RE: 8thembiso Jeffery Kume

Dear Sr/Madam:

On behalf of the African National Congress (ANC) of South Africa, I would like to appeal to your Scholarship Program to provide financial assistance for Jeffrey Kume. He is graduating this Summer from Rutgers University and has been promised admission at the New School for Social Research in New York to do his Masters in Urban Planning, the school has also promised to cover a portion of his tuition and we are asking you to help him finance the remaining part. Jeffrey is an active member of the ANC and has served the organization in different capacities. Since he joined the ANC at the age of 18, he has been a good example and a source of inspiration to many.

One of the good qualities that Jeffrey has is the preparedness to serve his people. He has demonstrated this on a number of occasions and now by his willingness to go school full time. to equip himself with the skills to rebuild our country. As you may know, Urban Planning is one of the fields that the vast majority of blacks are denied access to study, as a result only a handful is qualified to deal with the problems of our country and this makes Jeffrey' s admission into your program even more vital.

I have no doubt in my mind that after completing his study, Jeffrey will go home to South Africa to join the newly formed ANC's Department of Housing and Urban Development.

On its part the ANC is prepared to do whatever it takes to assist Jeffrey acquire the much needed academic educationa and skills, and we also hope that you will be able provide him with the necessary financial assistance.

Thanking you in Advance.

Yours Sincerely,

Tebogo Mafole,

Chief Representative.
