Dear Tony,

Attached is a copy of a letter of mine to Mrs Tambo in London.

Let us discuss the matter together with other subjects when we find an opportunity for a meeting after you have returned from Zambia.

Yours sincerely,

(S. Bangert)
Deputy Secretary General
Director of International Division

Dear Comrade Tabo,
we were very surprised to receive the enclosed correspondence especially since we have always experienced difficulties working with the FES. I am sure such a book will attract dozens of better qualified (or deserving elements) organisations or governments e.g. Algeria, India, Zimbabwe, Sweden etc. who will be very willing to pay for such a historical book. I believe the project requires serious re-consideration!
