== School Notes ==

At the Annual Carol Service in the Chapel on the 20th November 1966 a stained glass window, donated by Old Girls of the Wesleyan High School, was unveiled by Miss Muriel Robb. The W.H.S. (1880—1928) formerly occupied the Jacques House, Junior Teaching Block and Technical Institute buildings.

New curtains were hung on the stage of the Memorial Dining Hall at the end of last year. We are all grateful to Mrs. Ken Douglas who made this her personal project.

The new House Shield presented by Miss Ivy M. Webster was accepted by H. J. Fox (Head Prefect) at assembly on the 28th November 1966.

Mr. N. G. Goosen (Nic), who has been Janitor at Kingswood for many years, retired at the end of December last year. The following tribute to him appeared in the "Wyvern" of 6th February 1967:-

NICK GOOSEN

At the end of 1966, after 33 years service to the school as bell-ringer, carpenter, plumber, builder, market-man and groundsman, Nick Goosen retired.

The successor of Sergeant Jay, Nick joined Kingswood in 1934. So great has been the expansion of the school since then that the tasks listed above are now performed by three full-time employees and a bell-monitor.

When Nick came to Kingswood his day started at 6.30 each morning with the ringing of the first shower bell. For the rest of the day he was interrupted from his carpentry, or mowing (we used a horse to pull the mower in those days) or building by having to run off to ring the next bell. You can understand how frustrating that must have been, so in 1935 the duty of bell-ringing was passed on to bell-monitors whose successors-in-office we still have today.

On the outbreak of the Second World War Nick was one of the first to volunteer for overseas service and in 1940 he went North to Egypt. During his five years in uniform Nick met so many Old Kingswoodian friends that the army, for him, was almost a home from home.

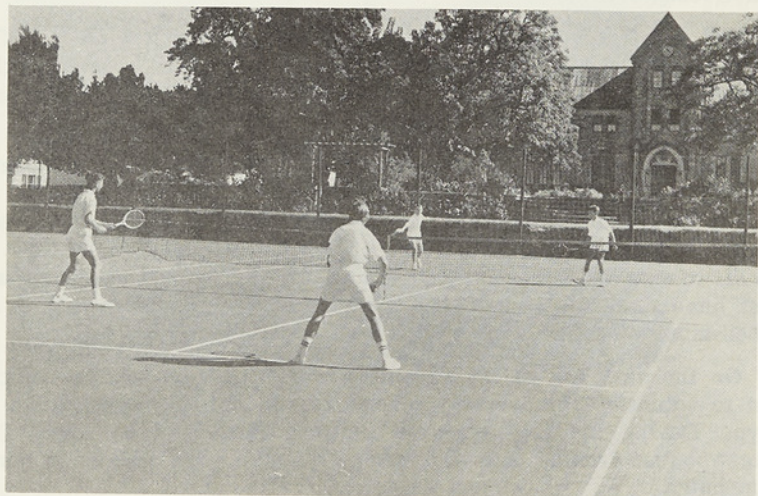

Returning in 1945, with his job now more clearly defined as

groundsman, Nick was largely concerned with the maintenance of the Gane Field turf wicket and the planting of grass on the new fields on the slopes of Sugar Loaf. The old swimming bath was the bane of his life. The bath, at first, had no filtration plant and the Grahamstown municipality used to re-fill it every two weeks at a cost of R20. When, for any reason, the water could not be changed, it took on the appearance of thin soup. Once the highly temperamental filtration plant was installed Nick had more problems on his hands — many was the night that he had to come up to attend to it.

Nick's memories of his school stretch back over many years but he does not regard himself as the doyen of the maintenance staff. Old Fred, who still totters round spiking pieces of paper with a length of sharpened fencing wire, came to Kingswood in 1918. Some record!

Old Kingswoodians throughout the country will wish Nick well in his retirement. He may still be found on sunny mornings having a cup of tea in the workshop and feeding his beloved cats.

The Headmaster and Mrs. Dacam left at the end of February on four months leave. The first few weeks they spent caravanning along the Garden Route, after which they planned to visit South West Africa (including a Rotary Conference at Windhoek), Mozambique and Rhodesia. Mr. Butler is acting Head during Mr. Dacam's absence.

New All-Weather Courts (Three) in Jacques House Front Garden.

The Rev. H. F. Kirkby with Mrs. Kirkby, Mary, John and Anne sailed for the United Kingdom on the 2nd April in the Edinburgh Castle on leave until the beginning of the third term. They are touring Britain and the Continent in a dormobile.

The construction of the three new all-weather tennis courts in Jacques House garden was made possible by bequests from the late Mr. O. J. Bennett (for many years a member of the Council), Mr. R. W. Stanton (an Old Kingswoodian), a gift from Mr. E. Beck (the father of several O Ks.) and the Development Fund.

The President of the Methodist Conference, the Rev. R. C. Bellis, paying a short visit to Grahamstown, conducted prayers in the Chapel on the 12th April 1967.

IN MEMORIAM

DAVID WILLIAM LOWE came to Kingswood in June 1961 as a day scholar. He was a keen cyclist and went for a ride on the afternoon of Saturday, 3rd September 1966. He was found seriously injured in Raglan Road and taken to Settlers Hospital. He was later transferred to the Provincial Hospital at Port Elizabeth, but died on the 8th September without regaining consciousness.

After a service in Kingswood Chapel, conducted by the Chaplain, Rev. Howard Kirkby, he was buried in the New Cemetery. He was a promising member of Form 5A; quiet and unassuming, he was well-liked by his classmates, who attended the funeral and acted as pall bearers.

Headmaster's Annual Report

OCTOBER, 1966

Mr. Chairman, Mr. and Mrs. Osler, Ladies and Gentlemen:

I have the honour to present my report on the school's activities and progress during the past year — another year marking further great changes on our campus and a stream-lining of our academic organisation.

It is natural that all parents should want their sons to proceed to university when they leave school. It is unfortunate that only about 40% of the population as a whole and perhaps 60% of our group have the necessary academic ability to obtain a degree. The word academic is purposely stressed since there are many who, although when at school in spite of hard work were unable to pass examina-

tions, now employ some who passed with ease but could have done better.

It therefore follows that our primary aim must be to teach boys to do their best and so develop that essential habit of concentrating on the job on hand. We must make it quite clear that the boy who obtains a first class certificate without any distinctions when he could have gained some distinctions is letting himself down just as badly as the boy who fails when he could have just scraped through.

Academic Organisation:

In the actual compilation of our various courses cognisance has been taken of the fact that an ability to read a balance sheet is for many a far more useful skill than the ability to solve a quadratic equation. Let me hastily add that a quick glance at our pass lists over the years will testify to the high mathematical standard reached by those who have the necessary ability.

As from this year in addition to the normal academic courses leading to the high prestige matriculation certificate of the Joint Matriculation Board, we have introduced a course leading to the Senior Certificate of the Department of Education, Arts and Science. This certificate can be heavily loaded with commercial, non-academic subjects and so give the academically weak boys a far better chance of leaving school with the all important "matric" certificate.

Very many parents of the boys who have passed through our post matriculation course have written to say how grateful they are that their sons had this opportunity. The testimony from the boys themselves, sailing through university on an even keel when most about them are floundering, taking four and even five years to achieve a three-year degree, fully justifies the very considerable expense involved in running this course. I must emphasise that I would never recommend that a boy should stay on at school for the extra year just so that he can be a prefect or play more games. There is only one criterion and that is the pupil's academic need.

We have been appointed an examination centre for the Associated Examining Board of Great Britain. Our post matriculation candidates will be prepared for the 'A' level examinations which are written by all British university entrance candidates. To reach these standards in one year after matriculation is tough going but possible for a hard-working young man. The method of instruction is such that he learns to drive himself and so is properly equipped in work attitudes as well as basic knowledge to take full advantage of a university career.

As an experiment two young men were this year admitted to our post matriculation form direct from Departmental schools. One of them has been preparing himself most assiduously for training as an accountant. I feel confident that he will now have a flying start to that long, hard apprenticeship that finally leads to a C.A. The other one has developed a great enthusiasm for the study of biology. Within 24 hours of their arrival they were one of us and I am very glad to have been able to give them this priceless opportunity and to congratulate them on the responsible manner in which they have tackled their work.

Improved Facilities:

The new swimming bath and diving pool built by Stocks Bros. of Pretoria and to be opened officially tomorrow morning, are a dream come true — a dream because it is only through the generosity of Mr. Hugh Stocks that the school can become the proud possessor of such a magnificent addition to its sporting facilities. It would appear that the funds available under the school's control might have just sufficed for the main bath and filtration plant, such is our indebtedness to Mr. Hugh Stocks.

This time last year the new 24-booth AAC Language Laboratory had just been brought into use. Now, with one year's experience behind them, our language teachers have discovered how to deal with pupils of different ages and abilities; they are also building up a formidable library of programmed lessons which, after further evaluation, could form the nucleus of a commercial course.

An architect is now busy on the detailed drawings for a new enlarged 30-booth language laboratory. Minor faults in one or two booths are bound to occur occasionally in all this elaborate electronic apparatus. This expansion from the present 24 booths is to guarantee accommodation for complete classes at all times. We intend that every boy starting in Form 2 (Standard 5) will spend at least two periods per week during the following 3½ years learning to speak the second language with fluency. In addition French and Spanish are at present being studied by individual boys in the laboratory. Last year some boys studied German in the same way.

The architect is also finalising drawings for the alteration and enlargement of some of the classrooms in the junior teaching block. These rooms will then be refurnished with modern classroom furniture and teaching aids, such as overhead projectors.

At the same time a new room for use by the 140-odd senior school boys who practise weight-lifting, a valuable body-building exercise, is also to be built. This building will be so constructed in height and

width that it can, at some future date, be extended to become a large indoor gymnasium.

The large room now being used by the weight-lifters will then be converted into a "rapid reading and comprehension" laboratory. An order has already been placed for the complicated and expensive apparatus required for this very new educational development.

The American Exchange Scheme:

This is now fully under way. Brian Rom spent from early January to late July as the guest of Kingswood School, West Hartford, Connecticut, U.S.A. His experience was most salubrious in that he discovered, somewhat to his amazement, that his standard as a first-class matriculant with nearly a distinction in the additional, advanced, mathematics paper was still well below their top standard. Derek Momberg, who writes his matriculation examination this December, will be following in Rom's footsteps in the first week of January. This term we are very pleased to welcome as our guest John Dixon Thomas, a bright youngster of 15 years, from whom we are learning much of our sister school in the U.S.A. Many parents have come forward to offer him hospitality during the coming Christmas holidays. I can assure them they will be well rewarded in getting to know this our "cousin". He stays with us until the end of July.

Staff:

At the end of last year we bade farewell to Mr. Dennis Purdon of the senior school and Mr. David Thompson and Mrs. J. M. Erasmus of the junior school staff. In their places we have welcomed Mr. Lynn Schroeder, B.Com., Miss T. Annandale, B.A., and Mrs. E. Erskine, P.H.C. Mr. Schroeder had already spent a year with us as a part-time teacher so we knew what we could expect from this very versatile and talented young man. Miss Annandale came to us after a brilliant career at Cape Town University. Unfortunately for us her brilliance has been noticed by a research scientist from the Leather Research Institute and Miss Annandale leaves us at the end of the year to get married. We also bid farewell with great regret to Mrs. Erskine who is accompanying her husband to Canada early in the new year.

In Miss Annandale's place and to deal with the increased numbers in our junior school, two experienced male primary trained teachers have already been appointed for next year.

Sister Phinn, after five years' most conscientious service in charge of the school sanatorium, left us at the end of the Easter term to rejoin her bereaved relations overseas. Sister Clayton, after a spell of duty at Mount Coke Mission Hospital followed by duty as a district

nurse, took over at the beginning of the winter term. We hope Sister Clayton will spend many happy years with us.

In Jacques House Mrs. Sisson resigned at the end of the Easter term from her position as caterer and kitchen supervisor. Mrs. S. J. Thompson has re-assumed responsibility for the catering and Mrs. Hill has returned as non-resident kitchen supervisor.

Academic Standards and Achievements:

After the fireworks produced by the large and brilliant matriculation class of 1964 we were prepared, this year, for a mediocre pass list from a far smaller and very average form. You may therefore imagine with what satisfaction we received the pass list in the middle of January. This year we have only 42 candidates for the matriculation examination of the Joint Matriculation Board and 15 for the Senior Certificate. They are working most diligently.

As a result of their achievements in the matriculation examination I. L. Wilkinson was awarded a scholarship by Messrs. Philips S.A. Ltd. valued R500 per annum, tenable for four years, to study Electrical Engineering at the University of the Witwatersrand. In addition the Standard Bank of S.A. awarded him a prize of R50 for gaining the highest aggregate of marks amongst all the English-speaking candidates for last year's matriculation examination. I. J. Law was awarded the Bartle Frere Exhibition valued R50 by the Joint Matriculation Board for gaining the highest marks in History amongst all candidates who wrote the six different examinations which lead to a university entrance qualification.

Examination Results, December 1965:

- (a) Matriculation and School Leaving Certificate examination:
16 first class passes, 15 second class and 8 third class, with 16 distinctions.
- (b) National Junior Certificate examination, which is written at the end of the Standard 7 year:
42 passed, 12 of them in the first class, with 12 distinctions.
- (c) Hoër Taalbond eksamen:
15 gained the certificate (six in the "hoër graad").
- (d) Laer Taalbond eksamen:
48 passed (three in the "hoër graad met lof" and 13 in the "hoër graad").
- (e) Voorbereidende Taalbond eksamen:
56 were successful (three in the "hoër graad met lof" and 14 in the "hoër graad").

Bequest:

Early in the year the legatees of the estate of the late Mr. Arthur Pringle Amm (O.K.) donated to the College the sum of R6,000. The first charge against the interest thereon will be for a stained glass memorial window in the Chapel. When this is complete an Amm Entrance Bursary will be instituted.

Naming of New Fields:

The College Council, at its July meeting, decided to recognise the assistance and services given to the College by certain old boys and families.

The name Wade for the new playing fields now disappears. On entering the property the large field on the right is Turner field, the lower left field is Stretton field and the top left is Fitzhenry field.

The Intermediate Housemaster's house, formerly Kuruman, is now Hobson house.

Mr. Chairman, Members of the College Council, Ladies and Gentlemen:

It is our great privilege to welcome Mr. and Mrs. Osler back to Kingswood after an absence of twenty years.

Stanley Osler is one of our famous old boys. He matriculated in 1924, having shown in 1923 and again in 1924 that amongst his other talents he was a brilliant rugby player.

Mr. Osler entered the University of Cape Town in 1925 and proceeded to obtain the degrees of B.A., LL.B. and obtained his professional teacher's qualifications.

He was awarded the Cape Province Rhodes Scholarship and proceeded to Oxford where in 1933 he obtained an honours degree in Modern History.

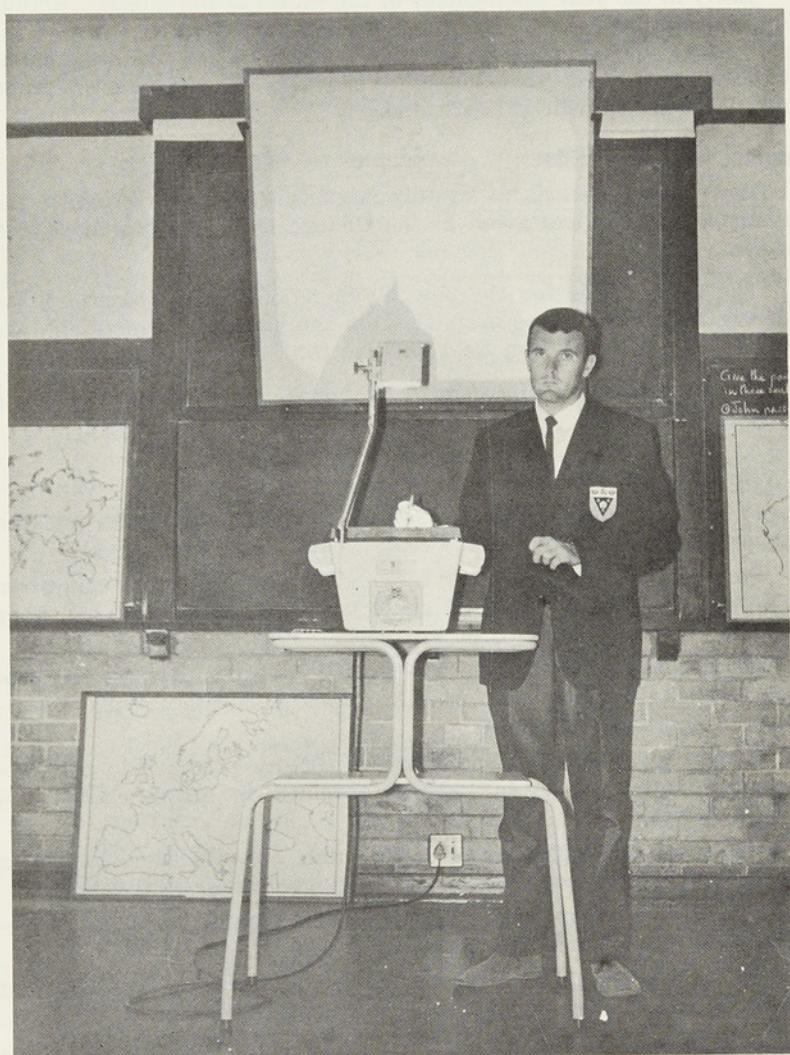

Whilst accumulating all these academic honours he managed, in his spare time, to become a Rugby Springbok and Oxford Blue.

In 1934 he returned to Kingswood and became the first housemaster of the newly re-opened Wood House.

On 7th August 1937 he gained his greatest prize when he married and brought his charming lady into the Kingswood fold.

The great war saw Stanley Osler taking his full share of the dust, heat and cold of the North African and Italian campaigns.

He returned to Kingswood for one more year, then we lost him on his appointment as Headmaster of Kearsney College. It was a small school in those days. By 1963 Kearsney had become one of the biggest, and the second best, of all private schools.

THE OVERHEAD PROJECTOR-- Demonstrated by Mr. J. B. Wegerhoff.

In 1963 he was invited to become a permanent member of the executive committee of the National Advisory Educational Council, of which powerful and influential body he is still a member.

His publications on various aspects of national educational policy have had a considerable impact on South African educational affairs.

And now Mr. and Mrs. Osler have honoured us by coming home. Welcome. We all hope their short home-coming will be an enjoyable experience.

Mr. Chairman, Ladies and Gentlemen, my printed report is in your hands. I trust that you will find in it a sufficiently detailed record of our combined efforts to confirm your trust and confidence in us.

Given the funds, there is still much that we should like to do to improve our material facilities still further. I find it very sad that in the projected new buildings we can not go straight away into building the large gymnasium we would all like to see. However, half a gymnasium waiting to be extended is better than nothing. We can console ourselves by observing that buildings alone do not make a school. It is the spirit that counts and we are wonderfully endowed with that precious commodity.

In the printed report I have mentioned that some of the classrooms in the junior teaching block are to be enlarged, re-furnished and fitted with overhead projectors.

The blackboard, so familiar to us all as an essential item of classroom equipment, came into general use in the years between 1880 to 1890 and marked a great advance as a visual aid to teaching. The one big snag about a blackboard is that the teacher has to turn his back on the class when using it. In so doing, even the best teacher automatically breaks his contact with the class.

The overhead projector is the latest device to overcome this difficulty and so maintain his pupils' concentration on the lesson without any waste of time.

Essentially it is a box with a powerful light source, a glass top and about a foot above this a series of lens which project an image on a screen behind the teacher.

Transparencies on which the teacher can write or draw are placed on the glass top and so everything he writes, whilst still facing the class, can be read by the pupils on the screen.

Some of these projectors will also be used in the senior school as and when the staff feel that their teaching will benefit by so doing.

The rapid reading and comprehension laboratory can not, by the nature of things, be brought into use until well into next year when the alterations and new buildings are completed. I hope to be able to report more fully on it at our next prize giving. Our grateful thanks go to Mr. and Mrs. Dwyer for their generous assistance towards this project.

As I have remarked in my printed report, we were once more highly satisfied with the results obtained by our candidates in last year's matriculation examination, and I can not resist the temptation of drawing your attention to the prizes awarded to Ian Wilkinson and Ian Law. For pupils from one school to have won both these prizes in the same year must be a unique achievement.

I must also tell you that from next year we shall be moving our prize giving and associated functions from this first week-end in October to the first week-end in November and so free ourselves from the complications of inter-school athletic competitions. Some form of swimming gala will be substituted, as an attraction, for the athletic sports.

Finally I would like all my hard-working colleagues to know how grateful I am to them for their co-operation and goodwill.

Now I have pleasure in announcing the winners of the various scholarships awarded on the results of competitive examinations:-

JUNIOR PRIZE GIVING

Mr. Chairman, Ladies and Gentlemen:

Once again it is my privilege to welcome you to the junior school prize giving. It is also with great pleasure that I welcome Mrs. Hugh Stocks, daughter-in-law, wife and mother of Old Kingswoodians, to this platform as our guest of honour and to thank her for honouring us with her presence.

Those of you who will also be able to be present at the opening of the new swimming bath tomorrow morning will realise just what the contribution of Mr. and Mrs. Hugh Stocks is to our school at the present time.

Plans are afoot for the enlarging and re-equipping of some of the classrooms in this building and the freeing of the room now occupied by the language laboratory so that it can once again be used for class teaching. The increase in numbers in our junior school makes this necessary.

The general tempo of urgency and achievement is characteristic not only of the senior school but also of the junior school. Under Mr. Tarr's guidance in the classrooms and Mr. Thompson's efforts in Jacques House and on the sports fields our junior school boys are kept profitably busy and the continued increase in numbers in the junior school testifies to the excellent reputation that they are building up.

Mr. Chairman, Mrs. Stocks, ladies and gentlemen, many of our guests last year expressed their delight with the simple little ceremony that is the Kingswood College Junior School Prize Giving, so I must not spoil it by being the garrulous schoolmaster.

My pleasant task of welcoming you to Kingswood and introducing our honoured guest to you is done. I thank you.

GAME HOUSE NOTES

During the 3rd term 1966 the House did very well both in and out of the classroom. Lance Michell obtained a 1st class Matric pass with a distinction in Physical Science, while Geoff Painter and Bernie Topper also obtained good passes. Amongst the more junior members of the house, Jonathan Cook, Doets Knott, John Raymer, Allun Stevens, Terence Carey and Robbie Grundleger showed that the high standard of work was going to be maintained, when they became FIVESMEN. Congratulations.

The House Cricket XI did well to win the Inter-House cricket under the able leadership of Zed Webster. Congratulations to Camel Tremeer on being awarded his Honours for cricket and to Zed for his colours.

On the athletics field the house was also well represented and our congratulations go to Pete Kamp for his Honours award and also for his selection to the E.P. Schools Athletic team. Well done Oliver Carey and Dweet Kirkby, who were awarded Athletics colours. Congratulations to Dweet Kirkby who won the Toogood Trophy for good fellowship.

At the beginning of this 1st term 1967 we welcomed as new-boys to the school, Lance Breedve'd, Bill Fordred and Anthony James, along with a very lively bunch from Intermediate.

The Prefects this year are led by Pete Kamp, who is also head-prefect. He is supported by Brett Sephton, Vernon Oxenham, Terry Carey, Malcolm Collett and Alistair Hay. Dweet Kirkby is School Prefect in Jacques House while Declan Sparks is head of Intermediate. Rob Grundleger, Owen Clayton and Peter Dyke are also prefects in other houses. Julian Butler is a day-boy prefect.

The House is well represented in the College XI, where Trevor Karg, Bruce Turner, Terence Carey, Dweet Kirkby and Ken Shaw have all given sterling service. Well done Ken Shaw for his Standard blazer.

In the swimming Inter-house gala Gane came second. Julian Butler was awarded his colours, while Ian Hinds, Alistair Hay and Pete Gosling were awarded standard blazers.

Rugby started during this term and there are signs that there will be many members of the House prominent in this sport. The Inter-house team is also showing shape under Mr. Ed. Turner's guidance.

Once again our thanks to Mrs. Jordaan, the Matron, for all she does and also to Sister Clayton who takes care of our every ill.

CHUBB HOUSE

The House's efforts during 1966 were well rewarded when we won the Inter-house Shield.

Chubb was very well represented in the first cricket team. Calvin Swemmer, the only Kingswood representative in the Grahamstown Schools Cricket XI, was awarded his colours blazer, as were Barry Marshall, Trevor Stretton and Shorty Collett. Hugh Collett and Dickie were both awarded team blazers. In the athletics field Chubb lost her supremacy, nevertheless, Barry Marshall, "Liz" Liddiard and Claude Ansley achieved colours while Pete Tyler and Evan Dold were re-awarded and awarded standard blazers respectively.

In the shooting field Chubb excelled. Herbert Fox, school captain, was re-awarded his Honours, and "Tusker" Coombs achieved his team blazer. Both shot for E.P. in the Inter-Provincial Bisley, in the open and under 16 respectively. The open and under 16 tennis teams played their way to victory over Wood House and the Swimming team, with "Dog" Hannaford as captain, did well to come second in the river-race and first on points in the year.

C. Nash was awarded his standard blazer for his part in the school plays. The good-fellowship cup was won by Craig Hannaford.

This year we welcomed back Barry Marshall, who was appointed Head Prefect of the school. Unfortunately we lost a valuable head boy and all round sportsman when he left shortly after writing his supplementary exams. We also welcomed back Gavin Stephenson, Craig Hannaford and "Joss" Thomas. This year's prefects are "Munt" Davies, Gavin Stephenson, Evan Dold, Craig Hannaford and "Fish" Pritchard-Davies. Claude Ansley is a prefect in Jacques House.

Last year Chubb excelled in the academic field especially in the Matric exams. We congratulate Hugh Collett for gaining the top results in the school (distinctions in Physical Science, Mathematics,

Geography, Additional Mathematics), Ian Beinart (Physical Science and Mathematics) and L. Michaelides (Physical Science and History). Craig Hannaford gained a first class pass. Other Chubbites who passed were Trevor Stretton, Mike Young, Andrew Minty, Pete Tyler, Malcolm Stewart, Dave Allen and Mike Long. Special congratulations go to Herbert Fox, last year's head prefect, who passed on his second attempt!

In the cricketing field, Calvin Swemmer was appointed 1st team captain and was re-awarded his colours. Mike Kent gained his standard blazer. Unfortunately the inter-house athletics had to be postponed to third term. Claude Ansley and Ron Liddard were both re-awarded their standard blazers. In tennis, "Munt" Davies reached the quarter-finals in the singles and won the doubles final in the Grahamstown Districts Tennis Tournament. Chubb House ended in third place in the inter-house gala. Alan Barnes was awarded his colours blazer for breaststroke and "Tackies" Botha his standard blazer for diving.

Chubb House welcomed up a new bunch of boys from Intermediate House. Two of the new boys to the house, J. Sandler (distinctions in Physical Science and History) and M. Dean (Mathematics) excelled in the Junior Certificate exams.

Lastly, we would like to thank our Matron, Mrs. Jordaan, for all her help in running the house this term.

E.D.

WOOD HOUSE JOTTINGS

1966 was not a year of brilliant successes in the academic or sporting spheres, but much steady progress was made in all departments and under the wise guidance of Rowl Roderick the general happiness and morale of the house was high.

Awards given in the Third Term of the year were as follows: In athletics Paul Forsyth achieved the great distinction of the rare Honours award for his fine effort against the German athletes. Rowl Roderick and Sholto Douglas were awarded Colours and Pierre van Niekerk earned his Standard blazer. In tennis Dave Hodgkiss and Blake Hobson were given Colours and in swimming Ian Stubbs and Gavin Douglas won Standards. Mike Rein and Roland Lock gained Academic awards for excellence in Studies, and Michael Plumstead and Nico Theunissen won their cultural awards for fine performances in school plays.

In 1967 Paul Forsyth took over as Head of the House and is being ably assisted by the following house prefects: Eric Funck, Blake

Hobson, Michael Rein, Peter Solomon, Christopher Step and Terry Walker. In addition Jeremy Gallet and Bobby Osler are serving as prefects in Intermediate House. In 1966 we had only two senior matric privates but this year we started with the record number of fifteen! This has meant that many very capable and trustworthy boys of excellent prefect calibre had to miss the chance. The responsible outlook of these Seniors and their determination to give of their best while denied the fruits of office has been a source of great satisfaction to all.

We started the year in great fashion by winning the Interhouse Swimming Competition in a very convincing way. Our under 16 section was particularly strong and Eric Collier (Colours), Alister Collier (Standard), Gavin Douglas (Junior Victor Aquarium), Ian Stubbs, Freddie Smith and Pierre F. van Niekerk brought us many points. In the Senior section Stephen Dodds richly deserved his Colours and Bruce Larsen, Peter Solomon, Alec Anastasia, Paul Forsyth and Jeremy Gallet helped greatly.

In tennis Blake Hobson won the Grahamstown boys under 18 singles championship. In athletics Paul Forsyth, Alec Anastasia, Jeremy Gallet, Sholto Douglas and Pierre van Niekerk had a good season; while the following were regular members of the School First Cricket XI: Dennis Hobson, Blake Hobson, Pierre van Niekerk, Michael Plumstead and John Wellington.

Once again our thanks go to Mrs. Walker, Sister Clayton, Miss Warne and Miss Hobson for looking after us so well in sickness and in health.

JAGGER HOUSE NOTES — 3rd Term 1966 — 1st Term 1967

As should be the case, the last term of 1966 brought to the house a sense of urgent preparation for the end of year exams. The subsequent results showed how successful the efforts had been. A. Bradlow, A. Spiegel, D. Momberg, R. Kemp and G. Philp gained "firsts", all with one or more distinctions. Our Joint Matric candidates all gained full Matrics and only two Jagger candidates were disappointed in the National Senior Certificate.

So we said goodbye to last year's seniors and responsibilities change hands. This year's prefects, led by D. C. Wilson, are W. Francis, G. Tucker, G. Lombard and F. Finlaison and they have tackled their duties diligently.

This year also brought us an unusually large number of new boys. D. Street, C. Cartmill, V. Brittle, D. Baughan, B. Pringle, A.

McKerrow, D. Robbins and P. Steyl all joined us at the beginning of this year and some have already shown what acquisitions they will be to the house and the school.

John Dixon Thomas, our exchange pupil from Kingswood School, West Hartford, U.S.A., has been with us now for two terms. With one term to go to complete his year, we are pleased to report that from our point of view, and we hope from his as well, the experiment has been a success. Young John has proved himself to be most adaptable and has fitted in so well that now we are hardly aware that we have a "visitor" in our midst. D. Momberg left us at the end of last year to start his spell at Kingswood in America in January this year. Reports from him indicate that he is enjoying and benefiting himself.

We welcome this term Mr. L. Victor, already an established K.C. Staff member, as Assistant Housemaster to Jagger. We thank Mrs. Aubrey for her continued assistance and Sister Clayton and her Sanatorium staff for their invaluable care and co-operation in times of illness or injury.

INTERMEDIATE HOUSE NOTES

Since most members of the house were faced with the rather frightening prospect of writing their first-ever public examination the emphasis in the house was strongly on work during the last term of 1966, and special late prep sessions were held during reading time in the evenings. But Jack was prevented from becoming a dull boy by normal sport activities and by the holding of Inter-Dormitory matches and competitions. The third Quiz of the year was won by South Dorm. They also won the cricket match thanks largely to a good knock by T. Karg. But North Dorm got their revenge in the shooting contest which they won by a clear 50 points. The best scores in this match were registered by Billingham (187), Mu'ller (184), Myers (182) and Wormald (178).

Our congratulations go to Trevor Karg who won the Arthur B. Hobson Award for Good Sportsmanship and to the following who gained First Class National Junior Certificates:- J. T. Cook, M. Dean, G. Leigh, J. Sandler and R. Stewart. Our prefect T. D. Long deserves a pat on the back too, for gaining a distinction in Matric History.

The new year saw D. H. Sparks, O. P. Clayton, A. G. S. Osler and J. C. F. Gallet appointed as Prefects in the house. Their enthusiasm and efficiency got the house off to a splendid start and already, at the end of the first term, there is a strong house spirit. A committee of six boys, namely:- N. Aggett, J. Allen, K. Anderson, C. Ingram, S. Turner and A. Watson was elected to organise house functions and

so far we have had one Quiz Contest, two debates, and a concert at which J. Rubin was the master of ceremonies. The first three home in the Inter Dorm Road Run were K. Anderson, P. Lynch and C. Ingram and, on the Cross Country system of points, South Dorm emerged the winners.

The highlight of the term was undoubtedly Half Term when most of the house travelled to Port Elizabeth to watch the fourth day of the fifth Cricket Test Match against the Australians. In perfect weather we saw one of the most thrilling days of cricket that has ever been played in South Africa. Forty years from now we shall be telling our grandchildren of Lance's six which won the match and the series.

SCIENTIFIC SOCIETY

Pions, Muons, Hyperons, Bosons, Quarks, "The Eight-fold Way", — new words are being added almost daily to the vocabulary of the modern nuclear physicist. "Fundamental Particles and the Structure of Matter" was the subject of a fascinating lecture by Dr. E. Baart of the Rhodes University Physics Department to the Scientific Society. As well as tracing the latest developments in attempts to form a unified theory, Dr. Baart described some of the most modern particle accelerators. We were left with the interesting question of whether it would be wiser to proceed with the multi-million dollar project to find the basic fundamental particles which, possibly, do not even exist, or to shelve the project terminating research work for say another generation until the work can be afforded.

The Educational Attaché to the American Embassy in Pretoria, Dr. Tressider, was the guest speaker at the next meeting of the Society. Actual slide photographs in colour taken by the Gemini Project astronauts provided an exciting complement to Dr. Tressider's lecture in which he explained the aims and objects of the twelve missions in space. These missions were a vital part in the Appolo Project to place a man on the moon for it was in the Gemini programme that the techniques of manual guidance and space rendezvous were perfected.

Beatniks in Trafalgar Square? No, scientists in the Antarctic! After a year in the Antarctic one is entitled to have long hair and a substantial beard. Temperatures of -40° were normal and when the temperature reached a soaring 1° , it was time for sunbathing! Members of the Society were given a most entertaining evening of slides by two young Rhodes scientists who had just spent a year at SANAÉ. Not only were we given a thorough account of the research projects undertaken at SANAÉ but also an interesting and amusing

insight into the life, pleasures, and past-times of the party who were spending twelve months in the snow and ice. We were most grateful to Messrs. Sharwood and Homann for their entertaining talk.

Members of the Society visited Rhodes for the talk by Dr. L. Verschuur on Quasars. This interesting and stimulating lecture brought home to our members some of the fascinations of deep space research and unfolded some of the mysteries of astronomy without optical telescopes but with radio telescopes.

All nine amplifiers built by members of the Society were put on display for Parents' Weekend and all of them worked successfully. The telescope lens is now ready and is being given the special aluminium mirror coating. The telescope which is now nearing completion and the miniature planetarium which we have acquired should be a great asset to our amateur astronomers.

We would like to express our thanks to Mr. R. Spiegel for his generous gift of soldering irons to the Society.

SCHOOL CINEMA

A new Siemens projector has just been acquired and we are at last in a position to show our feature films without the annoying break for rewinding of reels. The new projector will also relieve the heavy burden of work of the old one. A thorough overhaul of the old one has restored it to as good as new condition, and we confidently expect many terms of trouble-free film shows.

The Chief Projectionists are D. Hobson and A. Collier, and they are assisted by A. Smith, B. Vorster and S. Turner. Films we have screened over the past two terms have included: "The Informers", "Lawrence of Arabia", "High Noon", "Nikki Wild Dog of the North", "And Father Came Too", "Huckleberry Finn", "Count of Monte Christo" and "Pepe".

CADET CORPS NOTES

Two important ceremonial parades were held during the third term of 1966, both of them on City Lords Rugby Field which was made available to us for cadet purposes through the co-operation of the Albany Rugby Football Club, to whom we express our sincere thanks. The newly-levelled and freshly-grassed Knight Field certainly could not stand the wear and tear of two hundred pairs of military boots, and the athletic equipment on Gane Field, quite apart from the "sacred turf", made the use of that field, if not impossible, then at least impolitic. So City Lords was a great boon, specially since the

large pavilion gave our visitors an excellent view of the parades.

The first important occasion was our Annual General Inspection held on October 3rd, the Monday of Parents' Weekend. The inspecting officer was Commandant F. A. Patterson, S.A.I.C., Officer Commanding 6 S.A. Infantry Battalion. The knowledge that a very demanding senior military officer was watching them inspired all ranks to exert their best efforts and the result was a remarkably high standard of smartness. Special mention must be made of Senior Student Officer G. A. Stephenson whose personal smartness and faultless commands as Parade Commander earned him glowing commendation in the Inspecting Officer's Address. At the close of proceedings S/O. Stephenson received the First City Regiment Sword of Honour from the hands of Commandant A. Chemaly who flew over from Queenstown specially for the occasion. We thank him for this fine gesture. On the same parade Sgt. M. Kneen was presented with the S.A. Red Cross Society Medal for First Aid, a rare honour.

The second parade took place on Remembrance Sunday, 13th November. After the wreath-laying ceremony in Church Square and the Memorial Service in Commemoration Church we marched back and formed up to receive on parade Mrs. Dold, the wife of our Chairman of Council. Over the years, Mr. and Mrs. Dold have been our most faithful supporters. We have always been conscious of, and grateful for, their presence among the spectators. So it was a really important occasion when Mrs. Dold came on parade to present the annual Cadet awards. Congratulations to C.S.M. M. P. Long whose outstanding service won him the H. S. Wood Memorial Sword and to Cadet H. Muller who received the award for the smartest recruit.

On the strength of a promotions course held during the last few weeks of the year the following appointments were made for 1967:-

A Company:

Student Officers: A. E. L. Dold, R. E. Kirkby, O. P. Clayton, I. Schröder, C. E. Ansley.

C.S.M.: R. G. Clarke.

Sergeants: D. C. W. Wilson, J. W. Jackson, J. V. Ellmore, M. G. Collett, R. F. Larsen, G. Lombard and C. Step.

B. Company:

Student Officers: D. Fraser, C. B. Morton.

C.S.M.: M. C. Kent.

Sergeants: H. J. Livingstone, G. H. Collett.

During the first half of the year Fd. Ct. G. W. R. Nel and A. Fd. Ct. L. Schroeder took full responsibility for A Company training and

a very good job they made of it, as was proved by the very high standard of the drill and marching on the Foundation Day Parade. Later in the year it is hoped to organize an inter-platoon drill competition for which a trophy will be presented.

Our sincere thanks go to Staff Sergeants Tol and Schaeffer of the 6 S.A. Infantry for their help in training.

The Fish River Expedition

(December 1966)

On the last day of last term, nineteen boys from the third to first forms, accompanied by two masters, set out on the first leg of an 80-mile long hike down the Fish River. The route followed by the party was from Grahamstown via Committees and the Fish River Valley to its mouth, and then along the coast to Port Alfred.

This first day was a long slog in which we covered 22 miles. The day dawned clear and at just after 5 a.m. the party set off from Jacques House following a route along Trollip Street, skirting the Coloured settlement, until it reached the Escom powerline just North of the City. This powerline was to be our companion until we reached the top of Pluto's Vale. The going over this section was easy and by 8 a.m. we had crossed Botha's Ridge and had got our first view of the Great Fish River Valley. After a short breakfast break, the party started out for its next stop at the top of the Vale. So far the conditions had been pleasantly cool and little did we realise what was in store for us once we got into the Vale itself. By 10.30 a.m. the descent proper had begun and during the next few hours the party was to experience some of the most stifling conditions of the whole trip. With the noonday sun beating down on this twisting curving valley road, where the road crossed the same 'river' no less than thirteen times in four miles, the party's pace slackened and everyone was grateful when the lunch stop was reached. But what a stop. There was just no shade as the vegetation is thickly wooded stunted bushes which just do not give any shelter. We therefore made our way to a farmhouse where a solitary pine tree gave sufficient shade for us all to have a rest. The farmer, Mr. Kilian, offered us a drink of cool tank water, but water is so scarce that we did not dare take more than just a glass-ful each. I don't think many of us realised what drought conditions can mean until this day, but with temperatures soaring well over the 100 degree mark, no doubt remained when we reached our destination. This first night stop was on the farm of Mr. Brian Dold (O.K.) and

here we were most grateful to find a dam in which to swim. Rev. Kirkby arrived a short while after us in the Kombi with all the camping gear and the FOOD and there was not a single soul who was not glad to see him. It had been a gruelling day, but after a swim, and a good meal, some people found the energy to play a game of rounders.

The night was quite fantastic and in the early hours of the next morning a great yellow moon lifted itself lazily out of the valley to present a most spectacular sight. Well, some of us saw it, but I'm sure the snorers didn't.

Anybody who thought the worst day was over was in for a rude shock for the second day was perhaps the hardest of them all, in spite of the fact that it was some nine miles shorter. This day's march was to take us across Trumpeter's Drift and along the outskirts of the valley as far as Hunts Hoek, the farm of Mr. Forward near the Hunts Drift Bridge on the East London road. Our first three miles were through thick thorn bushes. Does anybody know why bushes have thorns? None of us could think of a good reason as we made our painful way through the mass. There was a great sigh of relief as the breakfast stop at Clifton Towers came into sight. By 9 a.m. it was scorching and we were grateful that we had made an early start. Porridge was cooked and although lumpy, slightly burnt and saltless, everybody agreed that it was the best porridge ever made. Three cheers for the cooks and for Mr. Nelson who gave us fresh milk straight from the milkshed. Now started the most trying day on the road. Tired after the previous day's 22 miles, and the four miles of scramble through thickets, the party moved off down the road past the very impressive shale krantz which towers for hundreds of feet above the road and where at its foot we saw the water of the Fish River for the first time. We had come 26 miles and here it was at last, but only to taunt for it was soon to swing away to the far north of the flood plain and we were not destined to see it again until the day was near its end. This road seemed endless with numerous gates where everybody prayed that each would be the last, but knowing full well that it was not. This was the day when most thought of giving up, where minds fumbled for a foolproof excuse to give the others of the party, but it says a great deal for those who took part that not a single member of the party withdrew even in the face of extreme provocation. We were all glad to see our camping stop for that night, even if it was a disused pigsty. This was a night when no games were played, and nobody saw the moon rise, even in spite of the snorers. It was a night when the Rev. showed his skill with a needle and a bottle of meths. and many a blistered foot felt better for it.

Our pigsty was poised on a hillside overlooking the valley we were to follow. But this third day, the first in the valley proper, was to be a big disappointment for three in the party who needed medical attention in town. The boys to be left and those who were leaving seemed reluctant to part when the time came to set off, for it is not easy to leave friends behind for the bonds are strong on these expeditions. So here at last the group was entering the valley they had come to see. Not many people have hiked down this valley and the thought kept recurring that this was the first party from Kingswood who had, and we all hoped that it would not be the last. In the upper reaches there was not much water but occasionally pools forced us to hug the steep sides of the valley. For the most part we were able to walk along the rocky and sometimes muddy floor. Young buck were seen and baboons called to us. Some of our number called back and it was often impossible to know who was who. These valley's seem endless and it is the excitement of the unknown round each bend that keeps the interest high. The interest was maintained to within a couple of hundred yards of Kaffir Drift for it is not possible to see the road until you are at the Drift. Indeed, we had a fairly long "breather" stop when we were almost at our destination. Here the photographers got busy with members grouped round the Memorial Stone which has been erected at this Drift and dates back to the Kaffir Wars. Our camping stop was next to the Police station, whose officers were kindness itself. Stock theft abounds in this area and we had no intention of getting "involved" so being next to this Station seemed the most sensible thing to do. With drizzle coming in over the coast, tents were quickly erected in spite of the blustering wind which was blowing. From this vantage point we were able to see the flashes of the Fish River lighthouse which was still some 15 miles away. Undoubtly uppermost in some minds that night was a friendly warning given to us to be careful of quicksand. Unfortunately the position is not accurately plotted, but we knew that is lay across our route for the next day. The pleasure of the day's achievement was heightened by the fact that our three comrades had been able to rejoin the party for the rest of the trip.

At the start of the fourth day, everybody was beginning to feel quite fit and any hidden thoughts of giving up had completely vanished for this was the day when we were to meet the sea, the sea which was to be our companion for the final two days down to Port Alfred. Even the thought of quicksand did not deter us as we set out along the green well cultivated lands at the side of the river. Slipping and sliding, for it had rained during the previous night and was still drizzling, we made our way from bank to bank. Unfortunately we ended up on the wrong left bank when we should have been on the right right bank (there's a prize if you

know which bank we are now on) and were informed by an African farmer that we would have to wade across the river. This news was greeted with yells of delight and sighs of consternation. However, once our informant had himself stripped to the barest essentials and had waded across to show us the way, there followed five minutes of the funniest part of the whole trip. Wisecracks were numerous but our good humour was short lived as chafe set in during the next few miles. Later there were to be howls of horror as first the sea-water and then the meths. bottle took its toll. During these last few miles to the sea, we were once again reminded of the drought as we wound our way through forsaken banana plantations and sun scorched pineapple fields. At the mouth the long many-spanned bridge looked quite ridiculous as it crosses yards and yards of mud, while the River is but a few feet wide. It is left to the imagination as to what this Great Fish River must have been like when it was the boundary of the old Cape Colony.

The final two days were spent "on the beach" as we slogged some 20 miles down the coast to Port Alfred, stopping for the night at Riet River mouth. Cool mists and sea breezes accompanied us and the much feared sunburn that was expected on this stretch was not encountered. What a great sight the Kowie pier was when we saw it for the first time, but oh! what an age it seemed to take before we got there. We all found out that the last mile is indeed the longest mile.

SHOOTING

Following their successes in the Inter-Detachment Bisley last year, the Senior Team won the Inter-Schools Spence Trophy Competition with a score of 1,509 points in conditions which were far from conducive to good shooting. In spite of the high wind, H. Fox, won the individual competition with the outstanding score of 391 ex 400.

The Senior scores were as follows:

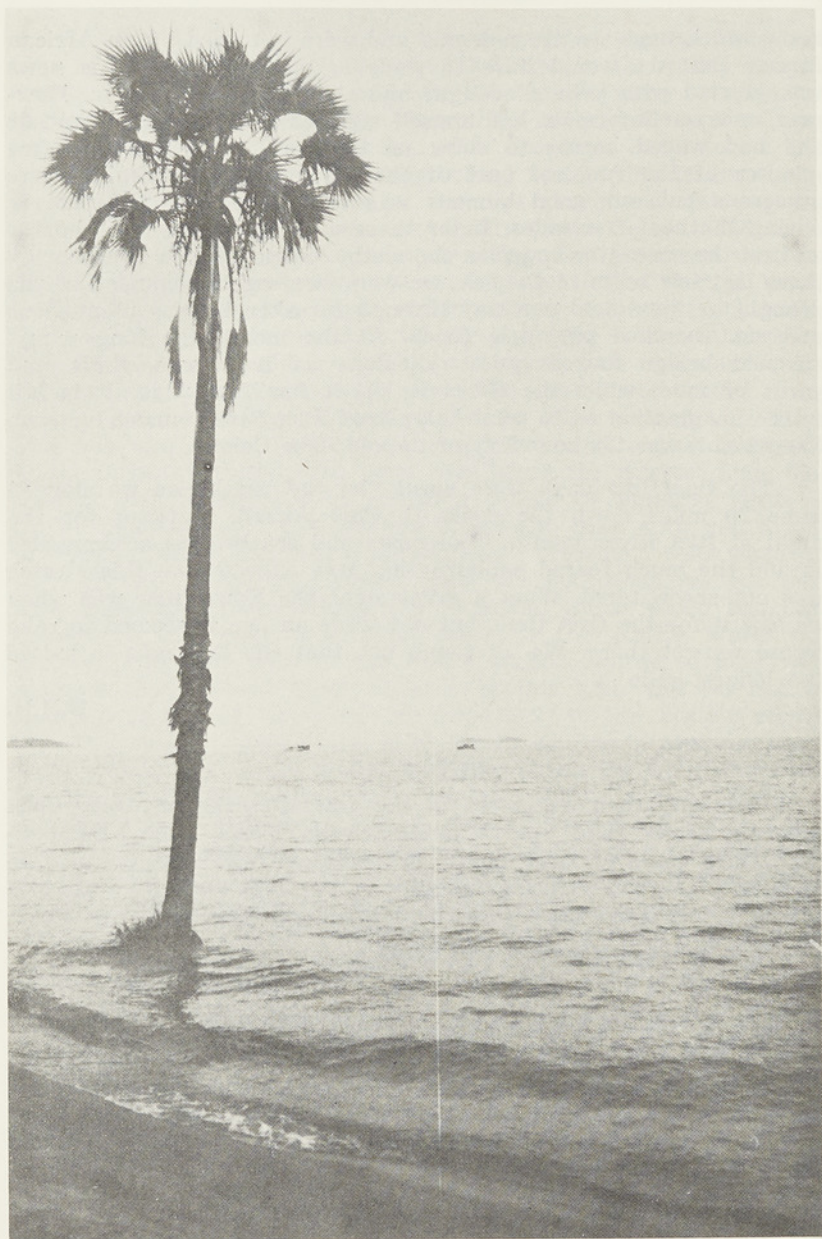

Fox 391; Painter 375; Step 378; Underhill 365. Total 1,509.

The St. Andrew's team were second with 1,492, and the K.C. Junior team were placed fifth. Eight teams were entered.

The first competition of the 1967 calendar was a match against the Rhodes newcomers and held on the 50 metre range. Once again our Senior team won convincingly and C. Step won the individual event with a creditable 185 ex 200.

Awards for the year 1966 were as follows:

Standard: D. A. Coombs, G. J. Lombard, T. W. Fincham, T. G. Underhill.

"SOLITUDE"

Photo . J. Parkin.

Colours: C. J. Step, D. W. Painter.

Summa Cum Laude: H. J. Fox.

The Col. Minnaar Trophy for the most outstanding shot went to H. J. Fox as did the Fletcher Rapid Fire Trophy. The Neville Turner Trophy was awarded to C. Step, the Jones-Phillipson Trophy was awarded to D. Coombs, and the Deary Trophy to G. Lombard.

We would like to record our thanks to Mr. W. Step for his generous gift whereby we were able to purchase six telescopes for use by our teams.

WYVERN

The Wyvern continued on the crest of a very good wave for the latter part of 1966. The New Year saw an increase in the price from 2½c to 3c, to meet increased expenses. The new and very co-operative staff who assumed duty at the beginning of 1967 are:

Editor: Livingstone, H. J.

Dep. Editor: Pitman, G. H. M.

Sports Editor: Fraser, D.

Circulation Manager: Bloch, D.

Production Manager: Thompson, J. C.

Reporters: Dove, I. S. Watermeyer, A. D. Leigh, G. Cook, I.

Artist: Whitfield, R. G.

Staff Liaison: Mr. D. R. Butler.

PHOTOGRAPHIC SOCIETY

This term many new members joined the society. In all the total membership stands at 42. All the new members are already well acquainted with the workings of the darkroom.

C. Nash and J. Parkin entered some prints on the Bathurst show. They both did very well, C. Nash winning first prize and J. Parkin's prints were highly commended.

We would like to thank Mr. Wegerhoff for organizing an end-of-term competition and getting Mr. Griffiths to judge the prints.

Regular members: N. Anderson, B. Barnard, G. Gower, C. Hughes, G. Kahn, S. Lewy, A. McCallum, J. Rubin, B. Sandberg, G. Wellington, J. White, J. Anderton, J. Botha, D. Burnett, A. de Haan, A. STRAIGHT AHEAD

AFRIKAANSE VERENIGING

Gedurende die afgelope drie jaar het die Afrikaanse Vereniging dikwels P. J. Olivier Kingswood toe genooi om teen ons te debatteer. Die Vereniging was dus gretig om teen die einde van verlede jaar hul uitnodiging na hul pragtige nuwe skool, aan te neem. Daar moes die Kingswood-leerling toe uitvind watter aanwins meisies by 'n skool kan wees. Die jong dametjies het daardie middag spesiaal allerlei lekkernye voorberei om die Kingswood-seuns te verras. Wat 'n verrassing! Die aand was besonder gesellig en 'n reuse sukses. Almal het die debat terdeë geniet. Die sprekers, Dereck Momberg en Theo Pienaar, het hul uitstekend van hul taak gekwyt.

Die filmvertoning wat vir die vereniging gereël is, het groot byval gevind. „Teen die Helling”, soos voorgedra deur 'n Transvaalse damesgroep, het almal beïndruk. Die ernstige stuk oor Totius was 'n bietjie moeilik om te verstaan. Mev. L. Kruger het na die vertoning die lede vermaak deur 'n lewendige voorstelling van twee Afrikaanse prosastukkies.

Die algemene bedrywigheide is dié kwartaal verskeie male in die wiele gery. Die Vereniging het egter wel geleentheid gehad om te ontmoet en te luister na „Die Skerpsskutter” (Uys Krige). Hierdie stuk gaan aan die einde van die kwartaal deur mnr. Pitman in Engels op die planke gebring word.

THE MUSIC SOCIETY

The Music Society's activities during the last term of 1966, were few, but interesting. As usual the boys had the opportunity to attend music concerts down town.

Most instructive was a film evening held late in October. Here the boys were able to learn more about the members of the string family. The tone, range and build of the violin, viola and violacello were illustrated and discussed. After this followed two films of the composers Handel and Mozart. Of the latter the well known „Eine kleine Nachtmusik” was performed by a Viennese string ensemble. We hope to have more of these instructive films during the course of the year.

1967 started with a real swing. On the 14th February a group of boys attended the C.A.P.A.B. concert given in the City Hall. Here they were able to hear Albert Linder, an excellent hornplayer, Pierre de Groot (violin) and Samor Grawson (piano). Drew Meyer wrote a report on this concert for the Wyvern.

The famous Kehr String Trio (from Germany) visited Grahamstown in March. The members were, however, spellbound by the

flutest, Hans Moekring, who travelled with the trio.

Dr. Rupert Mayr addressed the society towards the end of the term. He informally discussed the dance music of Bach, Beethoven, Schubert and Strauss. I think most of the members were not quite sure what to expect, as Bach is hardly the composer linked with dance music. The evening was disappointing only in that Dr. Mayr did not, as on a previous occasion, illustrate his talk by playing the piano. When I later mentioned this, he promised to play for us on the following occasion. R. E. Kirkby thanked the speaker.

The society was indeed honoured when they were specially invited to a concert given in honour of Prof. Dr. Percival Kirkby, a prominent South African composer. This was to celebrate his 80th birthday. The thirty odd members that attended this concert, were all convinced that it was the best concert they attended this term.

In conclusion I would like to thank Gregor Leigh for his reporting on our activities to the Wyvern. He is doing a fine job.

ATHLETICS — 3rd TERM 1966

The season got away to a splendid start with a fine performance in the Road Relay event. This Event is attracting more and more interest and the competition is keen. The fact that 7 Standards and 1 Colours time were achieved, together with a new course record proves the point decisively. The Gane House team won the Muirhead Cup for the event setting a new time of 79 mins. 24 secs. to knock 50 secs. off the previous record held by Wood. The Niland Cup for the fastest lap went to D. Momberg of Jagger who came within an ace of breaking L. Sabatta's (W) time of 12 mins. 14 secs. He did 12 mins. 16.6. The detailed result is set out below.

TEAM RESULT

Muirhead Cup:

1st: Gane. 2nd: Jagger. 3rd: Chubb. 4th: Wood.

INDIVIDUAL RESULT (for fastest leg times)

Bruce Niland Cup:

1st: D. Momberg. 2nd: R. Kirkby. 3rd: R. Liddiard. 4th: S. Douglas.

The next events staged were the Annual Cross-Countries. We have been experimenting for some time to arrange suitable new courses. Believe it or not — but we have been "built out" of our old routes by an expanding Grahamstown. I am not entirely convinced that we have found the answer yet. But at least we are still running in the Country and are now able to start and finish on our own

property, namely Turner Field in the new Wade property complex. Details of the races are below. Owing to a combination of "new course" nervousness and natural human inertia in some the full result of the Open and Under 16 participants were not accurate. The first 20 home satisfied the referees requirements and the Inter-house result was settled on these in both instances.

Details are as below — with full lists for under 12 and under 14.

ANNUAL CROSS COUNTRIES

(a) Inter House (Run concurrently with Championship)

Open: 1, Chubb. 2, Jagger. 3, Gane. 4, Wood.

Under 16: 1, Gane. 2, Chubb. 3, Jagger. 4, Wood.

(b) Annual Championship (New Course).

Open: 1, D. Momberg (J). 2, S. Douglas (W). 3, O. Carey (G). 4, G. Painter (G).
Time: 27 mins. 51.6 secs. (Prov. Record).

Under 16: 1, R. Kirkby (G). 2, R. Liddiard (C). 3, E. Dold (C). 4, J. Butler (G).

Time: 25 mins. 41.2 secs. (Prov. Record).

Under 14: 1, B. Vorster. 2, M. Hobson. 3, K. Anderson. 4, I. Crafford.

Time: 24 mins. 9 secs. (Prov. Record).

Under 12: 1, C. Ingram. 2, D. Elliott. 3, B. Stevens. 4, R. Friderichs.

Time: 13 mins. 17 secs. (Prov. Record).

The next event which claimed our interest was a "Team Event Meeting" organised by Mr. Bruce Couperthwaite of Graeme. Coming recently from Benoni he has introduced an event which, entered into by the schools as a variation to an afternoon's training provides a thrilling contest and much enjoyment. A programme of the first of these is set out below and we hope that further contests will generate even greater interest.

TRIANGULAR 1966

It was our turn to be hosts and we looked forward, with keen anticipation to this Gem of Athletic Events. We were fortunate in the weather — the day was perfect. Mr. Goosen and his "span" produced a fine track and Gane presented a neat and colourful scene when the Pole Vault began at 11 a.m. The Javelin and Discus added two new events to this competition this year and also are held before lunch. Our pole vaulters had an off day — so we were placed third, but our fortunes were much better in the Javelin and Discus, both of which we won. So we went into lunch in the lead and with hopes high.

The afternoon saw us go further ahead by winning the 100 and the Shot Putt. Then the 'wind changed'. We got the biggest lead in the quarter mile of the Medley I think we have ever enjoyed — we retained it through the furlong dashes and for the first lap of the 880. Then Leitch of Grey unleashed a fantastic finish that gained him all of 25 yards in the final lap of the 880 and proved a challenge Momberg could not hold off. This proved the turning point of the day. Grey went from strength to strength and ran out very worthy win-

ners. In an electrifying final 220 yards which Grey won the judges placed St. Andrew's and ourselves in a dead heat for 2nd place. The overall result was: 1st Grey, 2nd Kingswood, 3rd St. Andrews. The detailed programme is below.

ALL EVENTS ON THE RELAY SYSTEM

1, Pole Vault (32' 9½" Kingswood 1961). 1, S.A.C. 2, Grey. 3, K.C. Height 30' 2¼". 2, Discus (New Event) Kingswood 324' 8½" 1966. 1, K.C. 2, Grey. 3, S.A.C. Time 45.1 sec. 5, Shot Put (121' 11¼" Kingswood 1961). 1, K.C. 2, Grey. 3, S.A.C. Distance 117' 7". 6 Mile Medley (3 min. 39 sec. St. Andrew's 1950). 1, Grey. 2, K.C. 3, S.A.C. Time 3/45.1. 7, High Jump (16' 9" St. Andrew's 1953). 1, S.A.C. 2, Grey. 3, K.C. Height 16' 3½". 8, 440 Yards (3 min. 24 sec. St. Andrew's 1961). 1, S.A.C. 2, Grey. 3, K.C. Time 3/34.9. 9, Long Jump (61 ft. 3½ in. Kingswood 1944). 1, Grey. 2, K.C. 3, S.A.C. Distance 59' 8¾". 10, Two Miles (9 min. 42.2 sec. Grey 1966). 1, S.A.C. 2, Grey. 3, K.C. Time 9/42.2. 11, 110 Yards Hurdles — Shuttle Relay (57.6 sec. Kingswood 1959). 1, Grey. 2, K.C. 3, S.A.C. Time 59.8. 12, 880 Yards (8 min. 25.9 sec. Grey 1960). 1, K.C. 2, Grey. 3, S.A.C. Time 8/38.6. 13, 220 Yards (1 min. 32.9 sec. St. Andrew's 1959). 1, Grey. 2, K.C. & S.A.C. Time 1/33.2.

HIRSCH SHIELD

Grey were hosts for this event this year and Mr. Rowan Hartley and his helpers had prepared very carefully. The Grey track was in excellent condition and as usual the competition was keen and the standard high.

Our fortunes throughout the day were as follows:-

100 Yards: P. Kamp 3rd in 10.1 (all 4 sprinters placed were given the same time as the winner).

220 Yards: B. Marshall unplaced in the final.

440 Yards: Unfortunately D. Wilson who should have competed pulled a thigh muscle and G. Painter ran a plucky race, but his time was not good enough to gain a place.

880 Yards: C. Ansley was unplaced.

Mile: O. Carey unplaced.

110 yards Hurdles: J. Gallet was placed 2nd and given the same time as the winner. This performance gained him a place in the E.P. Schools side which competed against the West German schoolboys.

High Jump: G. Newell was unplaced.

Long Jump: P. van Niekerk was unplaced.

Shot Putt: W. Jackson after a splendid effort in the Triangular did not manage to gain a place.

Pole Vault: F. Bergh, regaining something of his old form came 3rd.

Discus: I. Small was unable to gain a place.

Javelin: Produced our only win of the day in this competition when J. Roderick set a new Record 169' 7½".

2 Miles: In this event R. Kirkby (brother of Warwick) still under 16, found himself in a strong field and he did brilliantly to gain 4th place in the outstanding time of 10 mins. 15 secs.

The Competition was won by Grey, second came Otto du Plessis, 3rd Queens and 4th Kingswood.

In the Under 16 section our fortunes were distinctly better:

High Jump: P. Forsyth failed to gain a place.

100 Yards: J. Ellmore — unplaced.

880 Yards: J. Butler — unplaced.

220 Yards: D. Erskine 4th.

Shot Putt: C. Swemmer robbed himself of a first in this event by twice stepping out of the ring forward of the centre line after he had successfully putt the shot. This was unfortunate, since had his best performance stood it would have carried the team to victory in this section. He, however, managed to secure 3rd place on the throws he was allowed.

110 Yards Hurdles: M. Kent 2nd.

One Mile: R. Liddiard 2nd.

Long Jump: D. Burnett — this promising under 14 found that a change of environment can be most unsettling and scored only no jumps which of course left him unplaced.

Pole Vault: K. Hall, who has had much trouble with an injured back jumped with characteristic skill and courage to gain 1st place.

Discus: P. Forsyth gained 3rd place.

Javelin: P. Forsyth won this event and set a new Record of 175 ft. 1 inch.

The team was placed 2nd in the Competition.

SPORTS DAY

A fine day — a full programme and some splendid competition characterised our Sports. The inspiration provided by the many parents who came cannot be underestimated and the generous support given to this event by many firms and private folk who contribute to our prize fund is very greatly appreciated. Certainly the boys show their appreciation by giving of their best.

This best included this year an outstanding effort by Peter Kamp who succeeded where so many others have failed. He managed to lower the 220 time which has stood since 1940 when Colin Graham Botha set it at 22.8. Brian Dold equalled this achievement and now Kamp has dropped it to 22.7. This was undoubtedly the highlight of the day. At the close the prizes were very graciously distributed by Mrs. Neil Painter of Kroomie, mother of the capt.-of-Athletics Geoff Painter. The various awards were won by the following:-

Victor Ludorum: Open — P. Kamp. Under 16 — P. Forsyth.

Under 14 — D. Burnett (for 2nd year). Under 12 — D. Elliott.

Most Improved Athlete: Open (Edgar Bone Cup) D. Wilson.

Under 16 — D. Erskine. Under 14 — P. Sole. Under 12 — B. Gibbon.
 Doug Dold Sprint Cup — P. Kamp.
 Clem Solomon Field Events Cup — J. Gallet, C. Ansley.
 Vanguard Cup — J. Allen.

House Competition:

ATHLETICS — 1st TERM 1967

This is always a short but hectic season. With a full programme of Cricket some of the athletes have very little time to devote to their events and so any success that is achieved by them at this time is always done in the face of considerable difficulty. In fact the only opportunity our athletes had of running on the track before our heats began was two outings one to Kingwilliamstown to take part in the East London Athletic Trophy Meeting and the other to the Amalinda Track in East London where Cambridge Harriers held a similar competition.

This lack of preparedness did not diminish enthusiasm and it became evident from the heats that the side held promise for the future. The results of the Senior and Junior Trials are below and two splendid afternoon competitions were held in fine weather.

The Team Placings were as follows in the Senior Divisions:

OPEN: 1. Gane 41; 2. Jagger 38; 3. Chubb 30; 4. Wood 26.

UNDER 17: 1. Jagger 42½; 2. Chubb 31; 3. Wood 28½; 4. Gane 27.

UNDER 15: 1. Jagger 40; 2. Wood 39; 3. Gane 14; 4. Chubb 6.

Junior Competition:

UNDER 13: 1. Pegasus 47½; 2. Achilles 30; 3. Mercury 18½;
4. Olympics 14.

UNDER 11: 1. Mercury 42; 2. Olympics 25; 3. Pegasus 21;
4. Achilles 20.

The detailed results are as follows:-

From the results of the Senior and Junior Trials the following were selected to compete in the E.P. Inter-Schools at the Westbourne Oval. Three new events were added this year, the Javelin, Discus and 2 Miles, the first two taking place on the Friday afternoon.

Kingswood started well by winning both Javelin events. A. P. Forsyth annexed the under 19 title and A. Anastasia collected the under 17. The next day the under 19 team under the leadership of Peter Kamp fought its way into all but 2 finals and were very well placed to win the Schauder Cup. Then the rain took over the proceedings and reluctantly the Management Committee had to scrub the Championships for 1967. Such results as were possible to glean are below.

UNDER 19 TEAM: (Reserve in brackets)

100: P. Kamp (D. Wilson). 220 P. Kamp (D. Wilson). 440: D. Wilson (P. Kamp). 880: C. Ansley (M. Collett). Mile: S. Douglas (R. Liddiard). Two Miles: R. Kirkby (S. Douglas). Hurdles: J. Gallet (M. Kent, 120's). High Jump: C. Ansley (K. Shaw). Long Jump: C. Ansley (M. Kent). Pole Vault: T. Carey (D. van Niekerk). Shot Putt: W. Jackson (B. Sephton). Discus: B. Sephton (P. Forsyth). Javelin: P. Forsyth (A. Anastasia). Relay: from Kamp, Jackson, Wilson, Clayton and Gallet.

UNDER 17 TEAM: (Reserve in brackets)

100: P. Forsyth (D. Erskine). 220: J. Ellmore (D. Erskine). 440: D. Erskine (J. Ellmore). 880: R. Liddiard (J. Colley). Mile: E. Dold (D. de Jager). Hurdles: M. Kent (110's) (D. van Niekerk). High Jump: K. Shaw (P. Forsyth). Long Jump: M. Kent (D. van Niekerk). Pole Vault: D. van Niekerk (D. Oosthuizen). Shot Putt: C. Sweinmer (N. Fraser). Discus: P. Forsyth (N. Fraser). Javelin: P. Anastasia (E. Dold). Relay: Forsyth, Erskine, Ellmore, Gosling.

UNDER 13 TEAM: (Reserves in brackets)

100: B. MacLeod (A. Hudson). High Jump: B. Gibbons (P. Dold). Long Jump: J. Clews (B. Gibbons). Relay: MacLeod, Hudson, Berrington M., Turner A.

UNDER 11 TEAM: (Reserve in brackets)

100: G. Wade (G. Sephton). High Jump: A. Meiring (G. Sephton). Long Jump: G. Sephton (G. Wade). Relay: Wade, Sephton, Meiring, Hobson, C.

UNDER 15 TEAM: (Reserve in brackets)

100: D. Burnett (B. Vorster). 220: B. Syme (B. Vorster). 880: B. Vorster (B. Syme). Hurdles: D. Burnett (A. Smith). High Jump: J. Kirkby (B. Syme). Long Jump: D. Burnett (P. van Niekerk). Pole Vault: J. Kirkby (M. Schuddin). Shot Putt: A. Smith (B. Syme). Relay: Burnett, Vorster, Van Niekerk, Spiegel.

RESULTS AT A GLANCE OF E.P. INTER SCHOOLS

Rain washed out the meeting at a stage when things were beginning to get interesting, certainly for the Under 19 and Under 17 teams.

UNDER 19:

100 and 220 yards: P. Kamp 1st in both heats with best time 10.4 secs. and 23 secs. respectively. 440: D. Wilson easily thro' to final with 52.1 secs. 880: C. Ansley 2nd in 2 min. 7.2 secs. (conditions at the time were atrocious). Mile: S. Douglas unplaced in 4 mins. 52.1 secs., his fastest time so far. Two miles: R. Kirkby 3rd in 10 mins. 41.2 secs. (Conditions worse than for $\frac{1}{2}$ mile). 120: J. Gallet thro' to final in 16.7 secs. High Jump: C. Ansley qualified for final and looked like winning (height unknown). Long Jump: C. Ansley qualified for final (distance unknown). Pole Vault: T. Carey did not jump — event scrubbed. Shot Putt: W. Jackson thro' to final. Distance 42' 4", lying second. Discus: G. Sephton threw 142 feet (further than K.C. record, but did not qualify). Javelin: P. Forsyth threw 161' 7" — enough to win. Relay side did not operate.

UNDER 17:

100: P. Forsyth 4th in heat, did not qualify, 11.3 secs. 220: J. Ellmore, 4th in heat, did not qualify, 25.4 secs. 440: D. Erskine 3rd in heat, qualified 54.2 secs. 880: R. Liddiard 3rd. Time 2 mins. 10.2 secs. (Conditions as for under 19 880). Mile: F. Dold 5th. Time 5 mins. 3.9 secs. (conditions worse). 110 Hurdles: M. Kent 3rd 15.5 secs. qualified. High Jump: K. Shaw qualified (height unknown). Long Jump M. Kent qualified (Distance 18' 7"). Pole Vault: D. van Niekerk, event unfinished but David well in (Height unknown). Shot Putt: C. Swemmer 34' 6" unplaced. Discus: P. Forsyth 136' unplaced. Javelin: A. Anastasia 1st 155' 5". Relay: Did not operate.

UNDER 15:

100: D. Burnett 1st in heat 11.4. 220: B. Syme 4th in heat, unplaced. 880: B. Vorster unplaced. 80 metre hurdles: D. Burnett 1st in heat 12.1 secs. best time. High Jump: J. Kirkby, eliminated ht. 4' 8". Long Jump: D. Burnett 18' 9" lying first. Pole Vault: J. Kirkby 7' 10 $\frac{1}{2}$ " unplaced, event not finished. Shot Putt: A. Smith eliminated, distance unknown. Relay: Did not operate.

UNDER 13:

100: B. MacLeod 4th in heat, unplaced. Long Jump: J. Clews unplaced. High Jump: B. Gibbon unplaced. Relay: Thro' to final with a good time 56.4.

UNDER 11:

100: G. Wade 2nd in heat 14.1 (eliminated). High Jump: D. Meiring jumped very well but failed to get into the last 4. Long Jump: G. Sephton unplaced. Relay: Unplaced.

QUADRANGULAR RELAYS

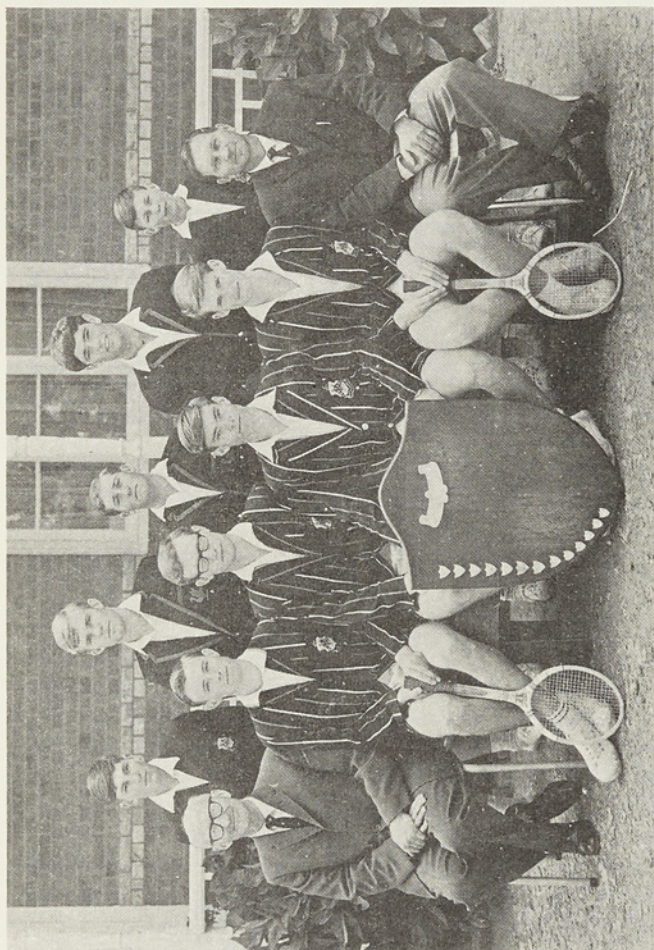

These Relays, run along the lines of the Triangular, took place on Tuesday and Wednesday afternoon the 21st and 22nd March. Owing to the Easter Weekend Dale could not come this year so Kingswood fielded a "B" to complete the field.

The strength of the under 19 side, hinted at at the E.P. Championships — certainly showed up on the day. Graeme and P. J. Olivier were no match for them in the under 19 or Open Division although there were some thrilling events and spectacular finishes. The "A" side ran out victors scoring 50 out of a possible 52 points.

In the under 15 the competition was keenest, the finish closest. Graeme and P. J. had good teams and here the contest, as in the under 13 was very even.

The Team results were as follows:-

OPEN: 1. K.C. 30; 2. Graeme 26; 3. K.C. "B" 22; 4. P. J. Olivier 21.

KINGSWOOD COLLEGE — 1st TENNIS TEAM 1966

(Winners of the Knowing Shield)

Seated : Mr. C. B. Dacam (Headmaster), H. B. Hobson, B. Marshall, H. H. Collett (Capt.), D. Hodgkiss, Mr. T. C. Hartzenberg
 Standing : L. B. Turner, J. R. Roderick, T. Webster, T. Stretton, D. L. Hobson.

UNDER 15: 1. K.C. 36; 2. Graeme and P. J. Olivier 31; 4. K.C.B. 14.

UNDER 13: 1. K.C. 30; 2. P. J. Olivier 26; 3. Graeme 17; 4. K.C. "B" 11.

Detailed results are below:

One event remains to be reported — namely Paul Forsyth, throwing 187' 10½" gained a place in the E.P. Championships. This is well deserved and we hope he will do very well.

Lastly — the rain again interrupted play — in fact it prevented it altogether on Easter Saturday and so we have postponed the Kingswood Relays — Inter-house and Junior until the third term. At least we have not been robbed this time.

ATHLETIC AWARDS — 1st TERM 1967

Track Suits:

O. Clayton, J. Rautenbach, D. Fraser, C. Coetzee, J. Colley, D. de Jager, D. Bryan, B. Morton, M. Collett.

Colours:

D. Wilson (440), P. Forsyth (Javelin, Re-award), W. Jackson (Shot Putt), B. Sephton (Discus), R. Liddiard (Mile, Road Relay, 2 Miles), P. Kamp (220, Re-award).

SENIOR TENNIS — 3rd TERM 1966

The year ended on a high note for Kingswood Tennis. After a successful tour earlier in the year, Kingswood managed to capture this year the Inter-school Knowing Shield held for many years by St. Andrew's. They beat St. Andrew's by 3 matches to 2 and went on to a 5—0 win over Graeme College. Special mention must be made of the fine wins recorded by B. Marshall and H. H. Collett, our top two singles players, who both won in straight sets in the vital match against St. Andrew's. The thrill of the contest, however, came from our top doubles couple after the two lower couples had conceded defeat to level the score at 2 matches all. After losing the first set 6/2 and trailing 4—2 in the vital decider, H. B. Hobson and D. Hodgkiss fought back magnificently. They survived several match points, finally won the second set 10/8 and were leading 3—1 in final set when

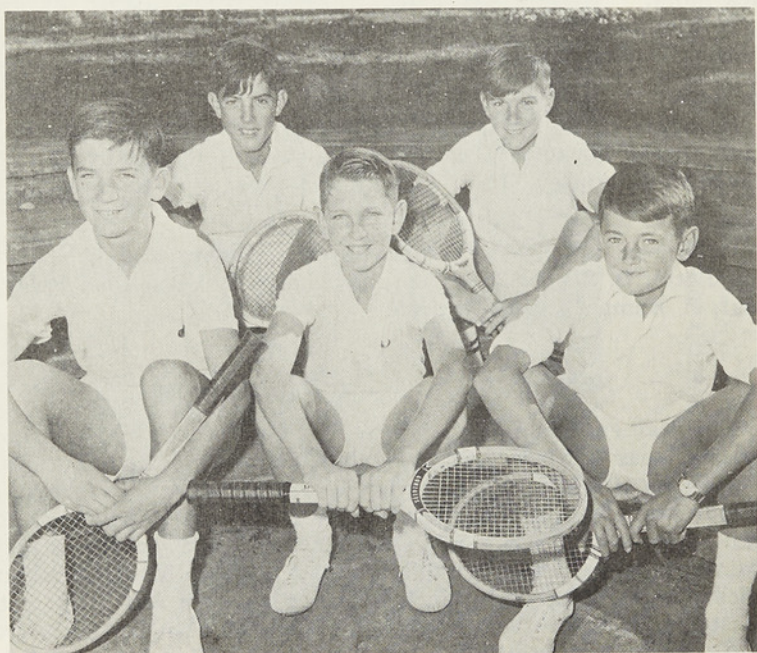

down came the rain. After having to wait a tense week they were able to complete a great win 2/6, 10/8, 6/3.

School Championships:

On the 24th October the finals of the Open and Under 16 Championships were completed.

In the Open Singles Barry Marshall was too steady and too accurate for Hylton Collett, winning 6/2, 6/0. The doubles proved an excellent and enjoyable tussle. After some very good exchanges Collett and Marshall overcame Hobson and Hodgkiss 9/7, 8/6.

In the under 16 section we witnessed two closely fought finals. The singles title went to Denis Hobson who beat Bruce Turner 6/4, 6/4. The doubles was won by Rodney Collett and Bruce Turner who beat Michael Kent and Denis Hobson 9/7, 6/3.

UNDER 14 TENNIS TOUR TEAM

Front Row : Grant Dewar. Andrew Rein, Neil Aggett.

Back Row : Peter Sole, Sidney Turner.

The Chairman of the Kingswood Council, Mr. Melville Dold, presented the trophies. At this point we would like to record our appreciation to Mr. and Mrs. Dold for the very real interest they show in tennis at Kingswood.

An under 15 match against Selborne College in which we were soundly beaten, a close match, which we won, between the second teams of K.C. and St. Andrew's and a full programme of Inter-House matches concluded the year's programme.

Results of the House matches were: (1) Chubb. (2) Wood. (3) Gane. (4) Jagger.

Boys who represented the 1st Tennis team during the year were:- H. H. Collett (Captain) (Colours), B. Marshall (Colours), H. B. Hobson (Colours), D. Hodgkiss (Colours), T. Stretton (Standard Blazer), J. R. Roderick (Standard Blazer), T. Webster (Standard Blazer), D. L. Hobson and L. B. Turner.

1st Term 1967:

As is so often the case, 5 out of our top 8 players from last year have left us and we have had to start team-building anew. H. B. Hobson is the only "Colours-man" back but, as also so often happens, some other players have developed remarkably. Anthony Davies and Vernon Oxenham attended a tennis camp during the Xmas holidays at Stellenbosch and have benefited considerably. Dennis Hobson and Rodney Collett have grown and matured and are beginning to "blossom".

Main interest this term has been an inter-school tournament run by the Grahamstown and Bathurst Dists. L.T.A. for the schools. Our cricketing tennis players could not enter because of clashes but those who could, acquitted themselves very well. In the senior section H. B. Hobson won the singles title and with A. Davies also won the doubles title. The under 16 singles was won by Elliot from S.A.C. but in the doubles A. D. Watermeyer and R. Velkes of Kingswood won through.

For the first time in memory 4 boys, H. B. Hobson, A. Davies, J. R. G. Collett and D. L. Hobson were able to compete in the P.E. and District Junior Championships this year in Port Elizabeth. They gained more experience than glory but by no means disgraced themselves.

This term also saw our first encounter with P. J. Olivier Hoërskool. We won easily but enjoyed the outing against some very keen opponents.

We look forward to the rest of 1967.

JUNIOR TENNIS

3rd Term 1966

This term was devoted mainly to the Annual Championships but several matches were played in the different age groups.

The Under 13 team played two matches and in both we felt the absence of Grant Dewar who was still recovering from his broken leg. In the first against the Grahamstown Junior Club we lost by 74—45 with all three couples winning 15 games each. Later in the term we took on St. Andrew's Prep. and managed to beat them by 73—26, one of our best wins over Prep. Rein and Aggett were the best couple, winning 27 out of a possible 33 games.

The Under 12's also played matches and had a most enjoyable term's tennis. Their first match was against a Junior team from Southwell which beat us by 98—78 with R. Fridericks and R. Hobson being our most successful couple, winning 23 games all together. Their next match was against St. Andrew's Prep whom we beat 60—39, this time R. Hobson and H. Moss being the best couple with 24 games to their credit. In a return fixture, we lost to Prep. by 46—35. The Prep. team had changed and was much improved. In the last match of the term, Southwell entertained our team on their courts and although their hospitality was overwhelming, we managed to turn the tables and beat them by 9½ matches to 6½. This match was made more interesting in that we were able to play sets instead of games.

Annual Championships

In the Under 14 Singles, A. Rein, B. Vorster, P. Sole and S. Turner got through to the semi-finals. Barry Vorster caused an upset by beating Rein, the top seed in a very close match 9—7, 7—5, but was himself beaten in the final by the No. 2 seed, Sidney Turner, who had had to play hard in the first set of his semi-final against Peter Sole, winning it eventually 9—7, 6—3. Sidney then took the final and the Worthington Cup at 6—4, 6—4.

In the Doubles Rein and Turner, and Aggett and Sole got through to the final and there was no upset when Rein and Turner won at 6—3, 6—4. In their semi-final, Aggett and Sole dropped the first set to Vorster and Saunders and had a hard tussle in the second before eventually winning 5—7, 6—4, 6—1.

In the Under 12 events H. Moss beat R. Hobson 6—2, 6—0 in the final and Rein partnered by Moss beat R. Hobson and S. Fitzhenry in the Doubles but only after Ray and Sidney had taken them to 13—11 in the first set.

Throughout the competition, the standard of play was of a good standard and the players who took part must be congratulated on their efforts.

1st Term 1967

This term has been devoted to practice rather than to match and it looks as if when we do come to play matches later in the year that we are going to have some very nice teams indeed. This will be the first year for many that we will be able to field four different teams all on the same afternoon as the standard in all age groups from Under 11 to Under 14 is very good.

The Under 14 Touring team settled down to hard work right from the beginning of term and any success which they achieve will certainly be by the sweat of their brow. In two end of term matches they beat St. Andrew's College Under 14 by 99—96 and then lost to V.G. 1st team by 6—3. This was a particularly pleasing performance and grand practise. An Under 14b side played against V.G. 2nd team on the same afternoon and in a very exciting match, V.G. beat them by 5—4. The outcome depended on the last match, and with the score 4 matches all and 5 games each in the final set, V.G. managed to win the next service and the match.

The Under 13's had one match against Clumber which was played out at Clumber and which we won by 57—42. Our best couple was R. Hobson and H. Moss who won 18 games with R. Fridericks and N. Pike not far behind with 18 games. It was a most enjoyable trip and we thank our hosts for their hospitality.

Under 14 Tennis Tour of the Eastern Cape

This turned out to be a weather harrassed tour, when we were either struck by rain or wind. In spite of these disadvantages, this tour will always be remembered with great pleasure by all those who took part. Wherever we went, the hospitality was great and the tennis excellent. There can be no doubt that all the players improved and the lessons learnt, if implemented, will do their games a great deal of good.

The first match was against Queens, but unfortunately it only started at 4 p.m. due to the rain. We were not able to complete the fixture, but were able to beat them 4—3 of what we did play. It was a most encouraging start to the tour and although the conditions were not ideal, nevertheless all enjoyed themselves.

The second match was against Dale, but here a surprise awaited us as they had chosen an Under 15A team for the match. This was accepted as an extra challenge and all players excelled themselves so that the final outcome was 5—4 in Dale's favour. Rein and Sole

both won their singles and Aggett and Dewar took three sets before they were beaten by the Dalians. In the Doubles the tally was two matches each. This was probably one of the best matches of the tour and our team did very well against the hard-hitting Dalians.

From King we moved on to East London for two matches. The first was against a Cambridge Under 15 team, but as this school does not have many good players, we had no difficulty in winning all seven matches. This was to be a warm up for the really tough fixture the next day against Selborne, who have one of their best Under 14 teams for the last 10 years. A quick but enjoyable round of Putt-Putt and an early night and the team was ready for the big match.

We played against Selborne on the Saturday morning in the main tennis Stadium and it was here that all players turned in what was probably their best tennis of the whole tour. The conditions were ideal for tennis when the Singles started at 9 a.m. Rein went down to their top player 2-6, 3-6 and Turner, although he played well lost to their second player even though he won the first set. But it was the remaining three players who stole the show when they beat all their opposite numbers so we were 3-2 up at the end of the Singles. Neil Aggett dropped his first set at 6-5 but fought back well to take the next two sets at 6-1, 6-1, while Peter Sole had a heart-stopping match in which he won 6-5, 6-5, and Grant Dewar nearly let things slip when he won 6-3, 7-5. This Singles round was a great stand by our boys and they deserve full credit for the achievement. In the Doubles, Selborne came into their own and beat us 3-1 so the overall effect was a victory for them by 5 matches to 4. This match was undoubtedly the highlight of the tour with all players showing a great improvement and a maturity of play that they certainly did not have when they left here.

After a pleasant weekend in East London we left for Muir, where due to age-group difficulties they fielded a team which consisted of five first teamers. The fact that we did not win a match is certainly not a reflection on the team. They battled on as best they could, but were outclassed and outhit by their older, more experienced opponents. Full marks go to the team for sportsmanship of the highest order under what was for them, very trying conditions.

The final match was against the Grey in P.E. and what a match it was. Their top two players were far superior to us and so won all their matches, most of them quite convincingly, but as far as the remaining three were concerned we were able to match them and often beat them at their own game. It was a fitting end to the tour with Grey beating us 8-5 in the Singles and drawing 3-3 in

the Doubles. This match was a 100% improvement in volleying and overhead work as well as general courtcraft.

We have played against some very fine players and while we lack some of their finish, we have certainly got the necessary foundations on which to build. To improve, keenness and hardwork are all that are necessary and with these two qualities, our teams are richly endowed. I am certain that the lessons that have been learnt are going to stand them in good stead in the future.

BRASS BAND 1966

A full report of our visit to the Rand Show was published in an earlier magazine so that this is a report on the activities of the band during the 2nd and 3rd terms of 1966.

H. Fox, who had led the band at the Rand Show, handed over the mace to P. Canepa for the rest of the year. Both these boys were first class leaders — H. Fox had already led the band during 1965 and J. Canepa had been one of the trumpeters before taking over the mace.

The foundations laid during our practising for the Rand Show were prominent throughout the year. Comments were favourable on all sides and the band always looked smart.

Our first outing during the 2nd term was a visit to the East London Show on 21st May. We paraded in the mud and between the showers at this ill-fated Show and a small crowd watched the boys perform. Delville Wood parade was held on the 17th July and the band played again at the Chapel Anniversary Service on Sunday, 31st July.

No "slick" parades are allowed on a Sunday, so we were refused permission to go to Alice during the third term — a traditional trip and one of our most enjoyable ones — the boys were very sorry to miss it and Dr. Cooper, his staff and patients were sorrier still. However we were able to attend an Armistice Service in Bedford after parading in the morning here. The senior bandsmen played the hymns at a service in the Bedford Town Hall and then took part in a wreath laying ceremony. We were made most welcome by the Bedford townsfolk and I hope that we shall be able to go again at some future date.

On the 16th October we travelled to Port Alfred to play at an open air service for the MOTHS. The band also played a prominent part in the Annual General inspection on Monday, 3rd October and our last activity of the year was the playing of some of the hymns at the farewell service on Sunday, 27th November.

The Catherine Cup was awarded to Sgt. N. Miller who also played the Last Post and Reveille on various occasions throughout the year.

My sincere thanks to all the boys in the band for making this another good year for the band. May I close by wishing all the leavers a happy and successful future.

Members of the Band:

Drum Majors: H. Fox, P. Canepa. Sergeants: H. Collett, N. Miller, R. Humby, A. Spiegel, B. Sephton. Corporals: V. Oxenham, P. Tyler, D. Sparks, A. Bradlow. Lance-Corporals: A. Rein, A. Pike. I. DEBATING SOCIETY NOTES

3rd Term 1966 — 1st Term 1967.

As has been the case in recent years, society activity takes second place to preparation for the looming end of year exams in the third term. There is, therefore, nothing of note to report.

With the advent of 1967, however, the Society regained its impetus. Under a new and enthusiastic committee, headed by M. L. Rein, three meetings were arranged for the term. The following office bearers were elected at a special meeting for the purpose:- (Chair-

man) M. L. Rein; (Secretary) H. J. Livingstone; (Committee) J. Parkin, I. Dove and M. Plumstead.

The highlight of the term was the debate at which we were the guests of V.G.H.S. It was a mixed debate and not an inter-school debate. M. Rein, I. Dove, Neil Nash and M. Plumstead were the main Kingswood speakers. Many more spoke from the floor and several speakers acquitted themselves well. The two topics debated during the evening were "That Rainfall was the most Serious Problem facing South Africa as a Nation", and "That the Hand that Rocks the Cradle Rules the World". A very pleasant evening included an interlude during which coffee and cakes were served.

A few weeks later an internal debate followed which attracted a good deal of interest. The topic on this occasion was "That the lack of Freedom at Kingswood has resulted in a General Decline in School Standards". R. Kirkby, R. Grundleger, G. Leigh and R. J. Davies were the main speakers and again there were plenty of "takers" from the floor. The motion, incidentally, was defeated handsomely.

Our third meeting took the form of a Discussion Evening, rather than that of a true debate. The school system of awarding Inter-House points and the Academic and Sporting Awards came under discussion and was given a good airing. Some good points were made while at the same time the boys were given an insight into the complicated nature of the problem which confronted the school authorities.

I think it is true to say that the boys have enjoyed our meetings and that many of them are benefiting from the opportunity which this Society provides for learning to speak one's mind in front of others.

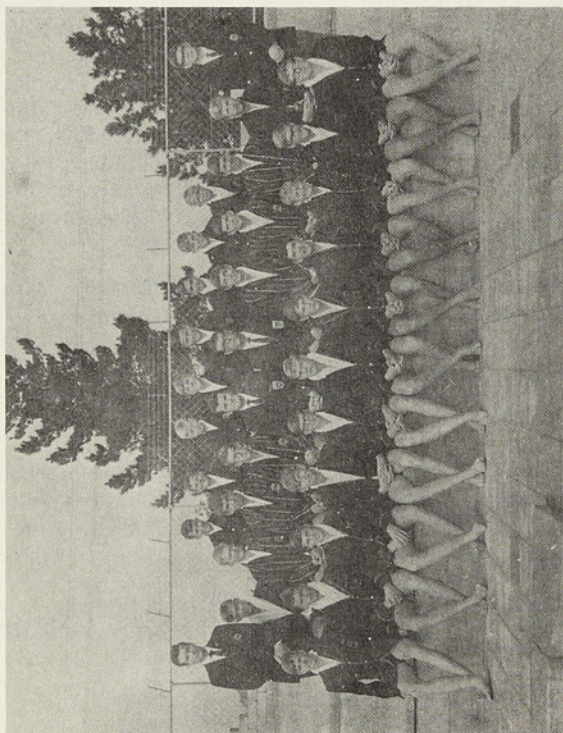

We look forward to next term with confidence.

SWIMMING 1966/67

This was our first season in the new bath, and what a success it was! New training methods and aids helped greatly in the almost unbelievable improvement of swimming in general. Though no Kingswood boys were in the E.P. Schools Team this year, I consider this season to have been the best in our history, not so much for individual performances which were not as outstanding as in previous years, but for the depth in ability, and general all-round performance.

Once again there were more than 50 full-time swimmers, plus many others who were also engaged in cricket and tennis. As swimming is now a major sport (including diving) enthusiasm has been

KINGSWOOD'S SWIMMING TEAM: E.P. INTER-SCHOOLS GALA.

Back Row : B. Sandberg, F. Carey, A. Watson, C. Wienand, I. Gosling, M. Abraham, R. Simpson, M. Colley.

Centre Row : G. Tucker (recorder), A. Momberg, E. Collier, A. Hay, J. Butler (Capt.), Mr. J. B. Wegerhoff (swimming coach), Mr. P. J. Joubert (diving coach), S. Dodds, A. Barnes, A. Paris, C. Pritchard-Davies, R. Munstie (recorder).

Front Row : G. Pitman, C. Botha, I. Hinds, I. Stubbs, J. Thomas, G. Douglas, P. Steijl, A. Smith, A. Collier, P. Gosling, M. Robus.

running high. More and more boys are learning to swim, especially with the re-introduction of physical education on the timetable.

This season there were no fewer than 9 galas, the River Race, and a Diving competition against St. Andrew's. We started off as usual with the Albany Schools' and Rhodes Gala at the St. Andrew's Bath. Those who swam well to gain first places were A. Barnes (82.0 u16 100 yds. breaststroke), G. Douglas (61.9 u16 100 yds. freestyle), M. Colley (51.8 u14 2 lengths backstroke), M. Abraham (93.9 u14 100 yds. breaststroke), and G. Kahn (29.6 points u14 diving — Record). The u16 relay team also won its event (4 x 2 lengths free-style, 2:42.4).

On 4th November an informal gala was held between junior swimmers of K.C. and Graeme. Although Kingswood were stronger all-round, it was a most successful venture.

The annual river race was held at Kasouga on the 9th November in fine weather. Jagger House's senior swimmers made sure that they were overall points winners, runners-up being Chubb House from Wood and Gane. Winner of the Open section was M. Robus, with J. Butler second and I. Hinds a very creditable third. There were 20 senior competitors. In the u16 section, A. Collier surprised everyone by winning a superbly judged race from C. Pritchard-Davies and G. Douglas, there being 26 swimmers in this race. We had our usual braai afterwards, with everyone's appetites being satisfied by the cooks T. Fincham, P. Forsyth and E. Collier.

This year, on the 9th February, we held a gala against Graeme at our bath. As with the Junior Gala, this proved a great success, and so this Gala now becomes an annual event. The outstanding results from this Gala were as follows:

- (i) Open 100m. breaststroke: J. Butler (85.0). Colours.
- (ii) U-16 100m. breaststroke: A. Barnes (87.4), P. Steyl (89.0), E. Collier (85.6) 0.6 sec. outside Cols. Standard.
- (iii) Open 100m. Crawl: S. Dodds (67.0). Std.

Other good results:

- (i) U14 100m. breaststroke: M. Abraham (91.4), 1.4 sec. outside Standard.
- (ii) U16 100m. freestyle: G. Douglas (67.3), 0.3 sec. outside Std. C. Pritchard-Davies (68.3), 1.3 sec. outside Std. A. Collier (68.7), 1.7 sec. outside Std.
- (iii) Open 100m. breaststroke: I. Hinds (90.3), 0.3 sec. outside Standard.

(iv) U16 100m. breaststroke: A. Smith (91.2), 1.2 sec. outside Standard.

(v) Open 100m. freestyle: M. Robus (67.1), 0.1 sec. outside Standard. B. Larsen (67.5), 0.5 sec. outside Standard.

(vi) U16 100m. backstroke: A. Paris (80.5), 1.5 sec. outside Standard.

On Saturday, 11th February we went to Kingwilliamstown for their Club's Annual Gala at the Athlone Bath. This was a wonderful experience for our boys, as they were swimming against most of the E.P. Swimming team and some of the Border swimmers. Our better performances included the following: D. Elliott 1st (59.0) u12 2 lengths breaststroke. J. Eksteen 3rd (23.5) u10 1 length freestyle. A. Paris 3rd (2:58.9 Std.) u16 220 yds. backstroke. A. Collier 3rd (75.1) u16 100 yds. butterfly. U14 Medley team 3rd (3:34:5) 4 x 2 lengths medley teams race.

S. Dodds also achieved a standard time in the Men's 100 yds. freestyle (60.0) as did J. Butler in the Men's 100 yds. butterfly (71.2).

We had another successful gala against Graeme on Thursday, 16th February, the gala being very short and taking the form of 4-men team relays (medley and freestyle). On the 18th February was the Grahamstown Inter-Junior Schools Gala at the V.G. Bath. Our better performances were as follows: S. Barlin 1st u13 2 lengths breaststroke (53.3 Record). J. Eksteen 1st u10 1 length freestyle (22.9). D. Elliott 1st u12 1 length breaststroke (26.2). M. Colley 1st u13 2 lengths backstroke (51.4). U13 4 x 2 lengths freestyle relay team 1st (80.6 Record). U9 4 x 1 width freestyle relay team 1st (55.3).

We did very well in the Buffer events at this Gala: Open 100 yds. breaststroke: E. Collier 2nd (75.3 Std.). A. Barnes 3rd (75.9 Std.). Open individual medley: J. Butler 1st (97.8). Open 4 x 2 lengths freestyle relay team 1st (2:32.5). Open 4 x 1 length medley relay team 1st (2:55.1).

Gala day was Thursday, 2nd March, culminating a week of long distance events before this. This was the first Inter-House Gala in our new bath, and so all winning times constitute new records. Swimming was of a very high standard, as can be gauged from the times set up. There were 4 colours times and no less than 21 standard times! The race of the afternoon was undoubtedly the u16 100m. breaststroke, in which the first 6 swimmers achieved standard times, the winner doing 85.0 secs. (colours).

Wood House won the Inter-House Birch Cup, but only after a determined fight by Gane House, the runners-up. The junior Inter-House (u14 downward) was won by Achilles.

The Inter-House Diving was held on Friday, 3rd March, the Open winner being C. Botha, with I. Hinds as runner-up. The u16 was won by J. Thomas from J. White.

On Saturday, 4th March we again travelled to Kingwilliamstown, this time for a most exciting Inter-schools Gala (Dale, Grey, Selborne, Queens, Graeme and Kingswood). We came 4th overall, our best performance being that of A. Barnes winning the u16 100 yds. breaststroke (78.7). Others who swam well were A. Momberg, M. Robus, J. Butler, C. Pritchard-Davies, A. Paris and G. Douglas.

The climax of the season was the E.P. Inter-High Schools Gala at the Newton Park Bath, Port Elizabeth on Saturday, 11th March (with the Diving at the Grey High School Bath). We did very well to come 3rd overall, behind Grey and Muir. Our great depth was shown when nearly all our boys managed to reach the final (9 swimmers), 2 boys having swum in every event in the heats.

Heat winners were A. Momberg, B. Sandberg and P. Steijl, while B. Sandberg won the u14 110 yds. breaststroke final, with M. Abraham 0.6 secs. behind in 2nd place — a fine performance! B. Sandberg was considered most unlucky not to gain selection for the E.P. Schools Team. The u16 medley team won their final, but were unfortunately disqualified.

A number of our swimmers achieved standard or colours times: J. Butler: Open 110 yds. butterfly (80.7). S. Dodds: Open 110 yds. freestyle (66.4 in heat, 65.6 in final). J. Butler: Open 110 yds. breaststroke (85.8 in final, but 84.8 in heat — Colours). G. Douglas: U16 110 yds. freestyle (67.0). P. Steijl: U16 110 yds. breaststroke (85.5 in final; Colours in the heat of this event (84.4). A. Barnes: U16 110 yds. breaststroke (88.8).

NEW COLOURS AND STANDARD TIMES (1st term 1967)

100m. freestyle: 1:03.0 Colours, 1:07.0 Standard.

200m. Freestyle: 2:25.0 Colours, 2:32.0 Standard.

400m. Freestyle: 5:15.0 Colours, 5:30.0 Standard.

100m. Backstroke: 1:14.0 Colours, 1:19.0 Standard.

200m. Backstroke: 2:50.0 Colours, 3:0.0 Standard.

100m. Breaststroke: 1:25.0 Colours, 1:30.0 Standard.

200m. Breaststroke: 3:05.0 Colours, 3:15.0 Standard.

100m. Butterfly: 1:20.0 Colours, 1:26.0 Standard.

4 x 50m. Indiv. Medley: 2:50.0 Colours, 3:0.0 Standard.

4 x 25m. Indiv. Medley: 1:15.0 Colours, 1:20.0 Standard.

The 100m. breaststroke times have been revised, and as from the 3rd term 1967 will read as follows: Colours 1:24.0, Standard 1:28.0.

The school records and official times for our old bath follows on after the detailed results. The season also saw the introduction of a "Colts" tracksuit for U14 swimmers.

Colours:

- (a) Re-awards: J. Butler.
- (b) New Awards: E. Collier, A. Barnes, S. Dodds, A. Paris, P. Steijl.

The proposed new swimming scallop, about the size of a 2 cent piece, is Gold with a Black S.

So, taking everything into account, this has been a most successful season. There is still much room for improvement, especially when more boys start using the revolutionary new Exer-genie exercises — a number of boys have them already. Our new second clock makes training somewhat easier (from the organization point of view), and once we have trampolines, the divers can look forward to better achievements. As can be seen from the results achieved, Mr. Osborn, who is now fully in charge of junior swimming, has done a magnificent job — the interest among these boys is to be seen to be believed. Mr. Joubert has also rendered yeoman service in the diving, taking juniors and seniors nearly every day of the week. A final thank you to all boys and staff members who put in so much work and gave up so much free time in order to make the galas run smoothly.

DIVING — 1st TERM 1967

The year started off well with great interest and enthusiasm shown by the boys. We wasted no time in going straight on to learning the run-up and certain basic dives. The first fortnight showed much improvement and the divers were now making full use of the boards in gaining maximum height.

The preliminary run-up training which was done on the ground and many lengthy discussions into the mechanics of various dives did not seem to dampen the spirits of the enthusiastic divers. Day after day, rain or shine, they trained hard to perfect their newly-learned dives.

In spite of their hard work and definite signs of improvement, the boys had not as yet had any competition experience. With this in mind a diving competition was organised against St. Andrew's Rain and wind did not help spectator turnout and the competition went on under rather difficult conditions. The Kingswood divers did well and valuable experience was gained.

"Takkies" Botha, I. Hinds, J. White, K. Kearns, M. Abraham, M. Schuddin, K. Buisman, R. Whitfield and J. Thomas all showed good form. Many of the more advanced divers turned out to early morning training at 6 a.m. This gives an indication of the keenness and co-operation of the boys.

The Inter-House Gala came along and some good diving was seen as J. Thomas of Jagger won the under 16 and "Takkies" Botha of Chubb clinched the Open event.

The Sanitorium claimed a few of our divers much to their disappointment. G. Kahn, one of the most promising under 14's broke his wrist and was out of action for the season. He was nevertheless

the keenest spectator and was seldom absent from practices. K. Kearns of the u16's was unfortunate to go down with mumps just before the E.P. Schools Gala. His progress and ability to learn difficult dives almost immediately was quite amazing.

The E.P. Schools Gala was a great success and A. Watson, J. Thomas and C. Botha all gained fourth places and plenty of experience.

On reflection we had a good, accident free season and we look forward to even better prospects in the future.

Regular Divers:

UNDER 14: G. Kahn, B. Sandberg, C. Wienand, M. Schuddinh, C. Hughes, D. Stocks, T. Aspelng, V. Beningson, G. Newell, S. Abraham, M. Shaw, B. Gibbons, A. Watson.

UNDER 16: K. Buisman, R. Whitfield, J. Thomas, K. Kearns, J. White, J. Botha, I. Gourlay, A. R. Collett.

CRICKET

1st XI CRICKET — 3rd TERM 1966

Captain: T. K. Webster. Vice-Captain: B. Marshall.

vs. ALEXANDER ROAD HIGH — 8/10/66.

This was the first ever fixture between the two schools and we entered the game with a certain amount of uncertainty, having had scant practice. We discovered however that the visitors were in a similar predicament and, considering the final outcome, this was just as well.

Only Tremeer was able to penetrate the visitors' defence. His medium-paced seamers had all batsmen groping, and the seven wickets he took cost only 46 runs in 18 overs — a magnificent performance. Included in his list of victims was Summerton, who was later picked for the E.P. Nuffield XI.

Appropriately, Webster and Marshall, the Captain and Vice-Captain; set the pattern by taking the first two catches of the season. Dickie, too, was responsible for two fine catches, while Plumstead held on to another. These performances augured well for the season.

Campbell, an off-spinner who had shown considerable promise in the first term, showed glimpses of his earlier form in capturing one of the opening batsmen and a tail-ender in an invaluable spell.

Kingswood, set the target of 153 to make in 165 minutes, started shakily when Plumstead was caught in the third over for 3, with the score on 8. H. D. Collett and Stretton set about restoring the position and took the total to 39 before Collett left a gap for off-spinner Brickett and was bowled. Nine runs later Brickett struck again to bowl Stretton, who had batted with the dogged determination that one had come to expect of him. At 48 for 3 wickets the scales were evenly balanced. Marshall came in to join Webster who had yet to

1st XI CRICKET 1966

Back Row : A. Dickie, P. Campbell, J. Roderick, K. Swemmer, H. D. Collet, K. Shaw, R. Piers.

Front Row : Mr. C. Ulyate (Coach), H. H. Collett, B. Marshall (V.Capt.), K. Webster (Capt.), K. Tremeeer, T. Stretton, Mr. C. B. Dacam (Headmaster).

open his score, and both batsmen began to display some attractive scoring strokes. At a run a minute, in which Webster was the major partner, they added 49 before Marshall was out attempting a hook off the middle stump, for 22. The tide had begun to turn. 97 For 4. The next two wickets added only 28, with Webster scoring 18 of them.

At 125 for 6, Dickie joined Webster at the wicket and after a short while it was clear what the outcome of the match would be. Dickie attacked from the outset and had a personal tally of 17 not out out of 31 runs scored in 26 minutes.

Webster was not out 50 when the match ended 20 minutes from close of play.

Scores:

Alexander Road 153 all out. (Tremeer 7/46, Campbell 2/44, Roderick 1/18).

Kingswood 161 for 6 wickets. (Webster 50 not out, Stretton 30, Marshall 22, Dickie not out 17, H. D. Collett 12).

RESULT: K.C. won by 4 wickets.

vs. ADELAIDE — 15/10/66.

Adelaide brought up quite a strong men's team which included a number of O.K.'s, and which was supplemented both in number and strength by staff members Lynn Schroeder and Juan Southey. K. Shaw had been brought up as left-arm opening bowler to replace Roderick, who was competing in the Javelin against the visiting German athletes. He was an immediate success, taking two wickets in his first six overs for only 14 runs, thanks to some fine catching by Webster and wicketkeeper H. H. Collett.

Tremeer again was the spearhead of the Kingswood attack, thanks to three excellent catches by R. Piers close to the wicket and a further catch by H. H. Collett. He was well supported by Campbell, whose off-spinners earned him a bag of three wickets for 23 runs in 4.5 overs. Stretton and H. H. Collett each took catches off Campbell's bowling, to bring the school's tally of catches to 8 out of the ten wickets that fell. Not one catch had been dropped in two matches — an outstanding performance. Both Piers and H. H. Collett recorded hat-tricks in the catching line, and only four bowlers were required to dismiss the visitors for a mere 110 runs, of which Lynn Schroeder scored a fluent and polished 55 before being brilliantly caught by Stretton in the covers off Campbell. A dropped catch at this stage might have been disastrous.

Errol Pringle and Brian Letcher were the only other visitors to reach double figures, scoring 25 and 16 respectively.

The school were never in real trouble, in spite of having opening batsmen Tremeer and Stretton and number three H.D. Collett back in the pavilion for only 36 runs. For Marshall and Webster, batting very sedately, apart from occasional spurts of violent hitting by Marshall which sent the ball soaring over the pavilion, looked quite at home from the word "go". They took the score along at a comfortable pace to 100 for 4 wickets at which point Marshall, not satisfied with mere sixes tried to hit the ball into the Science Block some two hundred yards away (or so it seemed), and was out leg-before wicket.

With only 10 runs to score and 6 wickets in hand, in came H. H. Collett to register his best batting of the term. Determined to regain some of his form of the first term, he was a model of concentration and his 45 runs came from a wide array of shots all round the wicket.

The school batted on after passing the Adelaide total and amassed 186 before Shaw was bowled by Brian Letcher for 11 and the ten wickets were down.

Scores:

Adelaide 110 all out. (Tremeer 4/19, Campbell 3/23, Shaw 2/42).

Kingswood 186 all out. (H. H. Collett 45, Webster 34, Marshall 29, Stretton 18, Shaw 11).

RESULT: K.C. won by 5 wickets.

vs. GRAEME — 22/10/66.

Graeme had recently returned from a highly successful tour in Natal and we knew that this was a vital match. The previous ten matches (including the first term) had seen 6 victories, three drawn games and only one defeat. Could we hold the powerful Graemians? We had come out of our encounter with them at the beginning of the year with a meritorious draw which might have been a victory had time and the toss been on our side. But they now had had match practice which we sorely needed.

Graeme elected to bat on a wicket which was obviously fast and was going to give a lot of assistance to the fast bowlers. For this very reason we had omitted Campbell, whose performances this season had justified selection, and included Roderick. With 5 seam bowlers we were at least certain of containing the aggressive Graemians, and

the one spinner included in the side, R. Piers, had been highly successful against them in the first term, taking 3 for 43 in a sustained spell of accurate bowling.

This policy proved correct. Swemmer tumbled one Graeme wicket after another in an excellent spell of fast-medium bowling. Roderick and Tremeer each toppled one opponent, and there having been a run-out, it was left to left-arm spinner Piers to deal the final death blow when he had the last batsman neatly stumped by wicket-keeper H. H. Collett. We had humbled Graeme, who but for a hard-hitting 4th wicket partnership of 48 between Sangster and Futter would have been out for much less than their hard-earned total of 109. Swemmer was the hero. He clean bowled four and took two other Graeme wickets, bringing his tally to six wickets for only 31 runs in 13 overs.

Few, if any, of either the players or the spectators present at Gane Field that afternoon could have suspected the debacle that was to follow.

Stretton was bowled by a yorker from L. Webster for 0 and at once it became obvious that this was going to be no easy total to reach. H. D. Collett fell victim to a catch by wicket-keeper Heny off L. Webster and Kingswood's hopes had fallen. Swemmer was next to go, again off a catch behind the wicket off D. Timm. Three wickets were down for 22 and the position was precarious. T. Webster and Marshall offered some resistance before Webster was quite brilliantly caught by D. Timm off the bowling of Engelbrecht. H. H. Collett was caught off D. Timm's bowling for 1, and half the side was out for only 31 runs. The position looked hopeless. And when Marshall went 18 runs later the proverbial bells began to toll.

Shaw survived one or two rather shaky shots at the outset of his innings and when first Dickie and then Roderick showed a willingness to defend grimly against seemingly unsurmountable odds, the lamp of hope began to flicker once more for Kingswood. But it was not to flicker for long. To mix a metaphor, a strong gust, mainly in the form of a supremely confident and accurate bowling combination by D. Timm and L. Webster, blew out what small flame remained and only a smoking ruin was left. We, too, had been humbled, first by some excellent bowling by Timm and L. Webster and then by the outstanding catching and fielding of the Graemians. Hats off to them for a magnificent game of cricket.

Scores:

Graeme 109 all out. (Swemmer 6/31).

K.C. 86 all out. (Shaw not out 20, Marshall 13, Webster 11, Dickie 11, Swemmer 10, Roderick 10).

RESULT: Graeme won by 23 runs.

vs. STANLEY — 2/11/66 and 9/11/66.

Kingswood entertained a powerful Stanley XI which included several seasoned ex-provincial players and a strong contingent of current E.P. country-districts cricketers. Kingswood batted first and could do no more than scrape together a meagre 78 runs in the first innings, due mainly to a second-wicket partnership of 36 between Stretton (22) and H. D. Collett (16). Only H. H. Collett (not out 9) of the remaining batsmen looked likely to reach double figures, in the face of the steady off-turners of Ian Long, who remains probably the best off-spinner in the province. Moss, with his unorthodox leg "flips" off the wrong foot, also had the schoolboys groping and did equal damage.

In Stanley's first innings the wickets fell regularly, owing to a penetrative spell by Swemmer (3 for 25) and some fine catching by R. Piers. Only an aggressive stand of 39 between Paul Marsh (O.K.) and Trevor Bradfield for the fifth wicket prevented a small total for the visitors, and their overnight score was 130 for 8 wickets. This represented a splendid effort on the part of the school. Neither Long nor Moss could stay with the evergreen Louis Nel, who had come in late, and the innings closed on the following Wednesday at 163.

Kingswood fared better in the second Knock. Dickie (30), Swemmer (26) and Webster (23) provided more than half of Kingswood's total of 150 all out. This time it was Richard Todd, last year's E.P. Country Districts Captain, who wreaked havoc amongst the schoolboy batsmen, taking 5 wickets for 35 runs in a long spell of leg-spin bowling.

Stanley were set to make 65 in the remaining 25 minutes of play for outright victory. This they did in the final over of the day when Louis Nel, following a vicious onslaught by burly John Mills (28 in about 15 minutes), hit sixes off the first two balls he received from Tremeer with effortless ease. Swemmer (2/32) and Tremeer (1/36) were the only wicket takers.

Scores:

K.C. 1st Innings 78. (Stretton 22, H. D. Collett 16).

2nd Innings 150. (Dickie 30, Swemmer 26, Webster 23).

Stanley 1st Innings 163. (Swemmer 3/25, Dickie 2/4).

2nd Innings 69 for 3 wickets. (Swemmer 2/32).

RESULT: K.C. lost outright by 7 wickets.

vs. ST. ANDREW'S — 12/11/66.

St. Andrew's were at home to us on Lower field for the occasion and having won the toss elected to bat on an easy paced wicket.

The competent St. Andrew's openers made no attempt to score runs in the first hour and rather flattered opening bowler Roderick, who bowled 8 successive maiden overs. His figures at one stage were 8 overs 8 maidens 0 wickets 0 runs.

Barnard was out to an attempted drive of Tremeer, offering an easy catch to Marshall in the covers. His 51 runs were scored in 166 minutes. Ritchie was joined by Verran, who was unusually subdued, and the St. Andrew's total crawled to 167 for 1 wicket in 235 minutes when a declaration was made. The opening stand between Barnard and Ritchie had produced 104 runs in 166 minutes. This effort, however, was not capitalised on by the normally aggressive Verran, and only 135 minutes remained in which to get Kingswood out.

At one stage, with Stretton, Swemmer, and the two Colletts in the pavilion for only 21 runs it seemed as if the St. Andrew's tactics were going to pay dividends. But an innings of 31 by Kingswood captain Webster and 31 not out by Marshall, the vice-captain, put paid to St. Andrew's chances of victory and the final Kingswood tally was 105 for 7 wickets at close of play. Craill was the best of the St. Andrew's bowlers, taking 3 wickets for 10 runs in an economic spell of 13 overs, 7 of which were maidens.

Scores:

St. Andrew's 167 for 1 wicket (declared). (Tremeer 25 overs 2 maidens 58 runs 1 wicket).

Kingswood 105 for 7 wickets. (Webster 31, Marshall 31 not out).

RESULT: Match drawn.

The following awards were made at the end of term:-

Honours:

R. Tremeer.

Colours:

H. H. Collett, B. Marshall (Re-award), T. Stretton, T. Webster (Re-award), C. Swemmer.

Standard Blazers:

H. D. Collett, A. Dickie, R. Piers, J. Roderick (Re-award).

1st XI CRICKET — 1st TERM 1967**Captain: C. Swemmer. Vice-Captain: R. Piers.****vs. SIDBURY at Sidbury — 28/1/67.**

Sidbury entertained us on the first Saturday of the term on a well-prepared wicket, and with a side which contained two players who had received their Honours for Cricket at Kingswood — John Gush and Denis Newcombe.

It drizzled intermittently through a great part of the day, but this affected neither the gusto with which the match was played nor the enjoyment of the days as a whole. This included an excellent lunch and teas provided by the ladies of Sidbury.

Sidbury batted first and scraped together 82 in which only 7 boundaries were hit. Dickie, Shaw and Piers coped with the first 7 wickets for 76 runs, when Swemmer brought himself on to obtain the distinction of a hat-trick to finish off the innings 6 runs later.

Only Wellington and Turner, each playing in his first game for Kingswood, could reach double figures against the accurate seam of Newcombe and the varied pace of Lovemore, and the school were all out for 64. This says very little for the middle order batsman who failed miserably to gauge the pace and lift of the wicket before playing any attacking shots.

Turner routed five Sidbury batsmen in their second innings before they declared, in typically sporting fashion, at 45 for 7, leaving Kingswood 64 runs to make in 55 minutes to win. A breezy 27 by Kent was the main contributory factor.

Off the last ball of the day with the scores tied, P. van Niekerk lofted a ball from Fowlds into the covers. This was dropped and the boys went through for the winning run.

Scores in brief:

Sidbury 1st Innings: 82 all out. (C. Buchner 21, J. Lovemore 19; Swemmer 3 for 19, Dickie 3 for 21, Shaw 2 for 9, Piers 2 for 8).

K.C. 1st Innings: 64 all out. (H. J. Wellington 10, B. Turner 14; Newcombe 4 for 20, Lovemore 5 for 29).

Sidbury 2nd Innings: 45 for 7 wickets declared. (Turner 5 for 17).

K.C. 2nd Innings: 65 for 4 wickets. (Kent 27, Wellington 11).

RESULT: K.C. won by 6 wickets.

vs. STANDARD BANK at Kingswood — 4/2/67.

This one-afternoon game provided the school rather with an afternoon's entertainment than a stern cricketing challenge, although the finish proved to be somewhat exciting.

Batting until tea, the Bank scored 164 for the loss of 5 wickets before declaring. Top-scorer for the Bank, Futter, was eventually out for 66 caught by Turner off Shaw's bowling.

Kingswood were left 115 minutes in which to score the required runs. This they accomplished for the loss of only 5 wickets. Swemmer (54), Wellington (33), Turner (32) and Shaw (22 not out) all kept the scoreboard moving at more than a run per minute against bowling which was less accurate than it was keen. For the Bank team, Kelly captured 4 Kingswood wickets for 83 runs.

Scores in brief:

Standard Bank: 164 for 5 wickets declared. (Futter 66).

Kingswood: 165 for 5. (Wellington 33, Turner 32, Swemmer 54). (Kelly 4 for 83).

RESULT: Kingswood won by 5 wickets.

vs. GRAEME — 7/2/67 and 8/2/67.

Kingswood started well in a two-afternoon game at Graeme. Shaw, who opened the bowling with Swemmer, dropped on a length from the start and was rewarded in his third over when he knocked back Hill's off stump with only 3 runs on the board. In his next over he did the same for Bokkenham and two wickets were down for 17 runs. Only Horne (39) and McDonell (40) played Shaw with any confidence and, when the innings closed after three hours, he had 6 wickets to his credit for 51 runs in 25 overs. Dickie and Piers, without being devastating, were accurate enough while Shaw played havoc with Graeme's chances of a big total.

If Shaw can claim the honours in Graeme's first innings, then it is Carey who kept Kingswood in the hunt until victory was won 8 minutes from stumps. In a marathon innings lasting 157 minutes, he scored 48 not out while the side scored 180 for 5 wickets. He gave confidence to all who batted with him. Once more Turner and Wellington showed that the score could be pushed along at a winning pace without trying to hit the good ball. With only 17 runs needed for victory and 8 wickets standing Turner lost patience and was well caught in the outfield — 159 for 3.

Kent and Swemmer, under the impression that only 8 minutes were left for play, gave their wickets away attempting big hits, and it was left to Carey and Marshall to score the remaining few in singles with about 8 minutes to spare in very poor light.

Scores in brief:

Graeme: 175 all out. (Shaw 6 for 51, Piers 2 for 43; McDonell 40, Horne 39).

Kingswood: 180 for 5 wickets. (Carey 48 not out, Wellington 37, Turner 46).

RESULT: K.C. won by 5 wickets.

vs. UNION HIGH SCHOOL — 11/2/67.

The annual fixture usually provides a stiff challenge and this match, played on the superb Union High field, was no exception. It was a fight all the way.

Kingswood batted first on a wicket which was not difficult, as Denis Hobson showed later. It did, however, have a disconcerting tendency to keep low on occasion; and this, coupled with an even more disconcerting tendency for the Kingswood batsmen to play across the flight of the ball, saw to it that Kingswood were first 12 runs for 3 wickets and then 49 for 7.

At this juncture, with few having attempted to grapple with the bowling, Denis Hobson strolled to the wicket. He had not batted since the first match. Could much be expected of him in this crisis? Gee had taken 2 wickets for 1 run in 14 balls. The first ball pitched wide of the off-stump, but not wide enough to leave alone. Across went the front foot, down came the bat alongside the pad to meet the ball in the middle. How easy it all looked! Frowns disappeared and the atmosphere at once became relaxed. Hobson was last man out for 28 at 118, and thanks to some creditable support from tail-enders P. van Niekerk (14) and Piers (13 not out) Kingswood now had at least a chance, not of winning necessarily — although it was not impossible — but of making Union High fight every inch of the way for the runs.

The innings started at 2.26 p.m. Time was no object. But at tea, 79 minutes later, there were only 40 runs on the board and 4 wickets down. Swemmer drew first blood when he bowled Wiggett with a slower ball which 'yorked' him. 9 for 1. In the twelfth over, with score on 19, Van Niekerk had Dower well caught in the leg trap by Piers. Swemmer was replaced by Shaw at this stage. In his first

over Shaw had Gee caught by Van Niekerk. 23 for 3. Shaw then bowled 5 maidens in his next 6 overs. Piers replaced Van Niekerk and his first 4 overs were all maidens. These included a maiden wicket. 32 for 4. This meant that there had been 9 consecutive maiden overs with the score on 32. Certainly it was due to accurate bowling, but the field placing was tight and the fielding of the highest order. Some of the returns to the wicket, particularly by Kent, were scintillating. Without doubt this was the best cricket of the entire season.

Tea was taken at 40 for 4. After tea the hoodoo which left-handers Piers and Shaw had placed on the Union High batsmen was broken. A missed chance by wicket-keeper Hobson off Piers might have changed the whole complexion of the game had it been taken. As it was, Kingwill, the batsman, gave a further chance 25 runs later off Swemmer, and was eventually out only 60 runs later with the score on 100 for 6 wickets. But such are the varying fortunes of cricket.

With only 19 runs to win and 4 wickets in hand it was an easy matter for Union High to take the honours.

Marshall's captaincy had been shrewd, and his field placing and bowling changes intelligent.

Scores in brief:

Kingswood: 118 all out. (Hobson 28, Turner 14, Van Niekerk 14).

Union High: 120 for 6 wickets. (Swemmer 2 for 26, Shaw 2 for 34).

RESULT: Lost by 4 wickets.

vs. GREY HIGH SCHOOL — 22/2/67.

Kingswood travelled to P.E. for the match with the knowledge that Grey would be a tough proposition, and having won the toss put Grey in to bat on a fast wicket.

Swemmer and Van Niekerk each disposed of an opening bat before many runs had been scored. Then Piers bowled Minnaar and Kingswood were in a good position.

Brune, who has done so well for Grey in the P.E. Men's First League in recent seasons, was the danger man. With his score on 15 and the total on 50 for 3 wickets he pranced down the wicket to a perfect delivery from Piers, and missed the ball. Unfortunately so did wicket-keeper Plumstead. Brune gave his next chance at 89 and went on to make 150 before Piers had him caught by Swemmer in the covers. Grey declared at this point with the formidable total of

234 for 5.

Kingswood put up rather a poor display, first against the medium-fast left arm deliveries of Dutton, and then against leg-spinner Cohen, whose direction left much to be desired. Only Marshall was able to cope adequately and the innings folded up at 128.

Scores in brief:

Grey: 234 for 5 declared. (Brune 150, Reid 43).

Kingswood: 128 all out. (Marshall 44, Swemmer 19, Plumstead 15). (Dutton 3 for 27, Cohen 6 for 52).

RESULT: Lost by 106 runs.

vs. ST. ANDREW'S — 25/2/67.

On a damp wicket, which looked as though it would be easy-paced, Kingswood elected to bat. The day was overcast and rain was expected. It was not long in coming.

Wellington and Turner opened the batting and were together for 46 minutes before Wellington was run out. The wicket turned out to be extremely nasty, and both batsmen were given a rather torrid time, standing up very well indeed under most difficult circumstances. One more wicket fell, that of Karg, before the rain came down in a steady drizzle to put paid to the day's cricket.

Kingswood: 17 for 2 wickets.

RESULT: Rain washed out play.

vs. ST. AIDAN'S — 1/3/67 and 7/3/67.

The rather precarious starts made by the top order batsmen in the previous three matches had by now affected the confidence particularly of the younger batsmen. Time only will tell whether the placing of responsibility on very young shoulders will pay dividends in the long run. Both Turner and Wellington had shown a good deal of determination in difficult conditions and it was decided to continue with them as openers. Their failure in this game was small when compared to their success in others.

Hobson, after his showing in Graaff-Reinet, was promoted to number five. Unfortunately he came in to face the St. Aidan's opening bowlers who, having captured three wickets for only eight runs, were in full cry with what was virtually still a new ball. He too went cheaply. Swemmer, who was not having his best season with the bat, was well caught by the wicket-keeper and Kingswood were in real trouble. The score at this stage — 15 for 5.

It was left to Kent, whose form had also been eluding him, and Plumstead, who had been retained as wicket-keeper after showing glimpses of his batting potential against Grey, to redeem the situation.

These two added 76 valuable runs for the sixth wicket. Shaw joined Kent and 24 runs were added before Kent was bowled. 115 for 7. Kirkby, in his first match for the 1st XI, batted confidently and intelligently, and a further 32 were added before Shaw, who had stroked the ball beautifully, was caught and bowled for 30. 147 for 8. The last two wickets fell for 17 runs and the finally tally of 164 was felt to be hardly a safe winning total.

Two overs were bowled in fading light and the St. Aidan's opening batsman, Abond, was lucky not to be given run out after a brilliant piece of fielding by Kirkby.

On the following Wednesday Swemmer cleaned bowled the openers during the first half hour's play. It was then Van Niekerk, bowling at full steam and getting some lift from what looked like a docile wicket, who struck. He had Key, a Nuffield trialist caught behind off a bouncer, and clean bowled Jackson in three overs. Swemmer bowled Beckett and St. Aidan's fortunes were running very low at 32 for 5.

A partnership of 40 followed, which could have been dangerous. Swemmer, however, dispensed with one of the medium pacers and brought on Piers. It was a strategic change and brought almost immediate success. Piers dropped onto a good length immediately and broke the partnership in his third over. 72 for 6. Kirkby, bowling leg-spinners, claimed the valuable wicket of Gordon in his fourth over and another in his seventh. It was left to Swemmer to polish off the two tail-enders in a devastating five over spell.

Scores in brief:

Kingswood: 164 all out. (Kent 37, Plumstead 36, Shaw 30, Kirkby 21).

St. Aidan's: 137 all out. (Swemmer 5 for 32, Van Niekerk 2 for 50, Piers 1 for 11, Kirkby 2 for 16).

RESULT: Won by 27 runs.

vs. VICTORIA PARK — 4/3/67.

Kingswood entertained Victoria Park in the first ever fixture between the two schools.

Few bowlers claim the distinction of performing a hat-trick in their entire cricketing careers. But it is nothing short of miraculous

when such a feat is performed twice with a space of 6 weeks, and with same ball!

Calvin Swemmer having gained a hat-trick in the Sidbury match at the end of January, had kept the ball in his locker. Now, six weeks later, the ball being used against Victoria Park was obviously of inferior quality and after 60 runs had been scored off it the leather was tearing off it badly. The umpires decided that a replacement was necessary, and, as well over 100 runs had been scored with the ball used against Sidbury, no objection could be raised as to its having too much shine left on it. The ball was promptly fetched, and play was continued with the older ball.

Swemmer, deciding perhaps that this was his lucky ball, returned to the bowling crease and within four balls had claimed three successive wickets, two of them cleaned bowled. They say things happen in threes....

Kingswood batted first on this day, and but for Turner and Hobson the top order batsmen offered little resistance to the steady Victoria Park attack. Murison, the opening bowler, bowled 7 successive maiden overs.

Kent, having regained his confidence against St. Aidan's, once more batted with responsibility, scoring 40 valuable runs. Then followed three disastrous run-outs. And the tail was forced to wag once more. Kirkby (48 not out) and Van Niekerk (20) added 67 for the ninth wicket when all seemed lost, and a respectable total of 176 was reached.

The Victoria Park batsmen had no answer to the pace of Swemmer and Kirkby's spin, and after being 54 for 2 collapsed dramatically to 88 all out.

Scores in brief:

Kingswood: 176 all out. (Kent 40, Kirkby 48 not out, Van Niekerk 20).

Victoria Park: 88 all out. (Swemmer 5 for 17, Kirkby 3 for 12).

RESULT: K.C. won by 88 runs.

vs. OLD KINGSWOODIANS — 11/3/67.

It seems a pity that only seven full-blooded O.K.'s could be found to represent the Old Boys of the School on a day which is so much looked forward to by everyone at Kingswood. Perhaps excuse can be found in that so many local O.K.'s had recently taken part in the Port Alfred tournament and were finding it necessary to put in

some overtime. Perhaps, too, the demands on club players were such that few could take time off to play against the school. Then Denis Carstein had intimated his wish to play, but could not come at the last minute. However, two staff members and two present Kingswoodians were asked to fill the gaps. As it was, all but 47 runs made by the O.K. side were made by the "stand-ins". Marshall collected 35, and Lynn Schroeder, a competent Nuffield player in his day, a further 29. Blake Hobson, coming in at number 11, hit a lusty 6 and two 4's in his 17 not out. The O.K.'s totalled 128. Swemmer claimed 5 wickets for the third successive time and was particularly severe on the tail.

The school replied with 130 for 6 wickets. Kent, continuing his run of excellent form, hit three sixes and an equal number of fours in scoring 49 not out. He was given ample support by Plumstead (21), Swemmer (16) and Van Niekerk (14 not out).

A feature of the Old Boys' bowling was the variety of swing, spin, seam and googly with which John Mill's attempted gamely to baffle the schoolboys — including a number of round-arm 'slingers' which are not dealt with in the M.C.C. book of Cricket!

Scores in brief:

O.K.'s: 128 all out. (Marshall 35, Schroeder 29, Mills 18 (two sixes), B. Hobson 17 not out). (Swemmer 5 for 32, Van Niekerk 2 for 18, Piers 2 for 40).

Kingswood: 130 for 6. (Kent 49 not out, Plumstead 21, Swemmer 16).

RESULT: Won by 4 wickets.

The following awards were made at the end of the season:-

Full Co'ours:

C. J. Swemmer (Re-award). R. Piers.

Standard Blazers:

M. Kent, K. Shaw, P. van Niekerk.

The following represented the First XI during the term:-

C. Swemmer (Capt.), R. Piers (Vice-Capt.), T. Carey, A. Dickie, B. Hobson, D. Hobson, T. Karg, R. Kirkby, M. Kent, M. Plumstead, K. Shaw, B. Turner, P. van Niekerk, N. J. Wellington.

2nd XI — CRICKET — 3rd TERM 1966

During this part of the season, we played four matches, and were moderately successful. Played 4, won 2, lost 2.

Against St. Aidan's, good batting by Wicks (39) and Shaw (22) and excellent bowling by Piers (6/36) enabled us to win by 19 runs.

Top scorers against Sevenfountains were Kent (48) and Wicks (32), while Kent and Hobson each took 3 wickets. However we lost by 3 runs, in a most exciting finish.

Playing against Graeme, Wicks and Anastasia each took 3 wickets in their innings of 157 runs, while we passed their score for the loss of 4 wickets, Wicks scoring 54 n.o., Kemp 40 and Kent 25 n.o.

On our final match against St. Andrew's, batting first, we scored 151 runs (Kent 51, Wicks 25 and Kirkby 24). However this was not good enough, St. Andrew's passing our score for the loss of 3 wickets — due largely to some shockingly inaccurate bowling on our part.

The following were regular members of the 2nd XI: R. Kirkby (Capt.), L. Rom, R. J. Davies, D. Huddy, R. Kemp, D. Wicks, A. Anastasia, A. E. L. Dold, H. B. Hobson, M. Kent, P. Campbell, while W. N. Knott, T. Carey and G. Philp played a few games.

2nd XI — CRICKET — 1st TERM 1967

The following were regular members of the side during the first term.

Huddy, Oxenham, Dickie, H. G. van Niekerk, Anastasia, H. B. Hobson, T. Karg, V. Brittle, K. Hall, A. Grundleger, P. Pettit, A. Forsyth and G. Stretton.

The following are detailed results of matches played:

4th February vs. Cuylerville:

Cuylerville 1st innings: 186 all out. Brittle 3 for 48, Kirkby 3 for 53.

K.C. 1st innings: 169 all out. Huddy 19, Plumstead 38, Karg 21. Anastasia 24.

RESULT: K.C. lost by 17 runs.

7th February vs. Graeme College:

K.C. 1st innings 175 for 7 declared. Kirkby 71, Plumstead 31, Anastasia 27.

Graeme 1st innings: 60 all out. Forsyth 3 for 20, Van Niekerk 2 for 1, Kirkby 3 for 4.

RESULT: K.C. won by 115 runs.

11th February vs. Albany 2nd XI:

K.C. 1st Innings: 167 for 5 declared. Karg 47, Huddy 26, Hobson not out, Oxenham 18 not out.

Albany 1st Innings: 108 for 9 wickets. Forsyth 2 for 22, Anastasia 2 for 8, Kirkby 2 for 52, Brittle 2 for 9.

RESULT: Match drawn.

25th February vs. St. Andrew's College 2nd XI:

K.C. 1st Innings: 25 for 5 wickets. Kirkby 20 not out.

RESULT: Rain washed out play.

1st March vs. St. Aidan's 2nd XI:

K.C. 1st Innings: 169 for 9 declared. Oxenham 44, Hobson 23, Van Niekerk 29, Hall 14.

St. Aidan's 1st Innings: 65 all out. Van Niekerk 3 for 9, Pettit 3 for 8, Dickie 2 for 5.

RESULT: K.C. won by 104 runs.

4th March vs. Seven Fountains 2nd XI:

K.C. 1st Innings: 222 for 6 declared. Huddy 99, Dickie 58, Oxenham 25.

Seven Fountains 1st Innings: 109 all out. Van Niekerk 2 for 11, Dickie 2 for 17, Pettit 3 for 45, Brittle 3 for 17.

RESULT: K.C. won by 113 runs.

Judging from the above results, it can be seen that the side enjoyed a considerable amount of success on the field. Two of our fixtures meant we had to travel to the farming communities surrounding Grahamstown and I am happy to report that the boys conducted themselves in an exemplary manner which could only bring credit to the school.

Although the team was continually being disrupted by the fact that players were constantly being promoted to or demoted from the First XI a healthy spirit was cultivated. During the early part of the term the side was very well led by R. Kirkby and later by V. Oxenham when the former was promoted to the 1st XI.

At first sight the match against our old rivals St. Andrew's seemed to be headed for disaster but the fact of the matter was that the pitch played on was soaking wet.

Of the individual performances I would like to single out Huddy for his outstanding batting performance against Seven Fountains where he missed his century by a mere one run. Possibly the most improved bowler in the side is left arm spinner P. Pettit, while the most improved batsman must surely be Oxenham.

H. G. van Niekerk and Forsyth opened the bowling. Van Niekerk is able to swing the ball late but unfortunately his length and direction were not always on the spot.

Hall who was promoted from the 3rd XI filled the wicket-keeping berth admirably. Potentially the best batsman in the school is Trevor Karg. A left hand batsman who gets right behind the ball. His

timing of the ball is perfect. He lacks one thing — confidence. If he can build up the necessary confidence he will go far. But this game of cricket is a fighting game. It brings out so much of the individual's character, his strong points and his weaknesses. Even if you are down, keep fighting and that confidence will come eventually.

COLTS A CRICKET — 3rd TERM 1966

The following were the regular members of the side during the third term:-

N. Wellington (Capt.), A. R. Collett, T. Karg, C. van Niekerk, R. M. L. Dold, R. Henry, G. Stretton, M. Copeland, I. Berrington, K. Miles, D. Hobson (vice-capt.), L. B. Turner, C. B. Morton.

This is possibly one of the best cricket seasons a Colts A team has enjoyed for many a year. An analysis of the matches shows that apart from one game in the first term against Graeme (which was washed out by rain) Colts A, not only did they not lose a match, but they did not even draw a match. What a wonderful record.

In the first term the side was led by L. Transveldt who left soon

after and in the 3rd term Wellington took over. And what a grand job he did. His field placing was excellent and his bowling changes were well timed.

His bowlers in the person of Stretton, Henry, Turner and Miles helped him a great deal by bowling to the field set.

For a Colts side, the batting had exceptional depth. The most outstanding batting performances coming from Wellington, Hobson, Turner and Karg. Never at any stage did these four allow the bowlers to get on top, and the responsibility with which they batted was that of a fully matured cricketer.

At a Monday morning assembly Mr. Dacam praised the Colts side for their outstanding success which was loudly acknowledged by the rest of the school. What a wonderful effort by a grand bunch of fellows — eager to learn and ready to be criticized. These are the ingredients of great cricket and they are well on their way. Good luck for the future.

The following is a summary of the results of matches played in the third term:-

12th October 1966 vs. St. Aidans:

St. Aidan's 48 all out. Henry 5 for 19, Stretton 5 for 25.

K.C. 1st Innings: 182 for 1. D. Hobson 67, Wellington 76 not out, T. Karg 29 not out.

RESULT: K.C. won by 10 wickets.

22nd October vs. Graeme College:

K.C. 1st Innings: 203 for 8 wickets. Hobson 25, Turner 42, Karg 31, Morton 32, Berrington 14 not out.

Graeme 1st Innings: 37 all out. Stretton 5 for 17, Henry 5 for 14.

RESULT: K.C. won by 166 runs.

K.C. 1st Innings: 222 for 9 wickets. T. Karg 71, D. Hobson 28, K. Miles 40 not out.

St. Andrew's 1st Innings: 140 all out. Stretton 3 for 32, Henry 1 for 42, L. Turner 4 for 23.

RESULT: K.C. won by 82 runs.

COLTS A CRICKET — 1st TERM 1967

We started the year with a very young and inexperienced team (seven players will still be eligible for next year's team) and it is unfortunate that we had to follow last year's unbeaten Colts A side.

Our record — played 4, lost 2, drew 1 while rain stopped play in the other game — gives no idea as to the manner in which these young cricketers set about the task.

Against Graeme, we won the toss and put them in to bat — a fatal mistake as we learnt later. They scored 139 for 4 wickets in sunny weather. When the game continued the next day after overnight rain, we were put in to bat, and after being 34 for 2, it started to drizzle and continued throughout the afternoon. At close of play we were 95 for 9 wickets.

Playing Grey in Port Elizabeth, we won the the toss and batting first scored 45 runs in about 2 hours. Grey replied with 182 for 4 declared and batting a second time we were all out for 54 runs 2 minutes before close of play. The most pleasing feature from our point of view, was that none of the recognised batsman threw their wicket away. In our first innings 5 batsmen played innings of half an hour or more — top scorer being P. Sole (12 in 60 mins.) while in the 2nd innings 6 batsmen stayed for longer than half an hour — top scorer being S. Turner 17 in 30 mins., while A. Bradfield batted 67 minutes for 8 runs. Best bowler was S. Turner 2 for 51 runs.

Playing St. Andrew's, we were 35 for no wickets scored in 75 minutes, when rain stopped play. It was a different story in the return game the following week. Batting first we scored 74 runs (Bradfield 12 runs in 69 minutes, Turner 11 runs in 60 minutes and Crafford 11 runs in 30 minutes). St. Andrew's passed our score for the loss of only one wicket. Most successful bowler was Bradfield 9 overs, 2 maidens, 1 wicket for 14 runs.

A. R. Collett was appointed Captain and R. Stewart his deputy. Their handling of the side improved with every match. While almost every member of the team, can play all the shots and certainly do not lack concentration, they do lack the strength and power that will turn many of their shots into big scoring shots.

The following were regular members of the Colts A XI:- A. R. Collett (Captain), R. Stewart, A. Watson, P. Sole, A. Bradfield, S. Turner, J. Allen, I. Crafford, B. Syme, D. Burnett, N. Aggett, while J. Kirkby and A. Collier played a few games.

COLTS B CRICKET

The Colts B players were rather young with several under 14's in the side but played the game with enthusiasm and, sometimes, grim

determination. Their fine team spirit helped them out of some tight spots against strong opposition and the side managed to maintain an unbeaten record.

Ciorovich is to be congratulated for his Captaincy and discipline, Aggett for his batting and sound wicket keeping, and Kirkby for his batting and outstanding fielding in the slips. Aggett and Kirkby were promoted to Colts A. Robbins and Ciorovich made a formidable pair to open our bowling with their pace and nagging accuracy and they were well supported by Newell and Kirkby.

Regular players for the Colts B side included: Ballantyne, Wellington, Vorster, Moss, Schuddin and Anderson.

A summary of the results of the matches is as follows:-

1. vs. Graeme Colts B: K.C. 147 for 7 declared. (Ciorovich 48 not out, Robbins 38 not out). Graeme 52 all out. (Robbins 8 for 17).
2. vs. St. Aidan's Colts B: K.C. 145 for 7 declared. (Kirkby 24, Ballantine 21, Robbins 21). St. Aidan's 40 all out. (Robbins 7 for 17, Ciorovich 3 for 10).
3. vs. St. Aidan's Junior Colts A: St. Aidan's all out 78. (Ciorovich 6 for 16). K.C. 28 for 7 at close.
4. vs. St. Andrew's Colts B: St. Andrew's 103 for 3 — rain washed out play.

L. R. VICTOR.

4th DIVISION CRICKET — 1st TERM 1967

As is so often the case at the beginning of the season, the 4th XI, did not really have an opportunity to settle down into a workmanlike team because of the weather. This factor resulted in 3 matches being cancelled and practices being reduced to one a week.

However, a good deal of enthusiasm was shown and under the capable captaincy of Jackson the team performed quite creditably.

Of the regular players Oosthuizen, Pringle, Eliason, Finlaison, Jackson and Copeland performed well with both bat and ball, while De Jager and Douglas did well as batsmen.

Others who represented the 4th XI were as follows: Jury, Sephton, Dold, Cornish, Ansley, Livingston and Collett.

Results of matches:

vs. St. Andrew's:

Kingswood 38 (Douglas 7, De Jager 6, Pickering 5 for 11).

St. Andrew's 108 for 9. (Cuthbert 35, Driver 22, Finlaison 2 for 14.

RESULT: Lost.

vs. St. Aidan's:

Kingswood 168 (Jury 20, Eliason 21, Pringle 17, Barron 3 for 30).

St. Aidan's 23 (Jackson 3 for 6, Finlaison 5 for 11, Grimbeck 6).

St. Aidan's 2nd innings 34 (Tearle 13, Oosthuizen 3 for 0, Pringle 2 for 0).

RESULT: Won.

STOP PRESS:**1st XV RUGBY TOUR TO JOHANNESBURG**

The touring party left Grahamstown at 9.30 a.m. on Wednesday morning, 19th April. The players were: C. Ansley, J. Butler, E. Dold, S. Douglas, Z. Eliason, P. Forsyth, K. Hall, P. Kamp, M. Kent, R. Kirkby, M. Plumstead, C. Pritchard-Davies, J. Rautenbach, M. Rein, B. Sephton (capt.), R. H. Sparg, K. Swemmer (vice-capt.), G. van Niekerk, P. van Niekerk, T. J. Walker. They were taken in 4 motor-cars and the Kombi, driven by Mr. K. Watson, Mr. C. Ulyate, Mr. L. Schroeder, Mr. J. Wegerhoff and Mr. P. Gavshon, all staff-members.

The first match was that afternoon in Kingwilliamstown against Dale on the Victoria Ground. Dale won the game 16—6, Kingswood's points coming from 2 penalty kicks by Swemmer. Though outplayed in both scrums and lineouts, we were not disgraced. As things turned out in Johannesburg, the boys learned a lot from this game, notably backing up. The game as a whole was scrappy, due mainly to the very wet conditions underfoot.

We left immediately after the game, and spent the night at the Hexagon Hotel in Queenstown. We were on our way again early the next morning, eventually reaching Johannesburg at about 6.30 p.m., meeting the parents at the station, from where the boys left for the various homes where they were going to stay.

Many difficulties were ironed out at the practice on Friday, and we took the field against St. Stithian's a more confident side. On a very wet field we beat our "brother school" 21—0, try-scorers being Eliason, Dold, Kamp and Kirkby (2), Swemmer was successful with 3 conversions. Our backing up of the loose ball was superb, the tackling more certain, and though we had a few anxious moments we were always in command. But on attack, our centres were still sluggish.

The most memorable incident of the game, and probably of the whole tour, was the try scored by Kamp. From a set-scrum, Swemmer at fly-half, received the ball, ran across both centres and gave the ball to Kamp, this taking place on our 25-yard line. With a tremendous burst of speed, swerving in and out, he outstripped the defence to score a wonderful try.

On Monday we played Jeppe High School, but we lost the game 0—3. Though Jeppe deserved their win, it was one game Kingswood should have won. The game never got going and Kingswood certainly did not look the side that beat St. Stithian's. Though receiving a fair share of the ball from the set scrums, our backline could do nothing with it. The only player to shine was Mike Kent at full-back and in this respect he was superb. His tackling, kicking, catching and positional play saved us from many a tricky situation.

After a stern team talk on Tuesday morning, the team was determined to do well against the fancied Helpmekaar High School. The first 20 minutes were a little sluggish, Helpmekaar succeeding with a penalty kick to lead 3—0. But then Kingswood suddenly woke up, pressing time and again in the Helpmekaar half of the field. After prolonged attack, Kirkby scored far out to level the scores, the kick failing. Just before half-time Helpmekaar put over another penalty to lead 6—3.

We continued in the same vein after half-time, but only halfway through the second-half were the scores levelled when Swemmer kicked a neat drop goal. Our centres were proving to be thrustful on attack and sure of their tackling on defence — Sparg, originally chosen as a flank, was partnered with Butler. Towards the end of the game, from a scrum near the Helpmekaar line, Rautenbach ran blind, very cleverly drawing their whole defence, and passed to Eliason who scored, to make the final score 9—6. Kent once again had a good game, while our loose-forwards, Kirkby, Plumstead and Forsyth played magnificently.

The following is a critique of the team: Kent at full back, as has been indicated already, proved to be one of the best players on tour. Once he knows when to join the line on attack, he should be one of the best full-backs Kingswood has had for some time. On the wings were Eliason and Kamp. Eliason who, while a little slow on attack, was very hard to put down. His sound tackling was a feature of the team. Kamp's speed was always a danger to the opposition, and it was unfortunate that he did not see more of the ball.

At centre in the last game were Sparg and Butler who proved to be the best combination we tried on the tour, having the most penetration and being more sound in defence. Dold and G. van Niekerk, the other centres, while having patches of good play, were too sluggish on attack to be a serious threat to the opposition. Swemmer at fly-half was brilliant — its been some time now that we've had a thinking, scheming fly-half, whose every move spelled danger for the opposition. He was vice-captain.

The two scrum-halves were P. van Niekerk and Rautenbach, the latter playing all 3 games in Johannesburg. Rautenbach was a little quicker and more thrustful than Van Niekerk, who showed a lot of determination.

Sephton, captain of the side, and Walker, were a very honest, solid front-row pair. Provided that we get a better push from behind, they should see to our getting a reasonable share of the ball from the scrums this season. Pritchard-Davies, the regular hooker, did all that was expected of him, and it was his winning a tight-head against Helpmekaar that lead directly to Eliason scoring the try to make it 9-6 in our favour. The loose-forward trio in the last game was our best combination — Kirkby, Plumstead and Forsyth. Their deadly tackling upset opposition backlines, while they were always following up a loose ball to start new movements. Hall, the other flank, still has much to learn, but is going to be a very good player. He must be more constructive.

Douglas and Rein were our best locks. Douglas played well in the tight, while his tackling on defence was good. His line-out work was impressive — when he did not top the ball. Rein was a real, honest, hard-working forward, whose line-out work and tackling was also good. Ansley was the other lock, but will have to play harder to put out Douglas or Rein, but he did show a lot of promise.

Socially, the tour was also a wonderful success, packed with many humorous incidents. In Queenstown Mr. Bill Sparks treated us like royalty, while Mrs. Sparks kindly organized sandwiches for the trip to Johannesburg.

The social highlight of the tour was on the Saturday evening after the St. Stithian's game. Mr. Basil Reed, an O.K., treated the tour party and many supporters to a magnificent finger supper at the school. From here we proceeded to the Cinerama Theatre to see "Grand Prix". His kind and generous gesture was most appreciated.

A noticeable feature of the tour was the terrific support we had from O.K.'s and wives, and present boys (and their girlfriends!). Their vociferous encouragement from the touchline was an inspiration to the team. Also worthy of mention was the fact that not one of our players was injured on the tour — a tribute to the way they tackled their pre-season get-fit training sessions.

As far as the staff were concerned, the tour started off on a hilarious note when Mr. Watson and Mr. Gavshon, arriving at the house in which they were going to stay, found it locked. When eventually they did manage to get in, they set off a most intricate burglar

alarm system, which they were sure, could be heard throughout Johannesburg. They were most relieved when nobody came to investigate!

On another occasion, arriving home, Mr. Watson found the house locked — Sparg and Hall, who were also staying there, had gone off to bioscope with the key. He promptly went into town, found the theatre, and walked around in the aisles until he found the boys (plus girlfriends!).

Never once were we at a loss for something to do, and in this respect parents, O.K.'s and friends were magnificent. The boys and staff thank all these people for making the tour such a success. With such support, no wonder Kingswood is the best school in South Africa!

JUNIOR SCHOOL NOTES — 3rd TERM 1966

The most exciting part of this term was the "Parent's Week-end", when several interesting events took place, chief of which was the prize-giving ceremony.

The prizes were distributed by Mrs. Hugh Stocks who, as the wife of an Old Kingswoodian, and as the mother of sons who went to Kingswood, had close ties with the school.

Three one-act plays were presented during this weekend, two of which were of particular interest to the Junior School. The first, "The Stolen Prince" by Dan Totheroh, a charming playlet in the Chinese fashion, was produced by Mrs. Carol Tarr. The second, "The Sultan Ruby", by G. E. J. Morris, was produced by Mr. R. Q. Tarr. The third play was presented by the Senior Dramatic Society, details of which will appear elsewhere. Those taking part in the Junior and Third Form plays were:-

In due course the end of term arrived, and with it the examinations and finally the farewells. We sadly said goodbye to Mrs. Ethne Erskine who, with her husband, is emigrating to Canada; and to Miss Tertia Annandale who was to be married in December.

1st Term 1967:

There were several new members of staff to welcome when school re-opened in January. Mr. Stan Morgan, bearded and brimful of energy, has taken over Form I and part of the Physical Education; Miss Daphne Punyer is in charge of Std. III. On the part-time staff, Mrs. Iverson filled February for us; Mr. J. A. O. Farnell is taking IIB for English; Mrs. J. Dovey is doing Afrikaans in IIA, and Mrs. C. Emslie has her hands full doing Afrikaans in I, IIB and 3C, and handwork in Form I.

A feature of this term has been the arrival of the overhead projectors. The Junior School has two, both on specially-designed

stands for easy transport. Geography, History and Nature Study classes will be able to use these machines extensively.

JACQUES HOUSE NOTES — 3rd TERM 1966, 1st TERM 1967

The term was off to a good start with some intensive athletics and it was not long before the long weekend arrived.

We entertained a lot of parents to tea at Jacques House over the long weekend and many of them were present to see the opening of the new swimming bath. The boys are now able to swim in most spacious surroundings and Mr. Osborne, the junior swimming coach, shows a keen interest in their efforts to improve.

After the week end we switched over to cricket and with the help of the coaches the boys got down to some intensive practice. A "Cookies" division (u12 downwards) was introduced to give the boys who do not play outside matches a chance to show their paces.

Our attention also focused on the old lawn below Jacques House where the council decided to build three all-weather courts. The Johnson Engineering Co. was given the contract and it did not take them long to get going. "Rain stopped play occasionally" but it gave the ground a good chance to consolidate between the various layers of topping. However the courts are now complete including surrounding netting wire and I am pleased to say that they are constantly being used.

Early mornings prep. started up again towards the end of the term and I felt that the majority of boys in the house really tried to do some serious revision.

The Jack Ellis Shield was awarded to Sidney Turner, a very sound lad, good at his studies and good on the sportsfield.

Our prefects led by Michael Long maintained a fine standard of discipline throughout the year. Michael looked after 3rd and 4th Dorms, P. Kamp 2nd Dorm, M. Kneen 1st Dorm and D. King 5th and 6th Dorms. Their efforts at the end of term concert were quite entertaining and almost spontaneous. Mrs. Cawood's music pupils also played to us and most of the new boys managed to do something.

Once again it was a busy term for Miss Simpson and Mrs. Hill our matrons, and I would like to thank them for their co-operation. I would also like to thank Dr. Wylde for his interest and help with the boys — this has been a trying year from the health point of view with two epidemics — but Doctor Wylde is a tonic in himself. Finally a word of thanks to prefects and boys for their co-operation and loyalty to the school.

The 1st term of 1967 was not quite so hectic initially as the 1966 one. The parents of the new boys seemed to spread their times of arrival a little bit more and we were able to show them and their sons around the house at a more leisurely pace. Thirty nine new boys arrived and it was not very long before they were all settled in and feeling part of the place.

An early mark reading gave me some idea of the progress in the classroom and most of the comments were to the effect that the boys were settling down to some serious work.

Cricket, swimming, tennis and tennisette also got going and all the boys in Jacques House are expected to turn out for sport on three afternoons a week apart from outside matches. Later on in the term we switched over to athletics and ended up with three weeks of rugby which took the form of basic training in the main. Tennis and tennisette are played for most of the year and both games are played a lot informally over the weekends.

Half term was spent at Port Elizabeth watching the 4th day of the final test. Most of the Jacques House boys went down in a bus and saw a wonderful day's cricket — something few of them will ever forget. Another of the highlights was a braai and film at D.S.G. on the last Monday evening of the term.

Mr. E. Turner was our guest of honour at the Foundation Day Supper. He told us one or two amusing stories about his experiences as a new boy in Jacques House and Mr. Clive Ulyate thanked Mr. Turner on behalf of us all.

R. Kirkby is the head prefect in Jacques and he is ably assisted by C. Ansley, R. Grundleger, R. Davies and P. Dyke. Tennis seems to be their main relaxation and they seem to enjoy themselves on the new courts. They have been a great help to me with duties and discipline in the house and I am pleased to see that they are maintaining a sound standard of work in the classroom.

My staff here, Mr. G. Hall, Mr. P. Gavshon and Mr. R. Cooke, are a great help with all the extra-mural activities which are going on and I would like to thank them, the matrons and the prefects for getting the year off to such a good start.

CHAPEL CHOIR — 3rd TERM 1966, 1st TERM 1967

The choir seems to be fairly well established now and at the time of writing there are 35 boys in it.

The choir sang regularly at family services throughout the third term. It also took part in the annual carol service and sang "The Holly and the Ivy", "On Christmas Night" and "Lullay Mylyking" as a choir during this service. Solos were sung by S. Barlin, G. Barlin, M. Burchell, P. Roux, M. Cawood, J. Goneos, G. Sephton and B. Sandberg.

At the end of term service in Commem. the choir occupied the choir stalls and the senior members of the brass band were in attendance. At the end of the service the choir sang "Let the loud trumpet sound" with N. Miller playing the solo trumpet part and Mr. Chantler playing the organ. Some of the Methodist members of the chapel choir sing regularly at the morning service in Commem.

At the moment the choir are practising for a concert which is to be held in the City Hall early in June. Choir practices are now held before early morning chapel on Wednesdays and Saturdays and the choir sing an introit every Saturday morning as well as leading the singing on these two days.

The choir were invited to sing in the chapel at the wedding of our bursar's daughter Elizabeth Hiscock and sang the "Lord's Prayer" and "Round the Lord in Glory seated" with descant — the introit on this occasion was the first two verses of "Come Down O Love Divine".

Finally may I thank Miss Muriel Robb for accompanying us on numerous occasions and the members of the choir for their co-operation.

"THE COOKIES"

These cricketers come into the u12 downwards age group. It is very difficult to cater adequately for every boy from the cricketing viewpoint as individual tuition cannot be given for divisions of 40 or more. The best 30 players occupy the u12A and u11A divisions and the "Cookies" caters for boys who don't make these divisions. The Cookies number plus minus 44 players and are divided into 4 teams — two of the teams play a match while the other two teams have nets. I have introduced one or two extra rules to ensure that the match does not last longer than 2 hrs. Each team plays three matches and the winning team gets a cake. Excitement is fever pitch at times and we have had some very tense matches. The captains during the 3rd term 1966 were J. Clews, J. Niland, A. Rein and B. Gibbons. We were able to play two rounds, the first was one by A. Rein's team and the second by J. Clews' team who did not lose a match. New captains

namely J. Botha, T. Purdon, J. Painter and B. Knott were chosen for the 1st term of 1967 and with inclement weather we were only able to play off, one round. This was won by T. Purdon's team.

UNDER 13A CRICKET — 3rd TERM 1966

This division showed a great improvement since the first term, since several of the batsmen as well as the bowlers matured considerably during the year. Sidney Turner, the captain of the side, was unlucky, not to get his name on the shield in Jacques House for scoring fifty or taking a hat-trick, when he scored 49 not out. Also close were Andrew Bradfield with a 47 and John Kirkby with 46. The most successful bowlers were Peter Sole who accounted for 12 wickets during the term, Bradfield with 10 and Turner with 8.

The steady bowling of Sole with his accurately pitched off-spinners, Bradfield who, after being a low-order "slugger", developed into a high-scoring opening bat, and the sound wicket-keeping of Anthony Watson, did much toward building up a confident team.

Others who represented the side were J. Allen, R. Moss, N. Aggett, B. Saunders, R. Ballantyne, G. Dewar and G. Bonellie.

The results of the matches played were:

19th October 1966: K.C. 59 all out; Graeme 85 all out.

26th October: K.C. 105 all out; St. Andrew's 75 all out.

2nd November: K.C. 138 for 5 declared; St. Aidan's 25 all out.

9th November: Graeme 59 all out; K.C. 57 all out.

12th November: K.C. 147 for 7 declared; St. Andrew's 139 for 8.

E. TURNER

UNDER 13A CRICKET — 1st TERM 1967

This division shows promise of doing very well in the second part of the season. Due to the excellent captaincy of Clive Ingram the side has quickly settled down to a workman-like combination. Of the infusion of new-boys it has been John Cumber who has made his mark as bat, bowler and an excellent fielder. The bowling of Martin Bester has been consistently good, especially since he has found that length counts for far more than speed. With 20 maidens out of 42 overs bowled he had some devastating spells. The field-placing and wicket-keeping of Ingram has been a great source of strength, while Ray Hobson, with his wily off-spinners and dependable batting (with a 48 he has topped the batting averages), has also contributed to our success.

The regulars of the team were: C. Ingram (captain), R. Hobson (vice-captain), H. Moss, J. Cumber, P. Roux, A. Hudson, P. Collett, D. B. Barnard, J. Clews, M. Bester, P. Dold, K. Brown, T. Lombard. Other members of the division were T. Sparg, C. Fridericks, N. Pike.

In the first match against Graeme, we were thwarted by time and forced to a draw. Hobson had the distinction of bowling a hat-trick. Barnard kept the batting together with 18 not out. At the close of play Graeme were some 20 runs behind with two wickets standing.

The next game was against St. Aidan's, who proved far too weak for us. Collett took 7 wickets, bowling an accurate length and St. Aidan's were soon out for 57. Through a partnership of 68 (Hobson 48, Moss 20) K.C. were soon on top, ending up with 146 all out.

The third match was our only defeat, mainly due to the devastating form of Thesen of St. Andrew's. We were all out for 49, with Thesen taking 9 for 23, and our best batting efforts being Hudson and Barnard with 14 and 12 respectively. St. Andrew's made enough to win by 14 runs.

The final match, being the return against St. Andrew's this time on their field, saw K.C. really come into its own. This was in part due to the change of Barnard to wicket-keeper to release Ingram to open the bowling with Bester. These bowlers had the opposition so pinned down (Ingram 6 for 15) that they eventually declared at 52 for 8. K.C. easily passed their score with 4 wickets standing.

E.TURNER.

UNDER 12 CRICKET — 1st TERM 1967

The under 12A side had a very good start to the 1967 season. With a number of very talented players providing the nucleus, the balance soon showed that the pupils could often outplay the masters. Notwithstanding this, they partook of the game as a team and this was one of the main reasons for their success.

The first game was played against Graeme Colts B. The Graemians were all dismissed for 73, D. Elliot taking 4 wickets for 12 runs. Kingswood then went in to bat and were all out for the same total. The last K.C. wicket to fall while the scores were level. A. Turner and G. Huddy batted very well to collect 29 and 27 runs respectively.

The next fixture was the long awaited match against St. Andrew's under 12A. Here the team recorded their best victory of the season. St. Andrew's put K.C. in to bat and the latter were all out for 68, D. Elliot top scorer with 29 runs. St. Andrew's started off

their innings well and were 13 runs without loss when Elliot and Turner struck. The score mounted to 15 for 2 and two overs later St. Andrew's were all out for 16 runs. D. Elliot had the best bowling analysis with 5 wickets for 0 runs whilst A. Turner took 4 wickets for 4 runs.

The match against St. Aidan's ended in an overwhelming victory for K.C. Here we played their Prep. 2nd team and won by 7 wickets. The return match against St. Andrew's was lost by 5 runs due to the very much over confident approach of our side. With only 16 runs to score, to win the match and five wickets still standing, the St. Andrew's bowlers, in their last two overs, captured our standing wickets. This was a very good lesson for the side for the price they had to pay was the forfeiting of their team's unbeaten record.

One of the most outstanding features of the side was the superb fielding and here Michael Bladen, Leslie Swart and Alex Turner deserve a special mention. However they all did their job and did it well and this particular side augurs well for the future.

Regular 'A' team players were: D. Elliot (Capt.), M. Douglas, M. Lautré, G. Huddy, S. Oosthuysen, M. Bladen, S. Fitzhenry, L. Swart, B. Turner, A. Turner, K. van Straaten. Others who represented the team on occasions were: P. Raymer and A. Meiring.

P.M.G.

UNDER 11A CRICKET — 1st TERM 1967

The under 11A experienced a very successful season despite the number of games played. The return match against Graeme and those against St. Aidan's were unfortunately washed out.

The side was strengthened considerably with newcomers Meiring, Bradfield and Burmeister but more important was the way the team played as a team and not as individualists. Sound batting, steady bowling and the fact that "catches win matches" contributed largely to the team's success.

The side was ably skippered by E. Lee with fine support from N. Hartzenburg who improved as a 'keeper with every game. Other regular players were: A. Meiring, R. Burmeister, G. Bell, C. Hobson, B. Miles, G. Sephton, A. Moss, C. Wade, M. Thompson, C. Berrington, R. Turner and M. Bradfield.

vs. Graeme:

K.C. 1st Innings: 109 for 6. (Meiring 47 not out, Lee 27).

Graeme 1st Innings: 63 for 9. (Lee 4 for 16, Bradfield 3 for 13).

RESULT: Draw.

vs. St. Andrew's:

S.A.C. 1st Innings: 82 for 3 (Hobson 2 for 11).

K.C. 1st Innings: 84 for 2. (Meiring 48 n.o., Hartzenburg 12).

RESULT: K.C. won by 8 wickets.

vs. St. Andrew's:

K.C. 1st Innings: 78 all out. (Hobson 23, Lee 10).

S.A.C. 1st Innings: 35 all out. (Lee 6 for 8).

S.A.C. 2nd Innings: 31 for 3.

RESULT: K.C. won by 43 runs.

O.K. Club Notes

JOHN DUDLEY DASHWOOD

It is with deep regret that the Cape Town branch of the Old Kingswoodian Club records the passing of its Life President, John Dudley ('Barberton') Dashwood, who was cruelly stabbed to death by a robber on the night of April 7 as he was leaving the Metropolitan Methodist Church, Cape Town, where he had been carrying out some of his duties as church treasurer.

The Cape Town branch has never had a more loyal member, and the fact that it made him its Life President some years ago is evidence of the esteem in which he was held by fellow Old Kingswoodians. Succeeding chairmen of the branch have reason to remember with gratitude this quietly-spoken man who was always at one's elbow unassumingly ready to offer wise advice and even material assistance on occasions.

And we shall all remember with affection the energy with which he insisted on exercising his prerogative, as President, of paying for the toast wine at every dinner. He and his son, John, and daughter, Pat, were familiar figures at all O.K. functions in the Peninsula.

A measure of the regard in which his fellow Old Kingswoodians held him was the large number of them who attended his funeral, and they were honoured to be represented among the pall-bearers. The funeral was conducted by the Rev. Derrick W. Timm, assisted by the Rev. D. M. Norman.

Paying tribute to 'Barberton's' high standing as a citizen, deep interest in the Church, concern for the education of the young and devotion to his family, Mr. Timm recalled that John Dudley Dashwood was born in Barberton 71 years ago of pioneer parents and

was educated at Kingswood College. On leaving school, he joined the staff of Barclays Bank because his father insisted that he be anchored to a job before leaving on active service in World War I.

He returned to the bank after the war where, Mr. Timm said, devotion and diligence were rewarded.

'He served the public with understanding and courtesy,' Mr. Timm said. 'He became a well-known figure in commerce, retiring as manager of the Long Street branch of the bank.

'His association with the Church goes back to the year of his birth, for he was born into a Godly home and, within the family circle, he developed those traits of integrity of thought, devotion to duty and service to others which marked him as a citizen of outstanding worth.

'In whatever town he laboured he played a vital role in the spiritual up-building of that community. This, the Metropolitan Church, was his spiritual home in later years. Here it was that he rendered outstanding service as a member of the Trust Committee and as Church Treasurer. The Church has been greatly enriched by his devoted service. It was while he was on service to his church that he was struck down by a cruel and meaningless blow, and right-thinking people of all races grieve to think that the life of a great man was brought to an end by so despicable an act.

'Mr. Dashwood retained his interest in Kingswood College to his end and was a member of the College Council and Life President of the Cape Town branch of the Old Boys' Association.

'As a son, father and husband, Mr. Dashwood was devoted to his family. A man of few words who spoke eloquently in kindly deeds in and beyond the family circle, he cared for his children and aged mother with a tenderness such as I have seldom, if ever, seen.

'As Christians we believe that there awaits us just beyond the curtain of time a life which will never end, a life of beauty, peace and love, a life of re-union with loved ones who have trusted in the presence of God.

'Micah wrote the epitaph of John Dudley Dashwood:

"And what doth the Lord require
of thee, but to do justly, and to love
mercy, and to walk humbly with thy God?"

'Such a man was our friend John Dashwood.'

OBITUARY

JOHN HAMILTON BOWES died in Queenstown in January, 1967. During his years at Kingswood, 1904 to 1907, he received his colours for Cricket, Rugby and Tennis, and was a member of the first Kingswood College Band. — "F.L.G." of the Daily Representative writes of him: "To him, life itself was the most wonderful thing in the world, and I am at once amazed and ashamed that a man in his setting and circumstances could find so much to do and enjoy and admire in what many would consider a small-town district. His own life points a moral as surely as it adorns a tale, for he ever did what was nearest to his hand and rejoiced in the doing of it."

OBITUARY

Mr FREDERICK STIMPSON SALISBURY of Dorset House, Ashford, Middlesex, England, died at the age of 89 on Boxing Day 1966. Mr. Salisbury was a master at Kingswood 1913—1915 and was Editor of the Magazine. But his main claim to being remembered lies in the fact that he composed our school song "Carmen" which is still sung, albeit with little comprehension, on formal occasions like Prize Giving.

News of Mr. Salisbury's death reached us in a letter from Mr. F. S. Cook, the General Secretary of the Kingswood Old Boys' Association, Bath. In Mr. Salisbury's papers were found at least one copy of our 1915 magazine and a speech day programme of the Wesleyan High School dated December 14, 1915. It was these clues which prompted Mr. Cook, so thoughtfully, to communicate with us.

Mr. Salisbury, a bachelor, lived alone at Ashford during his latter years. An M.A. of King's College, Cambridge, he was a fine classical scholar and an expert on Roman coins and culture. At one time he used to explain his subject to local young people at his home. In his old age he did not appear to worry about appearances and for many years before his death he let his garden grow rough and his house deteriorate. Often, children would smash his windows but he would never prosecute. He was taken to hospital about a month before his death and while he was ill the windows of his house were broken by vandals and other damage was done to the property.

Old Kingswoodians who were here at the beginning of the First World War will remember F. S. Salisbury with affection and will mourn his passing. His estate, worth R66,000, was shared by various English schools at which he had taught, but our most treasured legacy is "Carmen".

OK. News.

Robert Kemp, who left at the end of 1966 with a 1st class (distinction in English) is spending a year at Milton in Rhodesia, doing his 6th form English and Afrikaans.

In a letter from **John Dunlop**, secretary of the Salisbury Branch, we hear that **Mike Millerd** has retired as chairman and that **Keith Wood** is the new chairman. May we wish him well in his office; he has indeed a very lively branch under him, one that seems to be full of enthusiasm and spirit.

From a newspaper report we hear of **Cameron Grant** riding, at the age of 77, his horse Dashboy a distance of 100 miles from Port Elizabeth to Jeffrey's Bay and back. Quite a feat!

"Cappy" **Rich** who has been with his son Matthew at "The Breakers, St. James, Cape, has gone overseas to Lancing, Sussex. He is due to return about September.

A. Christophides has been transferred by his firm to Darwendale, Rhodesia, as manager. He writes that he and his wife are eagerly awaiting the arrival of their third child.

Derek Poulton had the distinction of being chosen to pilot the U.S. Aircraft-Carrier "Franklin D. Roosevelt" out of Cape Town harbour.

Richard Solomon, now in Salisbury, has decided to write the exams of the Chartered Institute of Auctioneers, Estate Agents and Sworn Appraisers, working at the same time for the Government Housing and Valuation Department. He says he has bumped into **Chris Goosen, Pat Millerd and Andy Smith**. Richard recommends life in Salisbury where he is playing a lot of badminton, squash and hockey.

Roy Barclay writes that, after finishing with the army where he was in signals, he has taken a job at the Reserve Bank.

Alan Moore has been working on the electron microprobe in the Department of Geophysics at the Australian National University in Canberra. He says how impressed he was with the Snowy Mountain Scheme, and that part of his Ph.D. work will take him to a remote area, The Giles Complex, Tomkinson Ranges, Central Australia, which is in an aboriginal reserve.

David Pretorius, writing from Natal University, says he has been given R100 bursary by the University and then Bakers Ltd. of Durban gave him a further R200. He is on a pure science course.

A. R. (Tony) Butler has completed the first year of his B.Sc. Chemical Engineering studies at U.C.T. He got firsts in Chemistry, Physics and Applied Maths and a second in Maths. Over the Christmas vacation he spent two months in the Railway Workshops at Uitenhage learning the practical side of engineering.

William McEwan, a Johannesburg advocate, has been made a Senior Counsel under letters patent granted by the State President.

M. Barnes has been awarded a scholarship by Escom to study electrical engineering at Natal University. This scholarship covers all expenses and in addition gives Malcolm R200 p.a. pocket money. His post-matriculation year has certainly paid off!

Julian Burnett has been awarded the Natal University medal for his achievements in his first year psychology studies.

R. H. Davies has been awarded the Alfred Beit Scholarship at Rhodes University on the results of his first year B.Com. course. He was also awarded the Faculty of Commerce Book Prize.

I. L. Wilkinson has gained five distinctions in Electrical Engineering at Wits, and **Barry Zwarenstein** also won five distinctions in his first year of B.Com. at Natal.

Steve Frenkel has completed his two years at Kingswood School, Bath, where he was elected Rugby captain in his last season. Having written the Cambridge University Entrance exams, he has been accepted by Jesus College, Cambridge, to read Economics. Stephen has very kindly offered to show any visiting O.K.'s around the famous university.

Warne Boyce, writing from Pittsburgh, Pennsylvania, U.S.A., says he would be glad to offer hospitality to the Kingswood boy who is going to attend Kingswood School, Connecticut. You may remember that two years ago Brian Rom completed his schooling at Kingswood Connecticut; now it is Derek Momberg who is doing the same.

Gordon Cragg, now at the Dept. of Chemistry, University of S.A., writes that **Mike Sole** attended an international conference on electron microscopy in Kyoto, Japan, in August, representing the Atomic Energy Board.

David Atkiss wrote in from Woodthorpe Nottinghamshire, England. Due to trouble in having his matric subject passes assessed, he was redundant for a while, but is studying now with a view to taking a diploma course in Business Administration at London University. He says the social life is great, but that the "goggle box" is a scourge to those who want to swot!

Henk van Houten, who left us to go to Westerford School, Cape, writes that he appreciates very much receiving the O.K. Newsletter and also the Wyvern (the Kingswood Newspaper), which he says has considerably impressed his fellow pupils at Westerford. He mentions seeing "**Rooikop**" **Dalgleish**, **Jeff Reid**, **Keniston McDonald** and **Alan Young**.

A very handsome gift of fifty books on Sport was presented to the school library by one of our "older" Old Boys, **L. O. Keys Transfeldt** (1902—09) who is now living in Grahamstown.

A. G. Griffiths, writing to book a son in to K.C. for 1968, mentions meeting **Jon Walker** of Kirriemuir, Cradock, as well as **Reg** and **Norman Meintjies** of Middelburg (Cape) and **Gerald Rabie** and **Allen Jones** of Bloemfontein.

Norman Spencer (1919—20) of Three Anchor Bay, Cape Town, wrote in thanking us for the O.K. Newsletter and reminisces, mentioning such names as **Poppy Williamson**, **Major E. G. Gane**, **H. T. Crouch** and **Mr. Klink** the High Dutch teacher. Norman says he was presented with a thick woollen rugby jersey which had belonged to **F. W. Allinson**, before he went to Kingswood in 1919. He wryly admits that he never got very far in rugby, however — too much competition — **Bennie Osler**, **Archie Gray**, **Allison Tyson** etc. He also mentions that he retired last year from the Railway Service as Superintendent (operating) Port Elizabeth, after 42 years service.

C. R. Hutchings, writing from his yacht "Mistress Mine", says he and wife are going on an extended cruise for as long as they are able, which he hopes will be a long time. He thus instructs the secretary of the O.K. Club to delete his name from the mailing list as he does not know where in the world he will eventually settle. May we enviously wish him the best of luck on his cruise.

Dave Rubin, who signs himself "unofficial secretary of the Stellenbosch Students' O.K. Club" says we must send re-inforcements to "Matieland" as the O.K.'s are outnumbered almost 3—1 by the Old Andreans. Among O.K.'s at Stellenbosch he lists **Ernest Connan**, **Brian Herd**, **Selby Frank** (who fell off a mountain and had to be rescued by a S.A.A.F. helicopter!), **Frenchie Prevost**, **A. G. van Niekerk**, **Chris Hoal**, **Raymond Röver**, **Chris Goosen**, **Ernie Hall**, **Jules Levitan** and **Justin Steyn**.

David Hughes writes from Ansell May Hall, University of Natal, that he is in his second academic year of his B.Sc. Chemical Engineering degree. He says Kingswood is well represented at Howard College. He thinks there must be fourteen or more at Durban and perhaps as many at Pietermaritzburg.

Charlie Childs writes to say that they have formed a Young Old Kingswoodian Club in Maritzburg, with a Tennis Tournament followed by a Cheese and Beer Lunch, and then a dinner at some place halfway between Durban and Maritzburg intended.

Eric Courtis says he sold the Chakas Rock Hotel and tried to retire, but, finding the strain too much, has bought a partnership in Natal Caravans of Pinetown, Natal!

At the wedding of **Doug Wellington** and Penelope Stretton (see marriages), there was a goodly sprinkling of O.K.'s since the fathers of both bride and groom are O.K.'s. The wedding was solemnized in the beautiful little church at the top of the Penhoek Pass between Queenstown and Aliwal North, right in the heart of "Stretton" Country. The reception, a very large one, was held in perfect surroundings on the farm "Strydfontein" of Henry Stretton, the father of the bride. To be seen there were Edgar Matthews, "Bay" Stretton, Jim and Johnny Stretton, Ralph (Duke) Wellington, Col. Frank Wellington (father of Doug), Arthur Wellington, Neville Turner and his sons Lawrence and Edgar, Henry Vermaak, John Ellender, Richard Gordon-Brown, Rex Smale and his son Don.

A. A. Q. Davies (1922) has been appointed to the Board of Directors of Standard Bank Ltd. He is chairman of the Standard Bank of S.A. Ltd. and a director of several other leading companies. He was formerly Chief Manager of the Standard Bank until his retirement in December 1965.

Ron Hepburn, accountant at the Standard Bank in Granamstown, has been nominated by the City Council as its representative on the Board of Trustees of the Albany Museum.

Eric Falkenberg has passed the Natal Teachers' Senior Diploma with honours. He also produced and acted in a play for which he obtained a Speech and Drama certificate. He has taken up a senior post at the Ixopo High School, teaching History and Afrikaans.

Sid Stirk (1894—1898) celebrated his 90th birthday on the 4th April.

D. R. Butler (Acting Headmaster) and **R. Q. Tarr** conveyed greetings to him from all at Kingswood. He was the first O.K. to have a great-grandson at Kingswood.

Keith Starck (ex-Staff), who taught at Western Province Preparatory School after leaving Kingswood, is now Headmaster of Woodridge College near Port Elizabeth.

Hugh Bodley, after trying various positions in Johannesburg, decided to go to Canada. He joined the police force and was chosen as

the Valedictorium of the class to make a speech at the graduation ceremony, attended by 3,000 people. He was announced as the Honour Student with an average of 92% and received the Chief Constable's Prize.

A recent visitor to Grahamstown from Fort Beaufort was **Stanley Stent** who was at Kingswood in 1895. Although Mr. Stent's sight and hearing are beginning to fail there is nothing wrong either with his memory or his sense of humour. Proudly wearing his O.K. tie, he said in an interview with the local newspaper recently "I suppose I should record that I used to play in the first rugby XV. I was also soloist singer at Kingswood prize givings. Training for football in those days was hard work. Albert Poul trained us and he always said we had to be tough. I suppose you know the story about the eggs. The Science Master promised that if we beat the St. Andrew's team the whole school would have eggs for supper. So we played our very hardest and won; and sure enough, we all had eggs for supper. After that the cry always was: Play up, Kingswood. Eggs for supper." Amongst his contemporaries at Kingswood in the time of Mr. Gane were Mitchell, Mossop, Barratt and Bill Carey.

Rodney Keast is a director of a German Tobacco Co. in Manila, Philippine Islands. He is married, with a two year old daughter, and is a very keen golfer.

Allon Poole, who is an ionispheric physicist, was chosen to take part in the eighth expedition to South Africa's Antarctic base in Queen Maud Land. Altogether there are 16 men in the expeditionary force. He had to undergo intensive training at the Military College, Voortrekkerhoogte, until a week before the expedition left on December 30th. While in the Antarctic he intends to pursue his studies for a doctorate which he has begun at Rhodes University. He has already been to the Bouvet Islands, 1,600 miles south-west of Cape Town.

Meredith Parsons (known on the stage as Meredith Saxon) visited Grahamstown at the beginning of the year with his wife and small son. Since leaving home he spent some years in Johannesburg with the Brian Brooke Company touring South Africa with various shows, notably "Irma la Douce", and later worked with the Jamie Uys Film Co. From there he went to a drama school in London and has had experience on television and in repertory.

Robert Loftie-Eaton is with the Radio Control Section of the S.A. Police stationed at Port Elizabeth.

Andrew Minty is in the Congella Branch of the Standard Bank, Durban.

David Pease, who is with the P.P. Cement Co. in Johannesburg, called in recently and gave news of **David Moys** who was married in May last year and was expecting to be transferred to Sasolburg with A.E. & C.I. Others who have visited Kingswood recently were **Douglas Solomon** who is with the Minnesota Mining and Manufacturing Co. in Cape Town, and is married, with two sons; **Richard Gordon-Brown** who is with Reckitt & Coleman and at present travelling for Goya, a company owned by his firm, with headquarters at Port Elizabeth; **James Canepa**, who is doing Engineering on the Reef and gave news of his brother **John** who is Fermentation Manager of a yeast company; **Bobby Baines** with his wife and three sons holidaying from Johannesburg where he is an Auctuary with the S.A. Mutual Life Assurance Society; **David Stevens** and his wife on holiday from Johannesburg; and **Harold Birkett** with his wife passing through Grahams-town from Durban to Port Elizabeth.

Francis A. (Pat) Murray of the farm Glenfillan Park in the Bathurst District has been appointed a Justice of the Peace for the Southwell ward of the district.

Kenneth Wohlters has for the last year been working and studying in Bulawayo. His ultimate aim is a B.Sc. in Electrical Engineering; his immediate aim is to gain his 'A' level in Pure Maths and Applied Maths and his 'O' level in Afrikaans, hence the studying. Good luck, Kenneth. We hope you achieve your ambitions.

Mrs. May Georgina West, who was mentioned in the last issue, and who will be remembered at the Tuck Shop, has died at Grahams-town in her 81st year.

Frank Guest (1919—1924) turned 60 on the 14th March, 1967 and has retired from the Managership of Barclays Bank, D.C.O., at Avondale, Salisbury, Rhodesia. During his pre-retirement leave he and his two daughters much enjoyed a trip, over Christmas, 1966, to South America in the "Reina Del Mar".

On the strength of his first year B.Sc. Chemical Engineering results at the University of Cape Town — he got firsts in Chemistry, Physics and Applied Maths and a second in Pure Maths — **Tony Butler** has been awarded a scholarship of R600 p.a. by Oceana, a consortium of fishing companies. Since Tony has always been mad keen on fishing, yachting and surfing, the award seems singularly appropriate.

NEIL PURDON

"There was more than Kiwi courage behind that swashbuckling 74 in 77 minutes by Neil Purdon for Western Suburbs districts on Monday. Purdon is a South African, and it's not so many years since he was representing Eastern Province schoolboys. Purdon (26) played senior cricket in Port Elizabeth before setting out on a world tour which took him to Kent, England, for a year before bringing him to New Zealand.

He has since married a Gisborne lass and is settled now in Auckland. He finds the average cricket pitch worse than in South Africa "because of the weather" and feels that cricket here misses out because the schoolboys aren't dedicated enough. Purdon has been a valuable player for Western since coming over from the Blockhouse Bay City and Suburban team. His 74 followed up a performance of 7 for 33 against North Harbour."
