On behalf of the Natal Cricket Board and the South African Cricket Board, |
welcome all participants to the North Zone B tournament with the hope of a
pleasant week of cricket. It is regretted that Griqualand West had to withdrawâ\200\231
from the tournament.

Non-racial sporting bodies are presently inundated with two major problems.
Firstly, lack of sponsorship, business concerns and industries shy away from or
discriminate against non-racial codes. Now is the time that it should be clearly
pointed out (if it is not already known) that our support is very vital to any
business or industry. The motto for mutual co-operation should therefore be
â\200\234support those that support us.â\200\231â\200\231 Non racial bodiesâ\200\231 sh
ould actively ne G
themselves in practicing the above adage.,

Secondly, greater participation is expected by players and administrators in
non-racial sporting events, be it local, district or inter-provincial. Do not play
non-racial sport on the one hand and support multi-national and racial events
on the other. Let us not be hypocrites to the non-racial fold. Our participation
should eventually embody all non-racial issues.

Remember only a non-racial society can be a prerequisite to non-racialism in
sport.

Cricket is alive and well and kicking like it was. That in a gist is the state of affairs at South Africa Cricket Board level. It was never as good as this before and it is mainly due to the untiring and visionary attitude of that one man whose likes I was never seen before and a gap that will take long to fill and the man I am referring to is none other than Mr. H. Howa.

I do not think anyone in his wildest dreams gave us a chance to pick up all the broken pieces and then slowly put them together again. It required a Herculean task and we made it. And here we are in the season 1979/1980 and our third a\200\230a\200\231Bâ\200\231â\200\231 section inter-provincial tournament.,

Lest we forget the contribution of the many thousands of schoolboys and senior cricketers who, let it be said are denying themselves those a\200\230a\200\230green grasses of Jerusalemâ\200\235 and posh clubs because they are prepared to a\200\230Stand up and be countedâ\200\235 and not suffer any form of indignity that this apartheid-ridden country has to offer for the greater glory of a free and just society which we all know will be attained through sacrifice. The fruit will be very sweet to you but bitter for the opportunists. Having been one of the hardest a\200\234hitâ\200\231â\200\231 provinces we are making a slow but determined effort to regain some of the lost prestige.

To all the cricketers who will be participating in the tournament I wish them lots of luck and especially to the defending champions the South African High Schools team. There is no doubt that if the standard in our schools is that high the future of South African Cricket Board is rosy.

Thank you.

Wessage from
â\200\234Journnanent Secretary

A very warm and hearty welcome from the officials of the Natal Cricket Board to all participants in this the third South African Cricket Boardâ\200\231s North Zone â\200\230Bâ\200\231 tournament.

Since the formation of the South African Cricket Board, this is the first time that Natal is hosting the tournament.

Griquas last-minute withdrawal from the tournament led to much disappointment. A Natal Invitation team unofficially replaced them in the tournament. Though, regretfully, emphasis must be made with regards to provincial units meeting their commitments in all tournaments.

We are sure by now you are aware of the abortive cancellation of the tournament welcome dance. We take strong exception in being given such vindictive treatment by a leading Durban hotel, more so at provincial and national level.

We must comment on the glaring absence of players and council members at inter-provincial matches and at the opening matches of the â\200\230Bâ\200\231 tournament. It is incumbent that these people be present at all matches to portray our â\200\230muscleâ\200\231 for non-racial sport.

To the visitors we apologise for any shortcomings during their stay in Durban. We wish all participants a pleasant stay and best of luck in the tournament.

In conclusion, we thank all officials, sponsors and friends for their contribution and encouragement in making this a successful event.

WHAT IS CRICKET?

To some people cricket is a circus upon which they may or may not find it worth while to spend sixpence; to others it is a pleasant means of livelihood; to others a physical fine art full of plot, interest and enlivened by difficulties; to others in some sort it is a cult and a philosophy, and these last will never be understood by the profanum vulgus, nor by the merchant minded nor by the unphysically intellectual.
