Drer Mr. Wilkinson,

We have received, with deep appreciation and sincere thanks, your
lector of August o, 1989, and the enclosed document addressed to our
President, Oliver Tarabo, who, unfortunately is out of the country.

Your letter reached us three days after the undemocratic elections,
Your prediction was almost correct as regards the CP. The r>P however
made a very good showing.

As regards the rest of your document, which is well researched, it
is true that so far all the stages undertaken by the apartheid regime
have failed and so will the five year plan. You are correct in saying
the regime should move "at the pace of" a hare rather than of a tortoise."
Our people both black and some white have suffered too long; h^sve
clamoured! for genuine democracy for decades and}because of this they
cannot afford to wait, for another twenty years.

The situation in the world, in the Southern African Region and in
South Africa has changed immensely creating conditions for a faster nÂ«
ce
of the process of the eradication of apartheid and the establishment of
democracy in South Africa.

T indeed thank you very much for your ideas and contribution which
will be of use to us.

Your*Â© sincerely,

ANTHONY WDN GALO

SECRETARY FOR PRESIDENTIAL AFFAIRS
