RE8Mra Ellen Maseko.

The above mentioned name comrade is a bona fide member of the ANC(S.A.)

She is suffering from acute and chronic condition of athhitis. Both

upper and lower limbs are affected.

She get information "that Canada had a cure for this condition; it

takes the form of an operation on the joints, and replacing the affected

Cartilage with a carbonised material"

Concerning this treatment we would be grateful if you investigate it
success rate.
