Attention: Arts Ecitor

EXHIBITION AT GALLERY 21 EXTENDED

Due to public interest, and to enable Art Critics who have not yet managed to see the exhibition, to see the works, Gallery 21 have pleasure in announcing that the current exhibition of Paintings, Drawings, Sculptures and Prints totalling 62 works, spread over 5 exhibition rooms, by:

JOHN CLARKE, ERNA BODENSTEIN-FERREIRA, JOHAN MCOLMAN,

JACOBUS KLOPPERS and WILLIAM STEYN

has been extended to Saturday, 28.11.87.

At the same time, as a parallel show, the best of the remaining sculptures in wood by LUCAS SITHOLE, as shown recently at Gallery 21, are on view in the adjoining 3 exhibition rooms until 30.11.87. SITHOLE is one of Africa's leading sculptors, in great demand by overseas collectors, and is represented in many important public and corporate collections in S.A. His next exhibition will only take place in 1989, so now is your last chance to

see this forceful exhibition.

December/January Programme: Summer 1987 Exhibition

A selection of recent works and collectors' items by leading and younger S.A. artists will be on view until 31.1.1988.
