Our Ref.No.SEC(Adm.)/18/72 14th March, 1972.

TO ALL OUR CHIEF REPRESENTATIVES AND
REPRESENTATIVES ON INTERNATIONAL ORGANISATIONS

Dear Brother/Sister.

You will recall that the last meeting of the enlarged National Executive Committee recommended, amongst other measures to be taken, the re-orientation of the international work of our organisation away from mere moral condemnation of apartheid to committed support for armed struggle.

Pursuant thereto and on the express advice of the enlarged NEC meeting, I am directed to inform you that the Secretary-General is currently scrutinising suitable names of people to be appointed to serve on the special committee soon to be constituted and charged with the specific task to draw and prepare recommendations on strategy and guidelines for external solidarity work of our organisation in line with the foregoing objective.

3. You are therefore called upon to send this office a comprehensive report of the activities of your mission to date, together with your comments and/or suggestions, if any.

It is imperative that this information should reach Headquarters within the course of the next fifteen days on receipt of this letter.
