kingswood in 1918 when he matriculated. Thence he went to Rhodes University College where he graduated in Zoology in 1921. From there he proceeded to Cornell University, in the State of New York, where he gained the M.Sc. Degree in Entomology.

On his return to the Union he became Forest Entomologist in the Division of Entomology. In 1952 he obtained the Ph.D. degree on his life's work on the Eucalyptus Snout Beetle. He discovered an egg parasite of this beetle in Australia in 1926 and later introduced it into the Union with spectacularly successful results.

He made notable contributions to the study of a number of forest insect pests and, in later years, devoted most of his attention to insects of seasoned timber. Under his energetic leadership he developed an active branch of the Division of Entomology specialising in the control of

wood-borer insects in the Cape Peninsula, the Eastern Cape Province, and Natal.

In the realm of sport at Kingswood he was a very fine sprinter and a keen rugby player. Academically he was most thorough and energetic. As a man he was the soul of integrity, a gentleman of the highest order and a great and lovable friend. He leaves a widow, two daughters and a son, an elder brother and a host of friends to mourn his passing.

#### GENERAL

Readers of the "Farmer's Weekly" will, no doubt, have read the special article on Mr. E. O. Kingwill's farm "Rietpoort", in the Murray s-burg district. Eric Kingwill won the first prize in the mixed Karoo-veld area, and the Witwatersrand Agricultural Society's Conservation Farming Challenge Trophy for 1953-54.

Eric and his wife have recently been overseas, during which time their son Peter, who left K.C. last year, managed their model farm.

The Johannesburg Branch held their annual dinner in March, which Mr. Jack Slater attended as chief guest. There was a splendid turnout. On May 9th the annual golf competition for the "Les Davey Memorial Trophy" was held at the Zwartkops Country Club. Andrew Whitehead was the winner, with Tom Beckett the runner-up. George Behrmann won the title of "best trier"!

Dr. T. D. Hall has recently returned from America where he attended the International Assembly, and International Convention of Rotary, in New York and Seattle, respectively. He has also been honoured by election as Governor of the 25th District of Rotary.

Roy Lilienfeld has been chosen as Manager of the South African team for the World Gliding Championships in Derbyshire.

Ivan Lurie has sent news of an O.K. gathering at Bloemfontein. Those present were: Jack Moffett, E. Conradie, F. Dunster, Bill Roderick, Pierre Ollemans, Jim Creighton and Lurie. A committee was formed consisting of Creighton as Chairman, Bill Roderick, and Ivan Lurie as Secretary/Treasurer. The Bloemfontein Branch has launched an ambitious scheme, which entails an annual subscription of a guinea from each member in their area. The money thus accumulated will go towards helping a scholar at Kingswood. It is a grand idea on the lines of an Endowment or a Bursary fund.

The Salisbury Branch held its gathering this year at the home of Mr. and Mrs. Bevis Barker. At this get-together were Bevis Barker, the newly elected Chairman, Frank Guest, the Secretary, and Noel Gane, Keith Wood, Jimmy Coley, Ron Vice, Tommy McCracken, D. G. Swingler, M. C. Mossop, H. Parker, C. M. Mallett and Brian Moxham. Mallett and Moxham had motored in from Bindura. T. G. Osler, Pat Sinclair and H. A. Clarke were unable to be present.

Edwin Bell is farming in the Bethlehem district. Harry Marshall breezed through Grahamstown last month while down this way on business. He found time to attend Commem. on

Sunday morning, cast his eye over the old haunts, and chatted with Cappy, Jack and R.Q.

Allan Foote is with a firm of solicitors in Lusaka and hopes to be articled next year. Like most Rhodesians, he is in the Police Reserve. After leaving Kingswood, he went to a cram school in Johannesburg to try to get through his Afrikaans. There he found Piguet, Weir, Morrison, Baldachin, Marsh, the van Hoogstraten trio, Huddy, and several others, among them Max Miller, also trying to master this second language. At the Pietermaritzburg University, where he had to write his exam. he found Tom Webb, Legg, Murray Evans, Davies, Booysen, and a few others. He failed his exam. and hitchhiked back to Lusaka. The Rhodesian news which follows is from Foote's pen. Thanks, Allan.

Julian Zunckel found himself at death's door thanks to his dangerous hobby. He took to collecting snakes, and had a boomslang as his special pet and show-piece. Prompt action after a bite from a night-adder left him feeling no ill-effects. But his pet boomslang bit him between the forefinger and thumb, and the prompt action did not have the same result, for that evening Zunckel collapsed and was very soon front-page news, although he was unaware of it at the time. The extraordinary internal and external bleeding puzzled the medicals, and Zunckel was just kept alive by blood transfusions two or three gallons, all told. He is lucky to be alive.

Stephen Flynn has only a few years more to do in his apprenticeship. He, too, is a Police Reservist.

Rastus Shaw is a member of the Lusaka Flying Club.

Gen Birkett Sergeant has bought an M.G. and has taken up sports car racing.

Kenneth Macdonald is in the B.S.A. Police in Salisbury, and is thoroughly enjoying himself.

Barry Brigham is farming outside Chisamba, about 30 miles from Lusaka. Also Tom Drake.

Peter Wright and Brian Hobbs are in the printing business.

James Stephenson, of Cape Town, who has been on leave, motored through Grahamstown on his forward and return journey to and from his holiday destination. He called in to see his son at Wood House. His holiday was marred by the accident his wee daughter

sustained. She fell and broke her arm at the elbow. A nasty fracture.

O. T. Carey, of Bothaville, has recently had the task and the honour of judging the Afrikaner cattle at the Windhoek Show.

Ronnie Osborne seems to have been covering a lot of ground on his audit rounds. He has been as far afield as Van Rhynsdorp, and has seen quite a lot of Natal and the Free State. When he wrote (May) he was at Havelock Mine in Swaziland. In spite of his long

hours and his arduous travelling he is doing well at and liking his job.

John Hunter hopes to complete his business course at Cape Town soon and return to East London. He has been staying with his uncle, James Stephenson.

Edgar Knight, Branch Secretary at Bulawayo, gave news of the O.K. dinner held there this year, and of the meeting held after the dinner. Norman Hodson was elected Chairman for the ensuing year. At the meeting also were: Dr. R. Barclay Hoole and his son, Rollo Guest, Eric Bacon, Dr. J. Briscoe, Basic Kew, Tertius Oosthuizen, Ken Robb, Harry Guest, Aubrey Mildenhall, and Norman Skillicorn who was responsible for the catering.

Benjie Droomer called in a few weeks ago on his way via Durban to Lourenco Marques, by boat. We suspect that there is more than the casino that draws him thither, his second trip in a year.

We are grieved to hear of the sudden death of Mrs. Eddie Jackson of Tweespruit. To her husband and two sons we extend our deepest sympathy.

W. F. Shepherd writes: "When I arrived in England in 1946, I continued my education at the Lincoln Technical College to enable me to sit for the R.A.F. Apprentices entrance examination. I took the examination and passed, but changed my mind about the R.A.F. and went as a "Deck Officer" in the Merchant Navy. After a while I realised that I was more interested in Radar and Wireless, so, in 1947, I rejoined the R.A.F., this time as an "Air Radar Fitter". I am now a Substantive Corporal, awaiting my "Sergeant".

I have met one O.K. here in England—John Eggett. He was a Radar Mechanic at Yatesbury when I saw him. Of course we had the old times to talk about.

My sports training at Kingswood has helped me considerably, as I have represented all the Stations I have been posted to, athletics, cricket and rugby. While in Egypt on my Overseas Tour, I was fortunate enough to represent the whole of the R.A.F. in athletics and cricket for 1950 and 1951, so I am very much in Kingswood's debt for the fine coaching given by Jack Slater, John Linnell and Dennis Purdon.

Neville Darlow called in a few days ago. After working in Rhodesia and the Union, he has returned to assist his father farming near Nanaga in the Alexandria district. His brother John is still up in Rhodesia.

Georges Brouxhon, of the Belgian Congo, studying at Rhodes, and another Rhodian, "thumbed a lift" in a British freighter from Lourenco Marques to Cape Town, recently. They were signed on as supernumeraries in the crew, and left ship at Cape Town to hitch back to Grahamstown for the 3rd term at Rhodes. They did not enjoy their voyage much, as they were sea-sick for most of the time.

Graham Locke has been appointed Assistant Electrical Engineer to the S.A.S.O.L. organisation. This organisation is a Government venture to manufacture oil from other products.

Keith Howard was home from Stellenbosch University during the mid-year vacation, where he is doing a course in Education. In true Matie style he is cultivating a beard, at present a generous half-inch in length, but which promises to be long, blonde and silky before Xmas.

Noel Bruton called in on his way back from holidaying in Natal. He and his wife and daughter had spent a bracing fortnight in the mountains.

David Melcher was away among the N.U.S.A.S. students at Rhodes during their mid-year gathering.

John Gush will soon be writing from the Dorset Farm Institute in Dorchester, where he will study farming methods.

Ross Main, after six articulated years in Johannesburg, qualified last year as a chartered accountant and went to Britain for experience. He arrived in March and has, he says, had not a dull moment since. During his six years in Johannesburg he met numerous O.K.s, and on the ship going over to England he met Arthur Kingwill on his honeymoon. In London he found Wally Judge, also a C.A., in digs in London House.

Cyril Silberbauer, lawfully occupied in Komgha, called in while in Grahamstown.

Frans Badings is cheerful at the prospect of a vacation job in Johannesburgâ\200\22423 months at nearly Â£1 a dayâ\200\224with the prospect of a 3-year contract after his B.Sc. degree. He plans to finish at Rhodes in 1955, but confesses that it will mean a hard slog. â\200\234I saw David Gittins in Johannesburg,â\200\235 he writes, â\200\234looking fineâ\200\235. He has done well in the Navy. In Olifantsfontein, where my Dad is quarry manager at Consolidated Rand Brick, Dad has struck up a friendship with Mr. Dalys Bennett who is sending his son Brendon, a little tough type of 11 or so, to K.C. next year. The lad shows promise as a potential K.C. 1st team cricketer. Mr. Bennett is in the time office at Consolidated Rand, and is a typical O.K., meaning heâ\200\231s dead right. I met Thor Cornforth in Bloemfontein.â\200\235

Walter Judge wrote: â\200\234Even in London one comes across a steady stream of O.K.s John Cosnett and Ross Main stayed in London House a few months ago while Peter Sandys and I are, for the present, permanent residents here. John Derry is, as you probably know, in Rhodesia House here, and rumour has it that Des Whitfield is somewhere in London, vacationing.â\200\235

Desmond Whitfield, whose account of his travels in the U.S.A. many will have read with pleasure not untinged with envy, has returned to the O.F.S. from where he sent this further instalment of his travels. â\200\234Here I am back at the old address after having been away for a year and two weeks. To say the least, I have had a marvellous time, and if someone would offer to pay for me, I would leave again for

a repeat performance as soon as my clothes come back from the cleaners. ;

I was in Phoenix, Arizona when I last wrote to you in January; since then I have travelled at least twenty-five thousand miles; I have been right through California, and half way back across the States by car and then the rest of the way by train to New York where I boarded the â\200\234Queen Elizabethâ\200\235 to dock at Southampton five days later.

My stay in Europe was limited to two months, and I spent most of my time in Britain. I did, however, manage a trip to Switzerland and that necessitated a stop over in Paris for a couple of nights. This was quite unavoidable of course, but nevertheless enjoyable. A day trip over to Germany was included in this trip too, and then on the way home, the ship that I was travelling on, spent a day and a half in Rotterdam, thus affording me the opportunity of a brief glimpse of Holland as well.

During my visit to California I was able to go on a conducted tour of Paramount studios in Hollywood where I had a brief glimpse of Bing Crosby and also saw the comedians Martin and Lewis on the set. I drove through Beverly Hills where many of the Movie Stars have their homes which are very beautiful indeed. I also spent an evening at the famous â\200\234Cocoanut Groveâ\200\235 and at the table next to mine, Lionel Barrymore was celebrating his birthday: Needless to say not many evenings were spent in such style.

From Los Angeles I motored up the coast through Santa Barbara to Carmel and Monterey which afford some of the finest coastal scenery in America, and is near where the Crosby Family have their home, along with many other prominent Americans. From there the road continues up towards the city I enjoyed more than any other in America, San Francisco. It is a city of Culture and Art. It has a variety of entertainment second only to New York, and the people are a quiet dignified crowd who do not seem to be chasing that everlasting dollar. It was there also that I saw the All Blacks playing Rugby against the University of California, the final match of the tour which they started in England. Fortunately they won 14-6 although they were a very stale team by then. From there I journeyed up to the Redwoods and then back to Phoenix to collect my belongings and thence east to Kansas to sell my car where I had bought it, and continued my journey back to New York by train to arrive there in time for the Easter Parade, a few days later I sailed out on the â\200\234Queen Elizabeth.â\200\235

On my second day in London, I contacted John Derry at Rhodesia House and we spent a few enjoyable evenings together, including one with Peter Sandys, who is with a big accounting firm in London. I was also able to watch the day-and-a-halfâ\200\235s play between the M.C.C. and Pakistan at Lords, as well as the Trooping of the Colour, the Royal Tournament and the many other events that happen only in London. I was able to visit Leeds University Agricultural Station and also spent a while on a farm in Herefordshire, and so was able to have a glimpse of farming methods in England. The comparison of their methods and the methods used in America was very

interesting, although the English farms are a long way behind the American ones regarding mechanization and Beef fattening.

I found Switzerland a very beautiful country, just as it appears in pictures, and Scotland a very wet one, both of which contrasted with England's quiet beauty and greenest greenness.

The voyage home was very enjoyable and it was with mixed feelings that we viewed Table Mountain on the horizon. It is, however very good to be back home again, and as I have a lot of hard work ahead of me, I guess that I shall have to settle down and get stuck in; just like the beginning of term after the Christmas vacation.

Since the beginning of 1954, the following have become Life Members of the Old Kingswoodian Club: E.B. and W.B. Cradick, Jack Croft, Ivan Dawe, Eric Fairley, George Moorcroft, Neil Painter, Percy Pike, Shingler, Willem van Heerden, Peter Wrighton. We welcome them into the fold of full membership.

Addresses, please. Many Life Members are not receiving their magazines

because their present addresses are unknown to me. Can you help to locate the following?

H. Barrett, R. Bowie, H. B. Bowles, J. W. Bremer, Ian Buchanan, W. B. Caley, L. Cellarius, D. M. Colahan, H. T. Coombe, John Eggett, C. H. Evans, M. B. Ferguson, N. D. Gayland, C. L. Intucivings, C. IMI, IMieillet, A tl, Willem, INI. I. MacDonald, A. G. Mechin, C. H. Payne, R. Regenass, E. R. Roberts; Je Rey scott) John 7Strlines We Ree domlmsony Whee: Westwood.

Trevor Fancutt, in July, won two titles, the singles and the mixed doubles, when the finals of the Mocambique tennis championships were played at Lourenco Maraes.

Nimmo Reid and Barton Moss called in for a chat. Nimmo has left Rhodes, and fired by reports of quick money for hard work at Oranjemund, he interviewed John Tyson, who has been there, and has, I understand, left for Oranjemund.

Lorne Reid has gone to Rhodesia for experience.

Jan Reid, who has been doing soil conservation work in Rhodesia, has returned to the Union.

Ron Hebpurn, in June, spent his holiday golfing in Natal. In Durban he met Harvey Tyson and soon afterwards Ron found himself in the news. The following is taken from the local newspaper.

#### GOLFER'S LAST ROUND

A colleague met a friend from Grahamstown walking wearily down West Street, Durban.

"Hullo, Ron," he said, "what are you doing so far from home?" "On holiday," sighed Ron, looking bleakly about him for a pole to lean against.

"Here for the Centenary celebrations?" my colleague asked.

"No," said Ron, "just spending three weeks holiday. Seen much of Durban?"

Ron's eyes lit up.

Yes, Windsor Park, Beachwood, Country Club, Royal Durban and some fine fairways down the coast. Hada grand time. I've played 33 rounds of golf in 21 days. Let's see, four miles for 18 holes... we've walked about 162 miles!

I thought you looked tired,

You're right, said Ron, a bachelor. But it's not the golf. My friends have been doing some last minute shopping for their wives. I've walked round with them for so long I'm out on my feet!

Herbie Cumber, who for some years has been secretary to the Grahams-town Building Society, has taken a position in Salisbury. Cumber has been a member of the Old Kingswoodian Executive Committee for several years. We shall miss him.

Jimmy Elliott won his first come-back fight in Salisbury, in August, when he beat his opponent, nearly 12 lbs. heavier, in the 5th round. His man was down for a count of 9 in round one, took a count of 5 in round two, was down for 9 in round four, and again in round five, after which the referee stopped the fight.

D. C. Wood, in the Standard Bank, is manager of the Queenstown Branch. He has a son at Kingswood. After leaving Kingswood in 1936, D.C. spent six years in Reef banks, and thirteen years in Northern Rhodesia. In 1947 he was sent to the Transkei where he met several O.K.s, including Hely Wood and the twins Jim and Geoff Wood, Lawrence Dangerfield, and Dudley Phillips. Of these Jim Wood and Dudley Phillips have since died. From the Transkei he went to Kimberley for two years, and in June of this year he was given the managership of the Queenstown Branch.

Tan McKenzie, of Bulawayo, though working hard at Wits, finds time to take part in amateur theatricals. Last year he took part in their Gilbert and Sullivan's Patience, and in Ruddigore this year. We hope to hear of greater activities in the theatrical world.

David Bray is farming in Southern Rhodesia, and liking it. He has no regrets, he says, at leaving Grahamstown. His brother John is a radio operator with C.A.A. in Salisbury.

Jack Floweday is now manager of the Alice Branch of Barclays Bank.

Alban Gardiner, formerly of Carnarvon, writes: We have sold our farm in Carnarvon and I am now farming in Bredasdorp, and my brother at Riversdale. I have been married for 24 years and have a son of 20 months. The only O.K.s I have met recently were the two Gowar brothers at the Riversdale ram sale. Pieter Vos of Carnarvon recently got married in Cape Town. Alban has just become a life member of the O.K. Club.

Alf Evans of Uitenhage writes that he hopes to be able to play rugby next year. He has been playing hockey and enjoying it. He has given up the butchery and is now finding a footing in the grocery business. The hours of work are certainly easier.

Laurence Dangerfield, of Umtata, has sent several bits of news of

Transkei O.K.s He writes: â\200\234Cliff Dent was here as State Veterinarian for a time, but he has now gone into private practice in Greytown. Boozy Dormer works in the Bank across the road and battles with golf. Ray Strachan has resigned from his job as Messenger of the Court at Ngqeleni, and now travels for a firm of Tyre Retreading.â\200\235

W. A. S. Smith, chief Income Tax Clerk, has been appointed Assistant Receiver of Revenue in Johannesburg.

Errol Bruton and his fiancée are both keen anglers. Dennis Trotter writes of the wonderful time he is having on the

Continent. In London he hired a car and did a round trip of 2,500 miles. The only â\200\234bit of old Grahamstownâ\200\235 he met on his tour was an Old Andrean in Edinburgh. â\200\230Trotters post card came from the Italian Riviera.

. Tucker is a Shell Company representative in Northern Transvaal, bordering the Limpopo River. He finds the country hot but extremely interesting.

Donald Cragg has just completed his first year at Oxford, and for the past month (August) he has been touring parts of Europe on bicycle. His route lay through Belgium, down the Rhine and into Switzerland to Bossey, a chateau near Geneva where he attended an Evangelical Conference of youth from all over the world. The three week trip cost him just under £20. He stayed at Youth Hostels, and says that the best hostels were in Germany, where despite the high prices, the Germans supply the best accommodation and food at lower prices than in other countries.

A few months ago he visited Mr. Redfern Donald sends regards to all his friends and remarks how pleased he is to receive the K.C. magazines.

Ronnie Nash is spending part of his annual leave at Ilovo Beach, then motoring north through Zululand and into Swaziland before returning. In Swaziland he plans to call on P. Q. Davies who is manager of the Standard Bank in Bremersdorp.
