Dear Ms Aalto

Thank you for your letter dated 26/5/94.

My apology for sending you a list of sponsored students that had not been properly checked. I have now revised it. The first 17 students on the list are females, the rest are males. The total number of students is 25. Three students (S. Stofile,D.Selebi and.R.Chili) were sponsored twice. They did more advanced follow-up courses. Twenty four of the students are below 20 in age, only 1 is over 20. Standard ten or matriculation is the final year of Secondary(High) School and we made this a special case as she wishes to do a Technical Course afterwards. All the students are from the Johannesburg area.

If you have any other queries, please let me know.

. With regards.

Yours Sincerely
