

ANC REPRESENTASJON I NORGE

PRESS RELEASE OF THE AFRICAN NATIONAL CONGRESS.

22/08/90.

The ANC views the deliberately orchestrated state of violence that now exists in our country with grave concern. From reports we have received and as a result of our own investigations we believe that reactionary forces within the ruling group, including large sections of the South African Police, are engaged in a systematic campaign of destabilisation.

The people in the townships of the Transvaal have now lost complete confidence in the Police. We call on the government to take immediate steps to end this carnage and to disarm and arrest those responsible for these killings.

The ANC is directing our branches throughout the country to build formidable organisations with a view to defending themselves. We are also consulting our structures and our allies to explore the possibilities of other forms of action.

the ANC supports the various marches for peace being planned by the Women of South Africa for Saturday 25 August and urges all its members and supporters to participate.

Oslo, 24 August 1990

**Press Release of the African National
Congress. 22/08/90.**

The ANC views the deliberately orchestrated state of violence that now exists in our country ~~as a~~ ^{with grave concern} From reports we have received and as a result of our own investigations we believe that reactionary forces within the ruling group, including large sections of the South African Police, are engaged in a systematic campaign of destabilisation.

The people in the townships of the Transvaal have now lost complete confidence in the Police. We call on the government to take immediate steps to end this carnage and to disarm and arrest those responsible for these killings.

The ANC is directing our branches throughout the country to build formidable organisations with a view to defending themselves. We are also consulting our structures and our allies to explore the possibilities of other forms of action.

The ANC supports the various marches for peace being planned by the Women of South Africa for Saturday 25 August and urges all its members and supporters to participate.
