ARCHIVES PROJECT

1. Our consultant, John Pampallis, made his working visit to Tanzania in December 1991 and his report will be sent to you in due course.
2. I shall be in Tanzania from March 3-8, 1992 and will monitor the preparations being coordinated by Sinikka Sipila and Ike Maamoe for the packing and shipping of the archival and museum material to South Africa.
3. We underestimated the amount of material to be sent and have therefore to revise the budget. Furthermore, Ike Maamoe, our archivist at Mazimbu, who was to have repatriated in January, agreed to remain behind till at least the end of March 1992 to assist Sinikka Sipila with the collection and despatch of the material. We propose that he is paid US\$500 per month for three months (January to March). We request that this amount be paid to him in Tanzania by Sinikka Sipila.
4. With reference to the budget presented in the Project Proposal dated 11/11/91, we propose a revised budget as follows:-

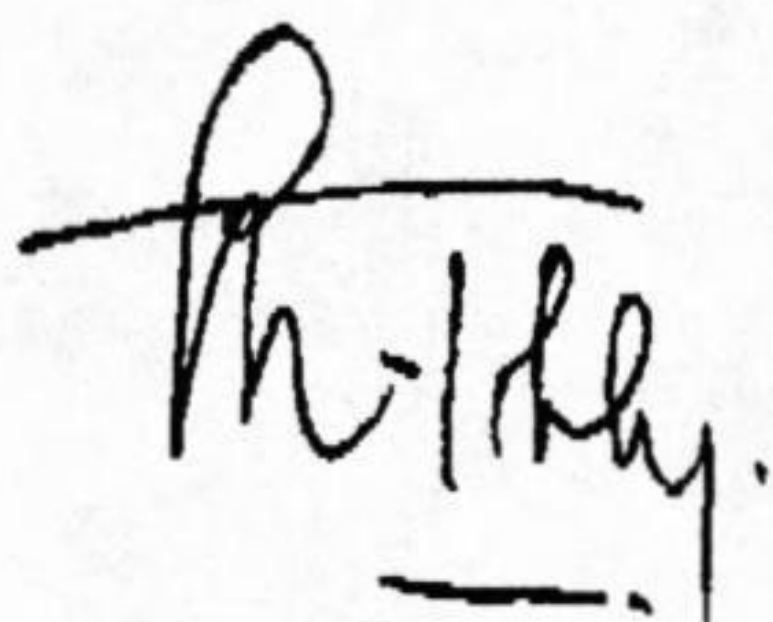

1 and 2 :	Travel and Accommodation	US\$ 2,330
3 :	Packing and Shipping	7,500
4 :	Assistant Librarian	14,833
5 :	Contingency	600
		<u>US\$25,263</u>

Notes on budget:

- * From budget lines 1 and 2, we have already spent R3648-00 (US\$1,351.00) in South Africa and Sinikka paid for John Pampallis's accommodation in Tanzania, amounting to . We would appreciate it if amount of US\$1351.00 could be sent to the Batlagae Trust either directly or through the Finnish Embassy in Pretoria. Our bank details are as follows:-
