23rd December 1988

Jo Gibbons  
Press and Publicity Officer  
IDAF

Dear Jo,

Received your letter dated 2nd November informing that our office will be receiving copies of all IDAF publications. To date nothing has yet arrived.

We have just started, as you probably are aware, this office and are desperately short of resource and information material. We discussed our problem with Cecilia Höglund too when she was here recently.

Before placing any orders for additional material it would be helpful to know what is being sent. Does the despatch mentioned in your letter, for instance, also include a copy each of all the videos you have in stock or do these have to be ordered separately?

May we also request a potrait of President O. R. Tambo for our reception room. Jill Marcus informs that IDAF has copies and promised to arrange that one be sent.

Warm regards and best wishes for the New Year.

Respectfully,

Mohamed Hussein  
Chief Representative.
