Dear friends,

The new library of the Solomon Mahlangu Freedom College was established in 1986 at Mazimbu, Tanzania. We are now in a process of acquiring relevant material for our readers.

I wonder, if you could send us two or more copies of each of your publications, since they seem to cover subjects that would be of great interest for our students and members of the community. If there will be a charge for them, please send us your invoice, too.

We'll much appreciate your help for the library, and hope to hear from you as soon as possible,

Yours in the year of united action for people's power,

---
