Dear comrade,

Re WFDY 12th Assembly - Budapest November 23-29, 1986.

We are organising a delegation for the above mentioned event and within it will be the General Conferences of WFDY's agencies. One such will be that for the International Voluntary Services for Solidarity and Friendship (SIVSAJ) Nov. 24-5th, an agency responsible for the organising of the voluntary brigades and solidarity to various countries, especially national liberation movements.

We, therefore, invite your region to nominate a delegate candidate for the SIVSAJ Conference. Name and particulars to be sent within a week to facilitate visa processing and will advise you in due course about the international travelling arrangements but departure is from Dar es Salaam. We suggest Cde Keith Sithole from the Works Committee—given his experience but do not insist if you have another alternative with qualities which include preparation of a paper on the voluntary work within the ANC Settlements.

Most WFDY member organisation believe that such an experience will greatly enhance SIVSAJ's campaigns for solidarity brigades and material assistance to other people. Such a task therefore needs someone with a certain experience with Mazimbu/Dakawa projects etc.. A circular on the objectives of Conference to follow/enclosed.

In the Year of NK,

.....  
Claire Mokapi/Adm. Secretary.

c.c. Chief Administrator Mazimby.
