Dear Comrade,

I, Juba Mfene, a member of the Radio Unit in Dar, have received a telegram from home informing that my mother died on the 31st of December 1988 and that my father passed away on the 18th of August 1987. It will be noted that in the almost twelve years since i left no contact was ever established. And, I, being the breadwinner with two children of my own who were in the care of my mother, would request that i be permitted to meet them either in Harare or Lusaka in June for that is the time they will be on winter holidays.

I would the movement would assist in this regard.

Thanking you in anticipation,

Yours in the struggle,

Juba Mfene.
