He also returned the cable from the Finnish b'l:u.dor.rl:el Group informing'me that he had cleared this on 6/4/82 from the airport. The parcel has now arrived at SOMAFCO and contains one cassette player and some photographic material. I am waiting for Carnesonto give me their address and other details on the parcel so that I can write them.

. _ Cannie advised us that the second lot of foodstuffs from the USSR was awaiting clearance at the docks because Mtoni 13 still full of clothes from Bread and Fishea. Arrangements are being made to transport them.

Sipho not being at the meeting, left a number of other mott-era relating to him unresolved. I will write.to him about them and aloe impress on him the importance of his being prelnt at our meetings. to ho reglly is the key person.

I am happy to tell you that Thuoo has agreed to stay on for another year. All the goods are now being moved from Bikwa into the old nursery school in town, which has been properly secured. The ten-oing for Bile had been bought, but unfortunately. with no ozyaootoltno available in Tanzania we are unable to take up the old rail lines for posts. A discussion at our Treasury meeting recommended that some attempt be made now to start the rebuillng of Bikva while the contract-or is free.' Doodles says this is dependant on available funds.
