Dear Comrade Neo Mnumzana,

At noon today I received a phone caTT from a journalist of a wideTy read catholic monthly magazine caTTed 'Mondo Missione'. The purpose of his caTT was to findout if I woqu accept to do a press interview before him and two other journaTists with the participation of the MiTan based Con-siT General of the South African Embassy.

The journalist informed me that the ConsiT GeneraT has accepted. The interview is pTanned for the end of May in MiTan. In the past I have refused to be intimidated by the embassy and have forced them into backing out, this time they have accepted to take us on, what should I do.

Apparentiy the ConsiT GeneraT is new in this position, in the dipTomatic book he is Tisted as RoTand WiTTiam DarroTT, CounseTTor for Information, his tour to ItaTy began Tst October 1982. DarroTT's predecessor was caT-Ted Schutte. He in approximateTy two years ago chickened-out of a pu-bTic debate at the University of MiTan because we had accepted, just as weTT he didfwe had a fier day and 2&3? aTso the University to our side. PTease fax response soonest.
