Dear Comrade

Revolutionary greetings from our unit in the Year of the Charter!

We request that under point 2(c) of the circular letter we received from your office and which stipulates the movement's policy on holidays for students, we be allowed to receive a number of comrades who have indicated that they would like to visit our unit during the coming summer holidays. On our part we welcome this because our unit has long been calling for closer contact among the youth centres and, where possible, members of the various units to share visits. This will facilitate discussion of common problems and exchange of ideas.

Comrades Solomon P. Molefe, Oupa M. Moahi and Geoffrey P. Pholagole, all studying in the Soviet Union, requested to come here after being told by the authorities that they would be permitted to go out during the Olympics. Comrades Sello Pule and Magang Phologane, who are studying in Rumania, have also indicated that they would like to visit Bulgaria.

We would be very happy to have comrades from other centres visiting our unit!

We request that in the event of permission being granted, this be communicated to us as soon as possible, as we would then have to start making arrangements immediately.

MAATLA!

AMANDLA!

Olehile Pharasi(Secretary)

Vela Sibisi(Dep-President)
